### WORK OF THE CHURCHES.

THANKS FROM HER MAJESTY-THE PULPIT ANNOUNCEMENTS.

Various Features of the Religious Work -Improving Churches and Building Others The Neuclus for an Endowment of a New Diocese-Who Will Preach.

Rev. Dr. Mowat preaches in Chalmers' church to morrow.

The congregation of St. Mark's church, Deseronto, has raised \$700 for general church expenses. Rev. R. J. Craig, of Descronto, lately

rusticating at Old Orebard Beach, has returned to his home. Rev. J. W. Sparling will officiate at both

services in the Sydenham street Methodist

church to morrow.

The fifth dominion anniversary of the salvation army, will be held at Kingston on Sept. 1st, led by Commissioner Coombs. Revs. S. G. Bland and R. Whiting preach in Queen street Methodist church, to morrow, morning and evening respectively,

The Anglican church at Wellington has been fitted up in fine style. A line organ was placed in it and the chancel handsoniely arranged.

The Bishop of Ontario has only secured the nucleus of an endowment for the diocese of Ottawa. The people of this diocese must make up the rest.

At the St. Lawrence camp, near Brock.

ville, meetings conducted by the Methodists are daily occurring. Rev. Dr. Shaw, Montreal, is in attendance. Rev. C. Lavell preaches and administers

the sacrament at Portsmouth to morrow night; Rev. S. G. Bland does similiar service in Williamsville in the evening.

On Saturday, the first sod of the French Catholic church, Cornwall, was turned by Rev. Father Kelly, the future pastor. Al ready over \$1,500 has been raised by subscription.

Rev. Dr. Williams, superintendent of the Methodist church, has received a reply to the address sent to her majesty. She received it graciously and desired that her sincere thanks be returned for the loyal and dutiful expressions of congratulation which it contained. Her majesty admired the taste shown in the preparation and binding of the address.

#### MARINE PARAGRAPHS.

Interesting Items Gathered Along the Harbour-Vessel Movements.

the Bay of Quinte by a collision with the tug Antelope, has been raised and taken to Deseronto.

The steamer Alexandria, which should have reached here last night, was delayed in the Cornwall canal. She will arrive to-

The schr. Mary Everett, which has been fast on a shoal, opposite Wells' Island, for some days, was released yesterday by the tug Curlew, of Ogdensburg.

The steel steamer, constructing at Deseronto, is nearly completed and will be launched in about two weeks. During the winter she will be got ready for navigation. It is expected that she will attain a speed of about eighteen miles an hour.

At Ratirbun's dock, the steambarge Anglin, barge Isis, and sloop Woodduck, from Deseronto, are discharging lumber; barge Minnie London, from Ottawa, is unloading lumber On Monday the steambarge Auglin will be loaded with ties for Cape Vincent.

by the revenue cutter Bibb for having more than 600 passengers on board. The gangways were closed and the passengers went | etc. There is a tent in which the museum off one way. They were counted and numbered 596. When this was learned a rousing cheer arose.

The steambarge Free Mason is safe in Sacketts' Harbor, wither she ran after the | in a lake of clear water, the flying gymnasnear Big Sandy. The barge sprung a leak | ivory-boned skeleton, Alice, Jumbo's widow, | when about ten miles from Stony Point on a troupe of Arabs, etc. Another with 3 her way down Lake Ontario. She became unmanageable. Her crew was taken off and she was cut adrift. The lumber on board belonged to the Oswego manufacturing company. The boat was owned by R. Davis, Kingston. The craft will probably be taken off the shore.

Lady McDonald, owned and commanded by Capt. Hargrave, Kingston, bound from Chicago to his home port, and laden with nineteen thousand bushels of wheat, sprang a leak off Big Point Au Sable. On Thursday she put about for Chicago, but on account of the high sea she changed her course for the east shore, and came to an anchor off Saugatuck, Mich. By steady work at the pumps the men managed to keep her afloat. The captain sent to Grand Haven for assistance, and the tug Batchelder took her in tow for Grand Haven.

Arrivals: Prop. Tilley, Duluth, 40,000 bush. wheat; schr. G. M. Neelon, Duluth, 23,000 bush, wheat; schr. J. R. Benson, Duluth, 23,084 bush. wheat; schr. T. R. Merritt, Duluth, 24,000 bush. wheat; schr. Albacore, Duluth, 23,000 bush. wheat; steamer Enterprise, Duluth, 26,400 bush. wheat; schr. Antelope, Duluth, 22,700 bush. wheat; schr. A. Muir, Duluth, 23,-000 bush, wheat; schr. A. Falconer, Toronto, 12,738 bush. corn.

Clearance: Schr. Singapore, Oswego, 186,855 feet lumber; schr. Starling, Oswego, 200,297 feet lumber; schr. Nellie Hunter, Oswego, light.

# NEWS OF THE RIVER.

Pullman to Build a Palace - The Lot

Owners Ready For Display. Ex-Governor Robinson, Massachusetts, wife and daughter, are at the Thousand Island Hotel, Alexandria Bay. The governor is enjoying the fishing. They are delighted with the scenery of the St. Lawrence.

George M. Pullman, wife, two daughters, two sons, maid and private secretary, are at the Thousand Island House. About fifteen years ago Mr. Pullman purchased Cherry island for \$40 and never made any improvement. He has come to erect an elegant cottage and make improvements in general. The plans of this cottage are already drafted, and next year will see one of the finest sum-

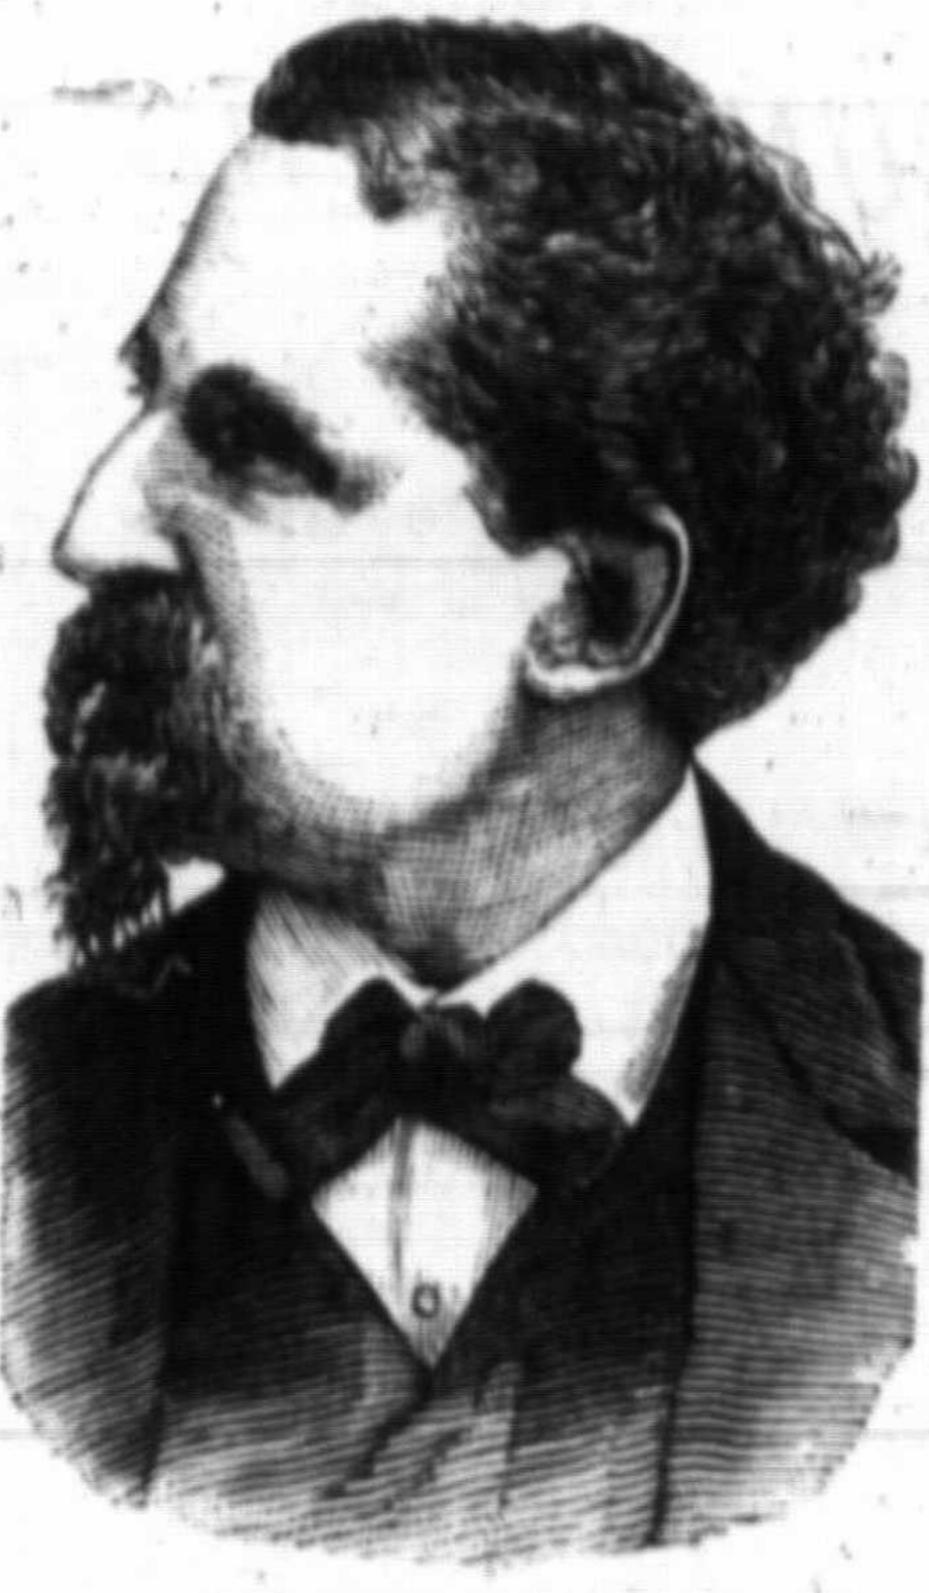

mer residences on the river. At a second meeting of the lot owners of the Thousand Island Park the committee on organization adopted a constitution. The new association open a channel through which lot owners can be heard and have complaints listened to, and requests entertained. Officers will be elected.

E. W. Estes, of Alexandria Bay, chartered the str. Sylvan Stream to run an excursion to Kingston and Glenora. Then Capt. Estes refused to run to Kingston claiming that Canadian law would not allow him to | doubt that his great intellect is breaking up | thence to Cataraqui school for the junior touch at two Canadian ports. Young Estes wired Canadian officials, and received an answer that they could land at both ports. The captain still refused to go. Mr. Estes estate yielding some £7,000, and from his classes there, thence go to Queen Street for She told the following story: "On the then asked him to proceed only to Lake on the Mountain, but the captain refused to go at all, and Young Estes lost all his money invested in bills and advertising.

Great sale of short jackets and shawls at Spence & Crumley's to-night.

CHAMPION OF THE WORLD.

He is a Scotchman by Birth Distinguished in More Than One Way.

CAPT. G. H. M'KENZIE.

The chess champion of the world was born in Scotland about fifty years ago. His military career began in the army of the United Kingdom. After selling his commission he came to America, where the civil war gave him the opportunity to distinguish himself on the field of battle. He proved to be an excellent soldier, and was Captain Mackenzie before the close of the struggle. As in the case of many others, peace found him under the necessity to work without delay for the necessaries of life. Then the soldier utilized the skill in chess which he had gained as a pastime. His ability was quicky recognized, and he succeeded in making a livelihood as a professional player and teacher of the intellectual game Since that time he has played in all the great tournaments, and with at least the distinction of place. He led in the first round in the Berlin tournament, and in the second in the London event. It was in the English metropolis that he earned his proud distinction as the champion player of the world, where he won fifteen out of twenty games, his antagonists being every great master of chess with the single exception of Steinitz. To the American chessplayer the fact that a citizen of New York has defeated such men The steambarge Nile, which was sunk in as Zuckertort and Blackburne is particularly gratifying.

### A WONDERFUL AFFAIR.

Barnum's Exhibition Bigger Than Ever it was-What it Consists of.

To understand what an enormous show Parnum has organized this year reflect upon the exhibition as last seen, said to be entirely too large. Then think of the additions made since, involving an outlay of over half a million dollars. The shows consists of 7 advertising cars in advance, upon each of which there are 30 men, or 210 in all. There are over over 24 advance agents of various kinds. With the shows are 800 people, and included in the latter are 300 performers. There are 28 tents, the largest 585 feet long and 350 wide, two of 300 feet each in length, and two of 200 feet. One of these is occupied as an elephant pavilien, containing a herd of elephants and various animals in The steamer Rothesay was seized recently leash. There are stables containing 500 draught horses and 115 ponies, and over 100 performing horses, besides 32 camels, etc., is placed, with giants, midgets, dwarfs, skeletons, fat people, armless and legless people, bearded women, long-haired women, etc. Captain Boyton's aquatic performances barge Minnie Francis which went ashore | ium, the reproduction of Jumbo, the big rings, an elevated stage, and the great Roman hippodrome, with its races. It requires 79 railroad cars to move all this material, including two double menageries, with 65 cages of birds, beasts and reptiles and 33 golden carved chariots. The parade is a grand affair, and will represent \$1,500,000 worth, covering over a mile of ground, and will take place on Monday, Sept. 5th, at 8 o'clock in the morning.

# A GREAT BRAIN DARKENED.

England's Great Art Critic and Erratic Philanthropist Nearing the End.

JOHN RUSKIN.

John Ruskin, England's eminent art critic and philanthropist, has became insane. Ruskin has always been what is felicitously termed in America "a crank." He is the son of a London wine merchant, and was born in London in 1819. A graduate of Oxford he devoted himself to painting at first, but soon returned to the paths of literary

brought Mrs. Severn to his bedside with a for the want of one or two schools with a about him because she knew nothing about | classes. Thus a girl entering Louise school, the Book of Esther.

ed, and last Thursday he was removed from | to Queen Street school for the junior third, Brantwood to a quiet retreat. There is no | then back to Louise for the senior third, and the end is not far off.

Ruskin has been always considered a classes. If the pupil entering Louise was a wealthy man, the income from his father's | boy, he could pass the first and second book works about £3,000 more. His pensioning | the two third classes, thence to Cataraqui | night of Aug. 19th she gave birth to the of broken-down writers, artists and poor or Gordon Street for the junior fourth, and | child in her bed. She afterwards went to people, and purchase of valuable paintings | thence to the model school for the senior | sleep, and when she woke up towards mornhas largely impoverished his fortune, and he | classes. It is to be hoped that when the | ing the child was dead. She wrapped it up in

Cashmere stockings, cheap at Laidlaw's.

# TALK OF SCHOOL DAYS.

SOME TRUSTY SERVANTS OF THE BOARD OF EDUCATION.

Passing From View But Leaving Behind. Tender Menfories The Improvements Effected in the School System - The Schools And Teaching Staff as They Are To-day.

Article No. 2.

Other worthy principals succeeded Mr. Gordon in charge of the highest boys' class in the public school, of which I might make mention of Messrs. James Scott (now Waubashene), and W. Tandy (late editor of the British Whio), who labored well and faithful in different sphases in life and was then called to enter into rest. The late Dr. McCammon (ex-mayor) was also principal of one of our public schools. Another was the Rev. Fred. C. Prime, now of All Saints' church, and James H. Metcalf, M.P.P., (who always has a word for his old school boys wherever he meets them) and some other principals of whom I have not time to write. In 1871 the present inspector, AV G. Kidd, was placed in charge of the highest boys school. Of him more anon.

But I must return for a moment to Miss Cranston, who, as I previously remarked, divided the honors of our public schools with Mr. Gordon. Those who knew the public schools of Kingston in these times can recollect the talent and energy displayed by Miss Cranston, and the pleasure it afforded them to attend the - public examinations of her pupils, many of whom served the city well and faithfully in their turn as teachers. After a time Miss Cranston resigned her position to enter the matrimonial state, and other good and worthy teachers succeeded her, of whom I might mention Misses Shenick, Simpson, Rose, McIntyre and Miss Holmes, the present lady principal of Louise

Another marked change took in our pub-

lic schools when 'the model school was es-

tablished in the fall of 1877. When Mr. Kidd was made inspector the board had no other teacher in its employ holding a first class certificate, and among all the lady teachers at that time only two (Miss Mc-Intyre and Miss Crawford) were the holders of second class certificates. All the other lady teachers held thirds or permits. The inspector's time was all taken up in arranging and examining classes, and directing the several teachers in their work, but he was no longer in immediate charge of any special class or school as a teacher. His business was to advise and direct the teachers in their work. The clauses of the amended school act of 1877, referring to model schools, provides that the principal of such school must be the holder of a first class certificate, and that at least two of his assistants must hold rank not lower than second class. The school board was again fortunate in securing the services of a good teacher in the person of Mr. W. J. Summerby (now public school inspector of the united counties of Prescott and Russell) as principal for the model school. His first assistant was Mr. J. S. Woods, who hailed from Brampton, and to properly fill the bill the board-had- to transfer Miss Crawford from Gordon street school to the model, and under the guidance of an inspector who was enabled to devote all his time to his work, and by the establishment of the model, and the excellent discipline of its principal, our public schools began to take another step forward, and the beard set to work to encourage teachers to obtain higher grades of certificates, offering them re-engagements in case they had to give up teaching for that purpose. Some of them dropped out for a time, on those conditions, and on obtaining a higher grade were again engaged by the boards. A few, by dint of labor and application, obtained their honors without giving up their positions, and a few left its employment, and to-day among all the lady teachers in the employment of the public school board none hold rank below the grade of second class, many of whom are class A, while five hold first class certificates and nearly all the lady teachers and all the male teachers, with but one exception, have rechived a Normal school training. When Mr. Summerby resigned his position in the Model school, to accept the appointment of inspector for Prescott and Russell, he was succeeded by Mr. D. McArdle, and he in turn by Mr. Isaac Wood, B.A., who gave up public school work to establish, in connection with Mr. J. B. McKay, the late writing master, the Dominion Business college in our city, and of it our citizens feel proud on account of the excellent work it is doing and the rank it holds among similar institutions. In the model school Mr. Woods was succeeded by Mr. Roat, and he by the present principal, Mr. Rowe. That the model school has done good

work since its establishment, and that it has a worthy rival in the Louise school, under the talented lady principal, is shown by the number of pupils that from time to time pass the entrance examinations, and also obtain third class and second class

teachers' certificates. And now for a word about the local superintendants and inspectors. When I first knew our public schools that position was held by Mr. R. S. Henderson, who afterwards, I think, removed to Napanee. He was succeeded in office by Rev. Andrew Wilson, late of the Brock Street (Cooke's) Presbyterian church, now of Toronto; and he in turn was succeeded by Prof. Weir, of Queen's colltge, next by Mr. S. Woods, M.A., late rector of Kingston Collegiate Institute, who held office from 1866 to 1871. In 1872 N. F. Dupuis, professor of mathematics of Queen's university, undertook the duties of public school inspector. Up to this time, although in most of the schools the pupils were under senior and junior divisions, each teacher had several classes under his supervision, and his time had to be divided among them. But when the model school was built Prof. Dupuis commenced the system of grading classes on competitive examinations, but could not spare time enough from his university duties to compete his scheme. He was succeeded in 1876 by the present inspector, Mr. W. G. Kidd, who was premoted from the office of chief teacher or principal to that of inspector, and who, since that time, has devoted the whole of his time and energy to the duties of his office. Under his arrangements, Kingston possesses a system of graded classes in her public schools. But to carry out that system the pupils had on promotion A despatch to London about a month ago | to be sent round from one school to another, after passing through the part first and part Recently Ruskin's condition has improv. second and second class, had to be transferred fourth, and back to Louise for the senior

schools will on being removed from such school. be promoted to the Central school, there to finish their public school training.

Besides the gracing of classes another good scheme, perfected during Mr. Kidd's inspectorship, has been the grading of the salaries of the teachers. Before this was accomplished the salary was named for each teacher, sometimes without respect to the amount of labor performed, class taught, or position held, and oft-times causing unpleasantness to the trustees, or jealousy among the teachers on that account. Now the teachers are promoted according to rank, or order of merit, the promotion carry. ing with it the salary attached to the grade. I do not believe that there is a public school beard in Ontario that has in its employ more painstaking, hardworking, honorable and able inspector than W. G. Kidd, but the question occurs to me, Is the remuneration he receives in the shape of salary in keeping with the amount of work which he has to perform?

I have referred to the schools, with their superintendants and inspectors, and some of the teachers and pupils, and before I close let me refer for a few moments to the secretaries. The first one I knew was A. J. O'Laughlin. I made his acquaintance early in the fifties. He was an excellent officer, was well read, and, inclined to literature, he dropped his mechanics tools and studied theology. He was ordained a clergyman of the Episcopal church by Bishop Lewis, of this diocese, gave up the secretaryship, was appointed to a parish, did his duty as a clergyman, and a few years ago "entered into rest." The next was William Armstrong. I knew him in the forties as an auctioner, afterwards as a journalist and publisher, and proprietor of the Commercial Advertiser, On being appointed to the secretaryship of the school board he held the office until death called him home. The next was my old friend Mr. James R. Burke. He, too has been called to join the ranks of the great majority. He was succeeded in office by the present secretary, Mr. S.S. Phippen, "the genial Sam," who makes an efficient and obliging officer, zealous at all times to uphold the interest of the public school

And now I have done, and if what I have written will enable the reader to call up any pleasant memories of the old school days, or the prospect of pleasant days to come in connection with another marked time, expected in the opening of the new Central school, I am well repaid for the time which I have spent in writing up the "times that were."-O. E.

### PERSONAL MENTION.

People Whose Movements, Sayings and Doings Attract Attention.

Mr. Tuttle, of Syracuse, is visiting his cousin, Officer Tuttle.

Judge McGuire and family are staying at the British American until Tuesday.

Rev. J. Kines and wife, of Sherbrooke, were called to Ottawa by the death of Mrs. Kines' mother.

Miss Crawford, Foxboro, and Miss Thrasher, Sydney, are the guests of Mr.

Elliott, Division street. E. Coste, governmental geologist, went north last night to inspect the mines along the line of the Kingston & Pembroke rail.

The governor-general is expected in Toronto on the 6th of September. The viceregal party will be the guests of Sir Alex-

ander Campbell. Mr. Carey, bandmaster of the 14th battalian band, has been offered a handsome salary to take charge of a band in Bowman-

Lieut. A. D. Cartwright, Lieut. W. Hora, Corp. W. Swaine and J. Watson left for Ottawa to attend the Dominion Rifle Association matches which commence Monday morning.

Dr. E. Foxton, graduate of Queen's university, member of Royal College of Surgeons, England, has assumed practice in Ingersoll. Dr. Foxton spent the past three years in England walking the hospitals.

Mr. W. H. Weir, son of William Weir, president of the Ville Marie bank, has been elected a member of the Montreal stock ex change. The exchange has forty members and no more. Mr. Weir's seat, a vacancy,

cost him \$5,000 The following graduates of Queen's college have gone west to take positions: Mr. W. Nicol, B.A., science master, Guelph collegiate institute; Mr. W. Clyde, M.A., English master, Petrolia high school; Mr. John Marshall, classical master, Essex Centre high school; and Mr. Herbert E. Horsey, M.A., science master, Ingersoll

#### high school. ADOPTING A CONSTITUTION-

The Young Men's Christian Association to be Managed by Directors.

The meeting of the association last even ing fairly hummed with business. The important event consisted in the adoption of a constitution, placing the business management in the hands of a board of fifteen directors. The change will aid in enabling the work to be done on an economical working basis. The members who were elected to become directors were : G. E. Hague, B. W. Robertson, Dr. W. G. Anglin, G. S. Fenwick, E. C. Hill, Shore Loynes, H. A. Calvin, George Mills, A. J. McMahon, L. R. Montgomerie, T. Savage, G. M. Macdonnel, and W. Hobart Dyde. The first meeting of this board will be held next Monday at four o'clock, when officers will be elected and by-laws for government adopted.

Two new active members were elected last evening. Preparations for the coming season's work will now be made. As much as possible will be done in the present rooms although there are several lines of work that could be carried on were the association in better quarters.

The president will conduct the men's meeting held at the rooms to-morrow afternoon at 4:15. The effort to make this meeting large and attractive will still be con-

# IN MEMORIAM-

The Late Mrs. John Mooney.

After a very brief illness, Mrs John Mooney died at Portsmouth last evening. Her sickness lasted only one day, Friday. On the day previous she was in the city, and had just returned from a visit to Picton. She seemed to be in good health up to the day she was attacked. She has been a resident of Portsmouth for many years, and was highly respected by all her acquaintances. She was religious, charitable and kind in disposition. Her death is greatly retrained nurse. He refused to have the nurse | sufficient number of rooms for graded | gretted, and the sympathy of the public is extended to the family in their distress.
