MEDICINES.

Scrofula

Is one of the most fatal scourges which afflic mankind. It is often inherited, but may be the resultsof improper vaccination, mercurial poisoning, uncleanliness, and various other causes, Chronic Sores, Ulcers, Abscesses, Cancerous Humors, and, in some cases, Emaciation and Consumption, result from a scrofulous condition of the blood. This disease can be cured by the use of Ayer's Sarsaparilla.

I inherited a scrofulous condition of the blood, which caused a derangement of my whole system. After taking less than four bottles of Ayer's Sarsaparilla I am

Entirely Cured

and, for the past year, have not found it necessary to use any medicine whatever. I am now in better health, and stronger, than ever before. ...O. A. Willard, 218 Tremont st., Boston, Mass.

I was troubled with Scrofulous Sores for five .. years; but, after using a few bottles of Ayer's Sarsaparilla, the sores healed, and I have now good health. -Elizabeth Warnock, 54 Appleton street, Lowell, Mass.

Some months ago I was troubled with Scrofulous Sores on my leg. The limb was badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy failed, until I used Ayer's Sarsaparilla By taking three bottles of this medicine the sores have been entirely healed, and my health | year old heifer, to. McFarlane, James For-Is fully restored. I am grateful for the good | sythe; thoroughbreds with pedigree; bull, this medicine has done me. - Mrs. Ann O'Brian 158 Sullivan st., New York.

ed horse.

On Saturday last the Addington agricultural society held its exhibition at New burgh, and it was the most successful ever held. The exhibit of horses was good, the entire class being filled up. R. N. Switzer took first prize on his heavy draught stallion. The class of thoroughbred cattle was full, something which has never taken place in the history of the society. W. Nugent, R. N. Switzer and R. Fee were among the principal prize takers. Alex. Walker took first prize on working oxen. The sheep, both coarse and fine wool, were well represented. R. W. Neville, L. H. Stover and R. N. Switzer took several first prizes for coarse wool, while in the fine wool William and Wesley Dawson ranke I high. In pigs F. B. Switzer and E. Hawkins showed good animals which were much admired. The poultry honors were evenly divided. There was a large exhibit of grain. J. B. Aylesworth took first on fall wheat and peas, while the prizes in the rest were scattered, the competition being keen. P. E. R. Miller took first on both timothy and clover seed. There was a fine quality of vegetables shown, the prizes in which were also. mestic class, butter and cheese were among the principal exhibits. Silas Johnson took first on butter and W. R. Dorn first on cheese. The display of fine arts and ladies' work was good. There was a large entry in the class of manufactures. Messrs. C. H. and H. Finkle took first in carriages and cutters. In farm implements the honors were divided between J. C. Connolly, Connolly & Bro. and D. B. Stickney & Co. . special prize was given to Wesley Potter for a loaf of bread baked with yeast from the Breadmakers Yeast Co. of Toronto.

Holloway's Pills and Ointment.

Some occupations tends to the development of certain diseases, and those who toil as miners are peculiarly liable to rheumatism, lumbago, and other allied complaints. In the gold fields and copper mines Holloway's remedies have been largely patronized by the workers to their very great advantage and they can confidently recommended as invaluable remedies for inward congestions, spasms and cramps in the bowels, and all those conditions of the lungs and liver to which those who work underground or in impure atmospheres are so peculiarly liable. For cuts, bruises, sprains and stiffened joints, the action of Holloway's Ointment is eminently healing and soothing, and a supply should always be at hand in case of need.

Try and be Cured.

Lame back and nervous debility, associated with rheumatism, is sometimes met with in every day life, but as a rule we find not more than two of these complaints in the same party. Be this as it may. The only sure and perfect cure is electricity and the best form of administering it is by Norman's electric belts and insoles. W. J. Wilson is agent, and from him you can procure testimonials and circulars relating to any of your complaints.

A Glorious Ambition.

Said the Scythian ambassadors to Alexander. "If your person were as vast as your ambition the world would not contain you.' We have now a conqueror whose ambition Bros.; bob-sleighs, J. Forsythe, Alexander | is as boundless as Alexander's. The old world was too narrow a sphere for its exercise. We refer to Thomas Holloway, whose desire to benefit mankind, unsated by the countless cures his medicines have accomplished, is now actively engaged in revolutionizing the treatment of diseases. Conquest ous. and subjugation are its objects, the conquest and subjugation of the various maladies that afflict the human race. The trophies of his skill are to be found in every region of the earth. It has, heretofore, been the universal complaint against even the most popular medicines that they were mere palliatives, relieving pain temporarily, perhaps, but never reaching the materies morbi, or element of disease in the blood. Holloway's Pills, on the contrary, act specifically upon the primary cause of the malady in the fluids of the body, and from which they spring. In external disease the Ointment is used in auxiliary to the Pills, and its sani-

tive effects are scarcely less wonderful. We make these assertions-bold as they may seem on solid grounds. We have warrant for them in the statements of standard medical perodicals, in the published acknowledgments of thousands of grateful convalescents, and last but not least, so far as our private convictions are concerned, in our own personal experience and observa-

To the man whose profound research and practical skill in medical science have resulted in the production of such unequalled curatives, and whose business energy and enterprise have diffused them through every inhabited region between the equator and the poles, the homage of the world is due. - The Sunday Dispatch.

Grand Results. For several years R. H. Brown, of Kincardine, suffered from dyspepsia, he says he tried several physicians and a host of remedies without relief. His druggist recommended B.B.B. which he declares produced "grand results," for which he gives it his highest recommendation.

Missionaries Needed.

In certain parts of the "dark continent" wives are held at little value, while husbands bring fabulous prices. In that heathen land husbands must be up first in the morning and build the fire, do the marketing, cut wood and even dig the garden. It is evident that civilization has not penetrated very deeply in the "dark continent."

Be Prepared.

Many of the worst attacks of cholera morbus, cramps, dysentry and colic come suddenly in the night, and the most speedy and prompt means must be used to combat their dire effects. Dr. Fowler's Extract of Wild Strawberry is the remedy. Keep it at hand for emergencies. It never fails to cure or

Her Recovery Rattled Him. "Discharged your family doctor have you ?" asked one man of another on Lake street the other day.

"Yes, I had to; I got disgusted with him." "What was the matter?" "Matter enough. My mother-in-law was taken suddenly and dangerously ill the other night, I called the doctor and he cured her ?"

An Old Time Favorite.

The season of green fruits and summer drinks is the time when the worst forms of cholera morbus and bowel complaints generally prevail. As a safeguard Dr. Fowler's Extract of wild Strawberry should be kept at hand. For 30 years it has been the most reliable remedy.
