THE ARREST OF GAMBLE.

The Alleged Murderer of Lizzte Bray Caught in Rochester and Held There,

TORONTO, Jan. 21.-John R. Gamble, the young piano polisher and alleged betrayer of the girl Lizzie Bray, who died at her boarding house, No. 69 Walton-street, in this city, on the 19th of December last, from the effects of an abortion, was arrested in Rochester, N. Y., at an early hour yesterday morning. The peculiarly suspicious circumstances under which Miss Bray died, it will be remembered, resulted in a coroner's inquest being held. Detective John Cuddy worked up the case, and brought before the jury evidence that convinced them of Gamble's responsibility for the crime caused her death. Consequently verdict of wilful murder was returned against Gamble by the jury. In the meantime he had decamped, fearing, no doubt, that the truth of his criminal relations with the unfortunate young woman must necessarily be exposed by the enquiry. He was first traced to Bowmanville, but before the machinery of the law could be set in motion to secure his apprehension he managed to get away from that town, covering his tracks so shrewdly that all efforts to discover his whereabouts proved futile.

Thursday night about 11 o'clock his hiding place was revealed to the authorities here in a despatch from Detroit, the address gi en being "505 St. Paul-street, Rochester, N.Y." Immediately instructions were wired to the Rochester authorities to arrest him, which they did promptly. A despatch containing the news of his apprehension reached here about 6 o'clock yesterday morning.

Detective Cuddy started for Rochester at 12.20 yesterday afternoon for the prisoner. Extradition proceedings will be instituted immediately.

Gamble's whereabouts were discovered through the agency of a letter written by him from Detroit to an acquaintance residing here. In that epistle he protested his innocence declaring that the young girl died from the effects of an operation performed on her to hide disgrace by a relative. The detectives had a reply penned, and in the same mail communicated with the authorities in Detroit, requesting them to shadow the postoffice and arrest the person calling for the letter addressed to Gamble. Late Thursday evening a young man inquired at the delivery wicket at the Detroit postoffice for the letter. He was arrested, but instead of being the right person it was discovered to be the fugitive's brother Edward, who subsequently disclosed his hiding place. This information they immediately wired to Toronto with the result that Gamble was arrested as already stated.

THE MANITOBA LEGISLATURE.

A Dissolution Likely to be Decided on-Norgent's Short Cut.

WINNIPES, Jun. 20. The Legislature met igain today and adjourned till Thursday next. His Honor game down and assented to he one-man-one-vote measure passed yester-

In view of the announcement that it was fecided in the Conservative caucus yesterday to oppose the re-election of Mr. Greenway and as Ministers, the new Government has practically decided to dissolve the House and appeal forthwith to the country. Mr. Greenway was seen this morning and stated frankly that it was almost certain the House would be immediately dissolved, as he presumed His Honor would grant the new Govrnment the constitutional right of appeal to he country. He was convinced that the country, as well as the City of Winnipeg, was overwhelmingly in favor of the Liberals at present. Little doubt existed in his mind hat his Ministers would be returned anyway, out he did not propose giving the Conservatives an opportunity of concentrating all their orces in a few constituencies. The late Govrnment, after getting the affairs of the country into a helpless muddle, threw up the sponge, thereby acknowledging their inability to cope with the situation. They had recommended that he be called upon to form a Government, and at the very outset they proposed throwing obstacles in the way of developing a policy to rescue the province. Under the circumstances the best thing to be tone would be a general appeal, although he would have preferred to see an honest Redistribution Bill passed first, such as the Laberals had all along been pledged to. However, he did not fear the results, even with the ald bill and the lists prepared under the direction of the late Government. It is understood that nearly all Mr. Greenway's followers are in fayor of a general action.

The name of Ambrose Lepine, who figured in connection with the first Riel rebellion, is mentioned as an opponent of Mr. Prendergast in La Verandrye and James Penrose is a probable candidate for Kildonan. Attorney-General Martin will be opposed in Portage la Prairie by Mr. Smith, Premier Greenway in Mountain by Robert Rogers, and Mr. Smart in Brandon by C. Cliffe, editor of The Brandon Mail.

Trains on the C.P.R., eastern division, are again seriously delayed by snow drifts. Tolay's train is twelve hours late.

In the Legislature to-day a petition was presented by Mr. Norquay praying the Legislature to pass a bill creating him a lawyer.

THE DEADLY WATER GAS.

Family Nearly Killed by a Leaking Main-

One Child in a Critical Condition. OWEN SOUND, Jan. 20.-Early this morning, through the leakage of the street gas main, gas began running into an old drain, and thence found its way into a cellar under a tenement house on Water-street. A family of four persons named Million were partly asphyxiated. Fortunately one of the night watchmen was in the vicinity, and smelling the gas traced it up, made an entrance into the house and carried the family out; had it been discovered a few minutes later they might have been beyond recovery. As it is, one child is not yet out of danger. The kind of gas used here is known as water gas.

A Little Mixed on the Toronto Connection. NEW YORK, Jan. 20 .- A suit for absolute divorce has just been commenced in the Supreme Court in which two well-known professionals figure. The plaintiff is Mrs. Rolinda Helen Smith in private life, and Helen Mowat on the stage. The lady is accomplished and connected with an excellent Canadian family. She is of Wice-Chancellor Mowat Toronto and granddaughter of Mayor Mowat of the same city. Hal Clarendon Smith is the defendant and is a member of Minnie Palmer's company. The parties were married May 16, 1875, in this city. They have six children. Mrs. Smith says she has always been the practical support of her husband and family and she charges him with intidelity.

QUEBEC'S PRIME MINISTER.

Mr Mercier's Mission in Paris-Representation of the Province at the Centenary Exhibition.

MONTREAL Jan. 20. - After a good deal of the ridiculous mystery, posing and denials for which some of Mr. Mercier's friends and organs are noted, it is now announced this vening by La Patrie-that he actually sailed. from New York for France on Wednesday, that he is going to Paris to meet Commissioner of Crown Lands Garneau, and that the object of his trip is to take measures to have the Province of Quebec represented at the International Exhibition of 1889. Why, people are asking, could not this announcement have been made at once, without so much mystery and prevarication? Another story is to the effect that the principal object of Mr. Mercier's visit is for the purpose of arranging with the French Government for the Province of Quebec to be represented at the French International Exhibition proposed to be held in 1889. It will be remembered that the Imperial Government refused to take any part officially in the exhibition, on the ground that next year would be the centenary of the great French revolution of 1789, and the Dominion Government followed suit. As soon as the determination of the latter was known, Mr. Mercier, it is said, took steps to sound his supporters on the subject, and when he announced his intention of communicating with the French Government on the subject of the province taking an active part in the exhibition, he was enthusiastically supported by the leading men of his party as well as by the French Chamber of Commerce; and it is said that he intends not only to use all his influence to develop intercourse between the two countries, but he hopes to place on a successful footing a scheme of French colonization on somewhat similar lines to that proposed by Mr. Chapleau, This is Mr. Mercier's first trip to Europe, and will probably occupy a month or six weeks. As soon as the Premier returns he will issue writs for the different byelections, and will, it is expected, meet the House in April.

One of the city papers is authority for the following story in connection with the Quebec Premier's stay in New York: "Mr. Mercier's first care on his arrival in New York was to attend High Mass in the little church on 76th street, which is the rendezvous of the French-Canadian colony. Mass was celebrated on the occasion by His Lordship Mgr. Grandin, the venerable Bishop of Prince Albert, who happened to be in New York. The Quebec Premier and his party were shown to seats of honor. After mass, Rev. Cure Tetreau invited Mr. Mercier and his friends into the vestry, where they conversed for some time with the bishop, the local clergy and a number of notables. Among the visitors was Gabriel Dumont, the Metis Chief, who now resides on Staten Island, but comes every Sunday to divine service with the French Canadians. 'His entrance produced a sensation, and Mgr. Grandin and the robust son of the prairies exchanged some words in the Cree language before the conversation became general. On Monday Mr. Mercier held a reception of his compatriots at his hotel, and offered a superb dinner to all the French Catholic priests in the city."

CANADIANS IN WASHINGTON.

A Delegation From St. Johns-The Fisheries Conference-Mr. Chamberlain Entertains.

Washington, Jan. 20.-A delegation from St. Johns, Quebec, are here urging the repayment of duties on pressed hay. They allege that under a misconstruction of the law the United States customs officers at St. Albans for several years illegally collected duty on all pressed hav shipped from St. Johns across the frontier. By a subsequent ruling of the authorities here this practice was abolished and the shippers now claim repayment of the duties paid previous to that date. They state that they are receiving every possible assistance from the Canadian Ministers who are at present in Washington, and appear quite hope-

ful of success, The manager of one of the Toronto papers arrived here a few days since and subsequently there appeared in his paper what purported to be a history of the Fisheries Conference. The oft-repeated misstatement of disagreement between Sir. Charles Tupper and Mr. Chamberlain is the only one calculated to do much injury, and even it has so often been denied by those in a position to know that it should be rather harmless. It may be as well, however, to state that the description of the alleged position of affairs is wholly the production of imagination.

Mr. Cockburn, M. P., and Mrs. Cockburn are at present in Washington.

Among the other, Canadians in the city are Mr. Ketchum, of the Chignecto ship railway scheme, and Mr. Chipman, Q. C., of Kent-

Mr. Chamberlain gave a large dinner party at the Arlington to-night.

Postal Telegraphy.

WASHINGTON, Jan. 20.—Betore the Senat-Committee on Postal Telegraphy, to-day, President Green of the Western Union, in the course of argument in opposition to government competition, stated that he desired to contradict the popular error which assume that the Western Union was owned by one man personally. Never in its history had this been the case. The entire board of thirty directors owned not more than three-eighths o the stock while the other five-eighths was owned in every state and territory of the Union by more than 20,000 people.

An Interesting Case to Motel-Keepers. MONTREAL, Jan. 20.-The Superior Court was occupied yesterday with the case of C. S. Morton of London, England, who claims that his room in the Windsor Hotel was entered and his watch and chain and some money stolen, on the occasion of a visit here in May, 1887. The hotel is detending on the ground that Morton did not bolt his door, and that they had used every means in their power to protect the property of their guests.

The Week's Failures.

NEW YORK, Jan. 20.-The business failures occurring throughout the country, as reported to Dun, Wiman & Co., number during the last seven days for the United States 276 and for Canada 38, or a total of 314, as compared with a total of 288 last week and 279 the week previous. For the corresponding week of last year the figures were 301, 276 in the United States and 25 in Canada

EVICTION SCENES IN CALIFORNIA.

A Widow And Her Family Resist a Sheriff's Posse-Several Killed.

San Diego, Cala., Jan. 20 .-- A year ago a rancher in Moosa Canyon, camed Lewis Stone, went east. During his absence a family named Goen, consisting of a widow, two sons and a daughter, took possession of his ranch and cabin. On Stone's return he instituted legal proceedings to eject the parties. His title to the property was confirmed and last Wednesday, when Sheriff Breidlove went to take possessions, the whole family of Goens faced the officers with revolvers. Breidlové snatched a revolver from Mrs. Goen, who was at the door. She seized a gun and shot him in the face. In the melec citizen Reed was fatally wounded; a married daughter of Mrs. Goen was accidently shot in the neck by her brother and fe!l dead; Percy Goen was shot through the head and arm fatally; his sister and brother. were dead when the officers retreated with their wounded; and Mrs. Goen still held the fort, declaring she would not leave the place alive.

LUCKY LAW BREAKERS.

Scott Act Excitement in Perth-How Other Criminals Escaped Punishmeut,

PERTH, Jan. 20. - Police Magistrate Kippen held court here, and as some seventy witnesses had been summoned a good deal of excitement existed and the court room was filled. Only two convictions were had, Charles Devlin and James Young being fined \$50 each. All the rest of the cases were dismissed. Many of the witnesses were responsible parties, but as nearly all who had drank anything had asked for "hop beer" and as they would not say that it had any intoxicating effect on them, the magistrate held he could not convict. A peculiar incident occurred when the hotel-keeper had pleaded guilty and was advised by some friends alongside to withdraw the plea and stand trial, which he did and got off. Two others offered to plead guilty if made as a first offence. This was declined. They stood trial and also got off free. It seems strange that a conviction cannot be had in these "hop beer" cases, when it is well known that bottled ale is really the article used.

A TERRIBLE ACCIDENT.

It Will Probably Prove Fatal-A Young Man Sustains Very Painful Injuries.

Early this morning a young man, Mc-Guire, aged about 18 years, met with an accident while going to work in the K. & P. R. shops. Near the lower depot he walked on the G.T.R. track which he supposed was that of the K. & P.R., and not being able to see the engine through the steam, was struck by it. His left forearm was broken, and right leg fearfully mangled. He was removed to the house of Mr. Patton, and Dr. Henderson called in. The patient was later conveyed to the Hotel Dien, where this afternoon Dr. Sullivan amputated the leg. The injury to the young man may prove fatal.
