Henry Scott, Berlin, Asthma.
Mrs. P. Wagner, near Berlin, Catarrh, head and throat.
E. Kercher, St. Jacobs, Catarrh, head and throat.
Write for particulars.

A LETTER FROM QUEBEC.

(Translated from the French.)

GENTLEMEN: I have deferred writing the better to testify to the benefits derived from the use of your SIMON'S LINIMENT. It has done wonders among all the people who have used it about here.

I can testify that in every case where I have used it upon myself I have been very well satisfied.

Mr. N. Mooney, of St. Sylvester, had a bad leg which was said to be incurable. I told him to use Simon's Liniment and it had effected a complete cure in a very short time. His neighbour, Mr. John Devlin, having received a serious cut on his leg, Mr. Mooney took him the Liniment, and having used it, found himself completely cured.

I have been assured of the cures of these people, and the remedy having become known, it has created quite a demand, the pile coming as far as 35 miles to procure it for themselves.

Mr. Wm. Bennett, of St. Ferdinand, has had it some time for himself, and he has since bought it for his friends, who suffer from Rheumatism, and they have all been well satisfied.

I have never known any medicine to have had such good results about here as Simon's Liniment.

Hoping that it will prove as satisfactory elsewhere.

I am, yours truly,
DAMASE PACCOT,
St. Sylvester, Quebec, Merchant,
27th Dec., 1887.

MESSRS. BROWN BROTHERS & CO.

ARMBRECHT'S TONIC COCA WINE

FOR FATIGUE OF MIND AND BODY AND SLEEPLESSNESS.
"Experience and scientific analysis reveal to us in Coca the most tonic plant in the Vegetable Kingdom."
"It (Coca) is, in a word, the most powerful restorer of the vital forces."
ARMBRECHT'S COCA WINE, though more tonic in its properties than Iron or Quinine,
NEVER CONSTIPATES.
See Medical Reviews. For sale by leading druggists throughout the world.

DR. T. A. SLOCUM,
Branch Office, 37 Yonge Street, Toronto

NEWS OF THE VICINITY.

PASSING EVENTS AS RECORDED BY OUR CORRESPONDENTS.

Movements of Ruralists—Doings and Sayings in Neighboring Villages—Spicy Bits of Country Gossip—Ready for Reaping.

CATARAQUI.
Jan. 31.—William Caldwell gets between \$5,000 and \$6,000 for his farm and will remove to Riverside, Cal. John Simpson, jr., is the purchaser.—Owing to the change the Misses Grand have seen fit to make, Mrs. Nicol will resume the charge of her store for a short time.—The new army officers have arrived and have been cordially received by the soldiers.—M. Haycock is able to be about but cannot attend to his business as usual.—Wedding bells are beginning to ring again in our village.

YARKER.
Jan. 31.—Everybody is counting his money looking for Federal bank bills.—Conolly & Bro. have started their foundry again.—Yarker band will organize again, some new members intending to join.—William Bayton and Minnie Barton have returned after an extended visit to Smith's Falls.—Thermometer 15° below zero in Yarker, at least.—A. Benjamin arrived from his eastern trip and on Monday left for Toronto.—A whole family arrived here to take charge of the Salvation army; better send some recruits along.—Harry, son of A. Conolly, is very low and may not recover.—The roads are lined with teams drawing wood to the paper mills.

WESTPORT.
Jan. 31.—The cold snap beats all previous records; 42° below and a small wood pile is no laughing matter. People compelled to be out never felt such intense cold.—The teachers hereabout who attended the association at Farmer'sville had a long cold ride, but speak in high terms of what they saw and heard.—The social at W. H. Frederburgh's has been postponed until Feb. 10th.—The concert in the Methodist church was a success, and all seemed pleased with the entertainment.—The station house here is about finished and we are waiting, waiting, waiting for the first train. Several citizens have applied for the station mastership; it promises to be an easy job for sometime.—Wood is coming in freely; good hardwood \$3 per cord; much of it comes from seven to ten miles.—Frost found its way last week into many of the cellars in our village and played havoc with the vegetables.

KINGSTON MILLS.
Jan. 30.—Sleighting is good, especially on the depot road.—John Leader is making very good hauls of fish.—Cordwood and hay are seen coming up the river "Sticks" every day for Kingston.—A race-course is contemplated.—The Newboro stage team ran away last week while en route to Newboro, and upset at Thomas Connell's; taking the front bob sleigh, the horses ran to George Pick's blacksmith shop before being caught.—The carnival held here last Friday night was a grand success, considering the roads and the severe weather. Those whom your correspondent knew represented: J. Baxter, rag peddler; R. Fair, Buffalo Bill; F. Spooner, Indian chief; Miss Spooner, the Lady of the Night; Miss M. Fair, stylish squaw; Miss T. Fair, Grandma; J. W. Thompson, Jo Spoke, Indian; Mrs. Massie, Jo's squaw; Miss McLeod, Winter. There were many others whose names were not learned.

ODESSA.
Jan. 31.—The Peek-a-Boo concert, given under the auspices of the Odessa orchestra, Thursday evening, in the town hall, was in every particular the hit of the season. Shortly before the appointed time crowds commenced to arrive. The jam multiplied until every available niche in the hall was filled, and such a good-natured, manly, orderly throng never congregated there. In the forenoon the weather acted cranky—men do sometimes—detaining many well-wishers from venturing out. Sharp on time the Yarker cornet band entered and were heartily received. They opened in good style, the best programme—of two hours duration, which seemed only too short—that has been our pleasure to listen to for some time, as given in last week's issue. In the name of the orchestra we tender thanks to all those who participated, rounding out the evening with so much musical and literary enjoyment.

Mrs. Symington, of Napanee, organized a branch here, Thursday last, of the Women's Christian temperance union.—The total visible result of Vermilyea's revival numbers 132. Sixty united with the Methodist church on Sunday.—Mrs. C. W. Timmerman's children are visiting friends at Westbrook.—Mr. and Mrs. S. J. Winter spent Sunday in town.

JOYCEVILLE.
Feb. 1.—A. McLaughlin is rapidly recovering from injuries received at Christmas from a runaway.—Lawrence Joyce, of Michigan, paid us a visit last week, bringing with him John Joyce's infant son, deceased, to be placed in St. Barnaby's vault.—Mr. Nicholson has been visiting at the residences of John and Barney Mullen.—Miss McGrath, of Sunbury, has been engaged to teach in Kirkwood's school.—Mr. Agnew is extensively improving his factory for next season's make of cheese, with Miss Della Cheetam as maker. Kingston cheese buyers highly recommend her. He is placing new apparatus in the factory. With so competent a maker and so efficient a salesman as Mr. Bell the patrons of the factory have great hope.—On Monday, at 10 a.m., Miss Lizzie Murphy, of this place, was married to Michael Regan, of South Crosby, in St. Barnaby's, by Rev. Paul Deshaueac. A reception was given at the residence of the bride's grandfather, Mr. Michael Joyce, and then a wedding dinner was served. The bride was attended by Miss Kate Joyce, and John Regan was "best man." After dinner a drive was taken to Kingston Mills. Mr. and Mrs. Regan left for their new home, near Elgin, on Tuesday, accompanied by a number of friends from this place.

WOLFE ISLAND.
Feb. 1.—Diphtheria still prevails at the foot of the island, Mrs. A. Joslin, an estimable lady, being the latest victim to the malignant disease. Great care should be exercised against the spread of the disease to other parts of the island, especially the village.—The case of the "resurrectionists" has been settled and the "ghostly ghouls" are free to breathe Canadian ozone.—Daniel McRae, of Detroit, made a short but welcome visit to his home last week.—Although no "chute" has been erected, tobogganing is much enjoyed on the incline at the school hill, though one lady in her first (and last) descent, entrusted herself to an inexperienced young man, and does not look back with feelings of delight. The young man, who is "prop" of the only real "tobog," enjoys quite a monopoly, but a joint stock company is being formed to procure another.—Miss Dolly Morrison, Kingston, was the guest of Miss Dawson on Sunday.—A party drove to the residence of D. Grant on Friday evening and enjoyed a pleasant

time till an early hour, but it was quite airily coming home and the mercury went down to an old maid's age in the "bottle."—Thomas O'Shea was married on Tuesday to Miss Maggie Mackay, a popular young lady.—Those who attended the leap year party on Garden Island speak in glowing terms of it. The menu was worthy of Delmonico's.

BATTERSEA.
Feb. 1.—Don't forget the oyster supper and concert which is postponed till next Friday evening.—John Thorne is busy in his saw mill.—A sugar social took place at the residence of William Spike, Milburn, on Thursday evening last, which was largely attended by the young people from here. The guests, as a matter of course, were most hospitably entertained with games which were introduced by D. P. Asseltine and Mrs. T. Ferguson.—On Thursday a hired man of J. E. Dolan drove from the city here. Shortly after arriving at the Balmoral hotel the horse dropped dead.—On Jan. 25th Mr. Samuel Knapp passed to his long rest. He was 72 years of age and the father of 21 children, the most of whom are still living. He was born here when the place was a solitary wilderness and always lived here. He was well and favorable known. At one time he was chosen to represent the township in municipal matters.

Avoid the Small
Annoyances of life if you would be happy. A very slight headache will make us miserable and give a sense of discomfort to all with whom we come in contact. Nature's intimations are seldom pleasant, but they should be valued as pointing out a cause and demanding a remedy. Never has a remedy given equal satisfaction in all diseases of the liver, stomach, and bowels as have Hamilton's Pills of Mandrake and Butternut. They aid at once strike at the root of the trouble, give aid to the torpid inactive liver, restore tone to the digestive organs, and promote a supply of new health blood. Though disappointed hitherto do not fail to test the wonderful efficacy of Hamilton's Pills. Sold by all dealers in medicines.

Wolfe Island Reveship.
WOLFE ISLAND, Jan. 30.—(To the Editor): The allusion of your correspondents to a lack of perspicuity proves most emphatically that their perception is not only incorrect, but also very fragile. It was not my intention to wound the feelings of any person, but simply to correct a false impression, wantonly put forth, and give place to truth, which I have done. But I must give credit to your correspondents for tacitly accepting the correction, and acknowledging the sufficiently "mighty ones." Several in the county had a smaller majority than Mr. D. Staley. Sir John and Mr. Gunn had a close election, too. Now if your correspondents learn the jurisdiction of honest writers, their little productions may be noticed by the public.—OBSERVER.

Holloway's Pills.
The digestion cannot be long or seriously disordered without the derangement being perceptible on the countenance. These pills prevent both unpleasant consequences; they improve the appetite, and with the increase of desire for food they augment the powers of digestion and assimilation in the stomach. Holloway's pills deal most satisfactorily with deranged or diseased conditions of the many organs engaged in extracting nourishment for our bodies from various diets—as the liver, stomach and bowels, over all of which they exercise the most salutary control. By resorting to an early stage of this malady to these purifying and laxative pills, the dyspeptic is speedily restored to health and strength, and his sallowness gradually vanishes.

English and Canadian Workmen.
L'Artisan.
The labor commission now sitting in Toronto, interrogated a jeweller, who said that many workmen were brought out from England, not because of the incompetence or the unskillfulness, but to lower wages. He gave as his opinion that English workmen generally have but one specialty, whilst Canadians possess knowledge and can do all kinds of work. When our governments look into immigration matters they should not forget this declaration, which can be corroborated by all our manufacturers.

A Boon and a Blessing.
A boon and a blessing to mankind is Haggard's Yellow Oil, the great pain destroyer and healing remedy for external and internal use. Yellow Oil cures all aches and pains, rheumatism, lame back, sore throat, croup, deafness, cramps, contracted cords and lameness. Procure it of your druggist.

Look Out For It.
If you are troubled with a cold or cough however light the attack, look out for it, do not allow it to settle on the lungs; break up the cough by loosening the tough phlegm with Haggard's Pectoral Balm.

* One hundred different styles of single and double trusses at Wade's drug store.

HAVE THE WHEEL PLATE PUT ON YOUR RUBBERS AND THEY WILL WEAR TWICE AS LONG.
