T the close of the first year of its opera A cion, the Directors of the Quebec Fire Assurance Company feel themselves bound to express their acknowledgements thanks for the great and unprecedented en-couragement this new establishment has experienced from an enlightened public. at the same time they congratulate their fellow citizens and the inhabitants of these provinces generally, on the complete attainment of the object this company was associated for; in the short space of six months from day the office was opened, premiums of insurance against fire were lowered to less than half the former rates; and at thi moment in many instances, property is insu red at or under one third the rates of prend um charged twelve months ago! That the establishment of the Quebec Fire Office has effected this, is indisputable—It cannot there fore be too strongly inculcated or too often repeated, that to support this company to the utmost of your power, by giving them a pre ference of all insurances intended to be effected against fire, is the only effectual means of enabling them to continue their exertions and consequently of preventing monopoly and a recurrence to the former extravagant

For the prompt and honorable settlement of all losses, the Quebec Fire Office offer you the security of nearly three hundred of the most respectable of your fellow citizens exclusive of a large sum of money in the possession of the directors for sudden emergen cies. No delay or indulgence will be require red, nor any unworthy evasions made use of in the fulfilment of their engagement the mo ment that a loss is ascertained.

This company will continue to insure property in all parts of these provinces, on the most moderate terms.

And the directors have the utmost confi dence that a discerning public will universal ly and heartily come for ward in support of ar institution whose future exertions can alone maintain and render permanent the great ad vantages that it has in so short a period beer productive of to the country at large Quebec Fire Office, May 24, 1819.
