

MEDICINES.

"Cheap Drugs are" "the dearest things" "on Earth."

The Advantages of Morse's Carbulated Cod Liver Oil.

It is believed that the not unfrequent and discouraging failures of plain Cod Liver Oil and other tonic and alterative treatment to cure consumption, grow out of the fact they have no positive power to arrest the decay of the lungs; that while Cod Liver Oil supplies the waste of adipose tissue and vitality that the disease has made, as no other known substance can, it does not exercise any controlling power over the disease itself; it only gives Nature a fair chance to work her own cure. *Something more is wanted—SOMETHING TO ARREST THE DECAY OF THE LUNGS.* *THE DEAREST THINGS*—some prompt remedial agent that shall act directly upon the disease to check it while the Cod Liver Oil is building up the system. This important addition we have in Morse's Carbulated Cod Liver Oil. The power of Carbolic Acid, to arrest decay—something marvelous. The destruction of matter cannot proceed where it is administered. Its disinfectant, purifying and cleansing properties are truly remarkable, and have been of the greatest practical value to medical men. It is palatable, and now put up in bottles holding a full pint. Price, \$1. Formula on every label.

We have on hand constantly a fresh and complete stock of
DRUGS, FANCY GOODS, PERFUMERY, ETC.

Also all the leading Patent Medicines, and a full stock of Paints, Oils, Etc., &c. Prescriptions carefully dispensed. Good value guaranteed. Favor us with a call.

"It Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I can not say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles."—E. Bragdon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various cough balsams and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral.

I did so, and am happy to say that it helped me at once. By continued use this medicine cured my cough, and I am satisfied, saved my life.

Mrs. E. Coburn, 18 Second St., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave, had it not been for this medicine. It has cured me of a dangerous affection of the lungs, for which I had almost despaired of ever finding a remedy. D. A. McMullen, Windsor, Province of Ontario.

Ayer's Cherry Pectoral saved my life. Two years ago I took a very severe cold which settled on my lungs. I consulted physicians, and took the remedies they prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral. Two bottles of this medicine completely restored my health. Lizzie M. Allen, West Lancaster, Ohio.

One thing badly wanted in Gananoque is a new process flour mill, similar to that now being erected by H. Green in Lyndhurst, capable of turning out from 50 to 80 barrels a day. The cost of such a mill, including building, would be about \$15,000, and Mr. Shaneman, a practical miller, is of the opinion that the investment would yield a handsome dividend.

The oldest resident in this section died on Wednesday at Napanee. We refer to James J. Vanalstine (better known as Cobe Vanalstine), who was born in the second concession of Richmond in May, 1800, and spent his whole life in this vicinity. He was the first white child born in the county. For a number of years past he has suffered from a hip disease which rendered him almost helpless.

Pringle, found concealed beneath the counter at Daly's tea store, in Napanee, a week ago was captured on Saturday last by special constable Hooper. He was taken before Mayor Cook and John Webster, J.P., who admitted him to bail until Thursday. On that morning he appeared before Police Magistrate Daly and was committed for trial. The case will come before the assize court.

A Great Remedy.

Cocaine, iodoform or mercurials in any form in the treatment of catarrh or hay fever should be avoided, as they are both injurious and dangerous. Iodoform is easily detected by its offensive odor. The only reliable catarrh remedy on the market to-day is Ely's Cream Balm, being free from all poisonous drugs. It has cured thousands of acute and chronic cases, where all other remedies have failed. A particle is applied, into each nostril; no pain, agreeable to use. Price 50 cents of druggists.

A Pleading Duty.

"I feel it my duty to say," writes John Borton, of Deseret, P.Q., "that Burdock Blood Bitters cured my wife of liver complaint, from which she had been a chronic sufferer. Her distressing, painful symptoms soon gave way, and I can highly recommend the medicine to all suffering as she did."

A Radical Change.

"I had got so bad with dyspepsia that I hardly cared whether I lived or not," says Frank A. Swain of the Toronto Globe office. Three bottles of Burdock Blood Bitters cured him and he says, "it now seems a pleasure to live."

Reliable.

Holloway's Pills and Ointment.

These purifying and soothing remedies deserve the earnest attention of all persons liable to gout, sciatica, or other painful affections of the muscles, nerves, or joints. The Ointment should be applied after the affected parts have been patiently fomented with warm water, when the Ointment should be diligently rubbed upon the adjacent skin, unless the friction causes pain. Holloway's Pills should be simultaneously to diminish pain, reduce inflammation, and purify the blood. This treatment abates the violence, and lessens the frequency of gout, rheumatism, and all spasmodic diseases which spring from hereditary predisposition, or from any accidental weakness of constitution. The Ointment checks the local malady, while the Pills restore vital power.

Oil on the Troubled Waters.
PHILADELPHIA, Sept. 19.—The steamer Warwick, from Newport, England, reports terrific north-west gales with mountainous seas, on Sept. 6th. The seas were making a clean break over the vessel, sweeping the deck fittings before them. Oil was used with marvellous results. As far as the eye could reach where the oil had touched the seas were quite calm and unbroken, while outside they were breaking in every direction.

Advice to Mothers.
Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to the taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Try and be Cured.
Lame back and nervous debility, associated with rheumatism, is sometimes met with in every day life, but as a rule we find not more than two of these complaints in the same party. Be this as it may. The only sure and perfect cure is electricity and the best form of administering it is by Norman's electric belts and insoles. W. J. Wilson is agent, and from him you can procure testimonials and circulars relating to any of your complaints.

A Cure for Drunkenness.
Opium, morphine, chloral, tobacco, and kindred habits. The medicine may be given in tea or coffee without the knowledge of the person taking it if so desired. Send 6c in stamps, for book and testimonials from those who have been cured. Address M.V. Lubon, 46 Wellington St. East, Toronto, Ont. Cut this out for future reference. When writing mention this paper
