

CIRCLE OF THE CHURCHES

THE WORK DONE BY THEM AT THE PRESENT TIME.

The Pulpit Engagements For To-morrow - The Methodist Ladies Elect Officers For the Missionary Society - Meeting of Anglicans at Picton, And What They Arrived at.

Rev. Mr. Thompson preaches at the depot Methodist church to-morrow at 3:45 p.m.

The congregation of St. Andrew's church, Seymour, has presented Rev. Jacob Steele with a fine horse.

Rev. G. M. Milligan has returned from his transatlantic tour and resumed his ministerial labors.

Rev. M. McGilivray will deliver his inaugural sermons in Chalmers' church to-morrow.

Mr. Danmore, of Savage's band, takes Rev. W. Sparling's work to-morrow. Mr. Sparling is absent in Toronto.

Rev. Dr. Jackson officiated at the installation, on Thursday night, of Rev. F. H. Marling as pastor of Emmanuel church, Montreal.

The Kingston presbytery meets on Monday afternoon in St. Andrew's hall. Missionary work will be a leading topic for consideration.

Rev. D. Macdonald, returned missionary from Japan, and wife passed Kingston yesterday en route to New York, where they remain several months.

Many of the pastors are considering the subject of holding evangelistic services during the fall and winter. The members are being consulted with.

Rev. Prof. Ferguson has returned to the city. He supplied the pulpit of Rev. E. B. Millard, of Lansdowne, while that gentleman was absent in England.

The tenth annual provincial convention of the Ontario women's christian temperance union will be held in Napanee commencing Oct. 11th, and continue three days.

The book committee of the Methodist Episcopal church has chosen Dr. George R. Crooks, of Madison, N.J., to succeed the late Dr. Daniel Curry as editor of the Methodist Review.

The Brockville presbytery has dismissed J. J. Stiles, a student at Morton, received on false representations. He is unworthy of confidence, and the church is so warned through the press.

Last evening the children of Chalmers' church were entertained at tea, and afterwards addressed by Rev. Mr. McGilivray, Messrs. G. S. Fenwick and A. P. Knight. The children heartily greeted their new pastor.

Rev. J. W. Sparling, B.D., will officiate at both services in the Sydenham street church to-morrow. Subject for the evening: "Elijah at Horeb the Mount of God."

Third of a series on Elijah the Tishbite. The Bay of Quinte clerical union held an interesting meeting at Picton this week.

There were services in the church each evening with addresses. The services were characterized by good attendance, and marked interest taken in the addresses.

Rev. R. Whiting preaches in the morning in Queen street Methodist Church and Rev. S. G. Bland in the evening. The Third Methodist church pulpit will be occupied by Revs. Bland and Whiting morning and evening.

Rev. Dr. Jackson is the senior clergyman among "dissenters" in the city. He has been pastor of the First Congregational church for a little over ten years.

Nearly every church, outside of St. Paul's, has had a change during the past four years.

Church associations, for the benefit of the young people, will be organized during this month. The young people of Sydenham street church are hopeful of having a suitable Sabbath school building now that the remodelled church scheme seems to be practically dead.

Last year the Methodists raised over \$200,000 for missionary purposes. Again, this year, they will strive to reach the "quarter of a million mark."

The Salvation army across the lines, wishing \$25,000 for special work in New Orleans, raised it by "a week of self-denial." During this week they abstained from everything not necessary to life with reasonable comfort.

We are not in love with some of the methods of the army, but this is a much better way to raise money than some plans adopted by congregations. A week's self-denial would do them more good than tea-meetings. A dozen men in each congregation, leading consecrated and self-denying lives, would soon make a revolution in the church.

Bishop Hurst contributes to October Harper's, from fruits of his Eastern tour, an illustrated article on "A Dead Portuguese City in India." The marvellous religious romance of Francis Xavier and the Jesuits, whose passion for souls accompanied the invasion of gold-hunters, may still be read, in crumbling ruins of magnificent cities, splendid palaces, stately cathedrals, and noble monasteries. Goa and Bossen, deserted cities, furnish a vivid picture of missionary enthusiasm three centuries ago.

Among grass-grown streets, vine-clad fountains, and decrepit dwellings, are mingled churches whose splendor still lurks in great windows of tiny pearl oyster panes, in elaborate sculptures, and richest ornaments. These relics of the Portuguese past do not repeat themselves; each has well-defined individuality. The sacred edifices were in all stages of decay. Even the palaces are utter wrecks.

The annual meeting of the local branch of the Women's Missionary society in connection with the Methodist church was held in the Sydenham street church yesterday. The officers-elect are:

President - Mrs. Whiting. Vice-Presidents - Mrs. E. Chown and Mrs. W. McRossie.

Recording Secretary - Miss L. Chown. Corresponding Secretary - Mrs. R. K. Funnell.

Treasurer - Mrs. W. Skinner. Committee of Management - Mrs. A. Rockwell, Mrs. Dr. Herald, Mrs. E. Adams, Mrs. McCannon, Mrs. E. D. Chown, Miss M. Shaw, Mrs. King and Mrs. Liffon.

There are seventy-four annual members and nine life members. The society raised during the past year \$394.37. Mrs. E. Adams was appointed delegate to attend the meeting of the eastern branch of the society which is to be held in Cornwall in October.

A CALL FOR SOLDIERS.

Forty Men To Be Enlisted From Each Battery - The Officers Proposed.

This morning an order was received from Ottawa calling for the selection of forty men from "A" battery, to be sent to British Columbia to garrison "C" battery formed there. A similar number will be taken from "B" battery, Quebec. This drafting is made because men cannot be secured in sufficient numbers to enlist for service in the far west.

As soon as the order was promulgated the commandant asked for volunteers to report themselves. The government allows fifteen married men to go from each of the corps.

"C" battery, it is said, will be under the command of Lieut.-Col. Holmes, with Capt. Peters, of "B" battery, and Lieuts. Benson and Ogilvie, of "A" battery, as the other officers.

The interesting marriage ceremony was conducted by the Rev. Mr. Ostrom, of Picton, in the midst of about one hundred guests.

Mr. A. E. Paul - Miss Olive Williams.

THE CIVIC COMMITTEE.

One of Them Without a Quorum - Repairs Ordered to the City Buildings.

A meeting of the streets committee was not held yesterday afternoon, there not being a sufficient number of aldermen present to transact business. The chairman, Ald. Thompson, and Aldermen Muckleston and C. Robinson were present. A number of applications from citizens for drains were referred to the city engineer for consideration.

In the evening a meeting of the city property committee was held in the city clerk's office. There were present Alds. Hiseock, (chairman), Rees, Snowden and W. Robinson. It was agreed to make the following recommendations to the council: That the tender of T. W. Milo, for painting the interior of the city buildings, be accepted at \$80, no graining to be done; that 60 cords of wood and 30 tons of coal be ordered for the city buildings; that the request of the messenger for a water works pipe, at a cost of \$18, be granted, and that the dome of the buildings be repaired at once by a reliable and capable mechanic. Savage Bros. tendered for the painting of the city hall, but their figures were received too late and were not read by the committee.

PUT IN A DEFENCE.

The Act Said to be Not in Force - Fines in Court For Disposal.

The defence of the county council, sued by the license commissioners for its share of the expense of the enforcement of the Scott Act, has been put in by its counsel. The defendants deny that they are bound to pay any part of the expenses, and that they cannot levy a rate for the amount required. It is held that the law passed by the Ontario legislature, for the payment by county councils of two-thirds of the expense, is ultra vires, and that the Canada Temperance act is not in force in Frontenac, as the act was repealed when it was consolidated by the dominion government. The sum of \$150, fines collected and paid to the county treasurer without lawful authority, is brought into court for lawful disposal by the judge.

A Radical Change.

"I had got so bad with dyspepsia that I hardly cared whether I lived or not," says Frank A. Swain of the Toronto Globe office. Three bottles of Burdock Blood Bitters cured him and he says, "it now seems a pleasure to live."

SUTHERLAND'S CHARGE.

IT IS NOT SUSTAINED BY THE FACTS OF THE CASE.

The Knights of Labour Innocent of Wrong Doing - A Member of the "Whig" Staff Saw Everything, and Seeing is Believing - Fair Play is a Jewel.

KINGSTON, Sept. 17. - (To the Editor): In an item in Thursday's issue under the heading of "Making a Bogus Charge" the statement is misleading, the only truth being that I unsparringly denounced the cowardice of the two fellows who waylaid and attacked me, an invalid of several years standing. I know them well and recognized them while endeavoring to conceal their identity under the trees on William street, near Wellington. While crossing Wellington street several stones were thrown at me in rapid succession. The whiz of the stones as they passed close to me indicated that the throwers were not sparing of their strength. The ruffians then took to their heels and soon disappeared. From this it will be seen that they intended to inflict serious injury on me. You assert that there was a wages trouble. This is incorrect, as Mr. Sutherland was paying the highest wages, in some cases 25 cents per pair above what was being paid elsewhere in the city. The trouble arose in consequence of certain interior arrangements not being made to suit a few malcontents. These demanded that some workmen, who were objectionable to them as competitors, be discharged and sent adrift, so that a little ring or corner could control matters according to their own ideas. Their demands were not complied with and some of them vacated their places. Outside assistance was immediately proffered, and little or no inconvenience has been experienced through the action of the men. Trusting that you will set matters in their proper light by giving this publicity, I remain, yours respectfully, R. SUTHERLAND.

An Emphatic Contradiction.

A desire for truth compels a member of the Whig staff to give an emphatic contradiction to the statement of Mr. Sutherland. This member was with the men referred to by Mr. Sutherland, and on Sunday, on Wednesday night, and is familiar with all the facts. The men were on their way home from a meeting of the knights of labour, and were discussing the demonstration which the order has proposed to hold on the 25th of September. Near the corner of Johnston and Wellington streets they passed Mr. Sutherland, but no one spoke to him and but one of them knew him. When about 100 feet ahead of Mr. Sutherland they heard him shouting, and turning around, saw him in the gas light gesticulating. They stood and asked one of the other, "What's the matter?" No one was seen near him - as a matter of fact no one was near him - no one was heard to run away, and no sound of falling stones or missiles struck the ear. One of the knights suggested that the party go back and see what Mr. Sutherland was making a noise about, but as Mr. Sutherland was seen to approach his home, suddenly calmed down, they concluded that there had been a false alarm and went on. They did not go down William street and therefore could not have hid beneath the trees. Fancy the surprise of one of them to receive a visit from Mr. Sutherland at his place of business next day, and to be threatened with prosecution if he ever "did anything like that again." He was not openly charged with waylaying Mr. Sutherland, but felt that that was the meaning of the language used towards him, and quite properly placed his case in the hands of a lawyer. The charge against the knight of labour and his companions is false, and this fact will be clearly established if an investigation be had into the case. As for Mr. Sutherland's differences with the knights of labour, they, too, are incorrectly stated. If Mr. Sutherland wants to fight the knights he must do it fairly.

Supporting Union Men.

At a meeting of the knights of labour, Local Assembly No. 9,452, the following resolution was unanimously passed: "Resolved that the members of this assembly do pledge themselves to buy goods only from those bakers and shoemakers who employ union labour; and further, that we will not deal with any grocer who handles bread of non-union employers; and that a copy of this resolution be published in the city papers."

AN EXCELLENT FALL SHOW.

The Exhibits at the Gananoque Fair - Making an Honorary Member.

The Gananoque exhibition, on the first three days of this week, was most successful. The entries numbered 1,237 as against 1,264 in 1885 and 1,261 in 1886. The show of ladies' work in the upper part of the building was a credit to the ladies of the neighborhood. In the other departments most excellent exhibits were made. W. A. Webster, of Kingston, had a collection of grain in the straw from the North-West. These specimens were taken from fields ranging from 500 to 4,000 acres in extent, and are fair samples of the whole, and not picked for a special purpose. They include wheat, oats, barley, flax and hay.

The show of horses and cattle was good. Among the horses were the stallions of the Lansdowne Percheon horse association and the Gananoque Clydesdale horse association. There were also a fine lot of colts bred from these and other horses. In cattle there was a good show considering the season, all of which appeared to be in fine condition. Great interest was taken in the thoroughbreds, especially in T. C. Stark's herd of Durhams and Wm. Byers' and E. H. Ellis' show of Jerseys, the latter of whom captured no less than five prizes in this class. The show of sheep and hogs was also fair.

Miles Wright's baby, who took W. McKenzie's prize for the best baby not over one year old, is to be made an honorary member of the horticultural society.

SPORTING INTELLIGENCE.

The Base-Ball Gossip - Standing of the Leagues - General Notes.

WATERTOWN, N.Y., Sept. 17. (Special). - The Kingston and Malones played an exhibition game at the county fair in this city yesterday afternoon before an audience of 4,000 people. The game was one of the best ever witnessed in this city. The Malone team played an excellent game, pounding Young all over the field. The Kingstons did themselves proud in the field and the work of Traynor was loudly applauded. He caught several fine flies. The Kingstons scored one run fairly, but the umpire, Dave Manson, of this city, did not understand the rule and called the player out. He afterwards admitted his mistake. The feature of the game was the hard hitting of the Malone sluggers and the splendid field work done by the Kingstons. The game was exciting and interesting throughout.

Malone scored two in the first on a fumble, Fleishman was hit by a pitched ball, and Doyle got a two-bagger. Allen, Young and Osterhout hit safely, then Jamieson hit to the pitcher forcing Allen out at the plate. Doyle took Garrett's foul tip and doubled up Young at third. The bases were full, no one out, yet the Kingstons could not score.

Malone made one in the fifth on Allen's low throw to first, and two sacrifice hits, and another unearned run in their sixth. They batted out three in the eighth, being their only earned runs, also on their last on a fumble, a steal and a two-bagger.

Kingston made one run in the sixth, but Umpire Mansell would not give it. Young and Osterhout went out at first, Jamieson made a clean hit, went to second on Garrett's scratch hit, and came home on Goodryder's throw into the crowd on a ground rule giving two bases on a blocked ball. The ball was returned to the catcher and the umpire gave Jamieson out. Later in the game he admitted that he was wrong. Somers caught a splendid game and threw well to bases. Trainor played a great game.

The teams were: Kingston - Allen, ss.; Young, p.; Osterhout, 3b.; Jamieson, 1b.; Garrett, 2b.; Trainor, c.f.; Ambach, r.f.; Somers, c.; McMillan, i.

Malones - Goodryder, ss.; Riordan, c.f.; Fleishman, c.; Doyle, 2b.; Stafford, p.; Mc Guirk, 3b.; Aldrich, l.f.; Daisoe, r.f.; Flack, 1b.

There were only eight base hits made off Young, and nine, with a total of eleven off Stafford. Young struck out four and Stafford one. Each catcher had a pass ball. The Kingstons had seven errors and the Malones two.

THE SCORE WAS: Kingstons... 0 0 0 0 0 0 0 0 0 Malones... 2 0 0 0 1 1 2 1 1-8

The Umpire Was Wrong.

The New York Clipper, in answer to a correspondent who inquired as to the correctness of umpire Sagendorf's decision in a match, Belleville vs. Kingston, in giving Lyons out after officiating at a ball, but without hitting it, he being the wrong man at bat, replies:

"J. E. D. Kingston - The umpire was wrong, the proper batsman being at liberty to take his position after the error was discovered. The batsman striking out of order would have been put out if he had made a fair hit."

The Ottawa and Royal military college cricket clubs are playing at the college grounds. The cadets went to the bat and at noon had made 36 runs with all the wickets down. The Ottawas are now taking an innings.

The Belleville Intelligencer does not think the Canadian league proposed by the Whig would work, "as the western cities (except Guelph) are too heavy financially for the other places, which could not pay salaries large enough to attract players equal to theirs. Again, the receipts at the smaller places would not pay the teams from the larger places. A more workable circuit would be: Port Hope or Cobourg, or both, Lindsay, Peterborough, Belleville and Kingston, with perhaps Ottawa added."
