THE PROMPTER .- No. XVI.

"A penny saved is as good as a penny arned." Yes, and better too: for what saved is in our actual possession, without any trouble or cost of collection: he benefit of our earnings.

The little items of money, and scraps of time which almost every person excourse of an ordinary life, their amount would astonish any one not used to ecoomical calculations.

These might be saved; and in the present hard times, such savings are of peculiar importance. Indeed the neglect of hem has been one of the causes of the hardness of the times. Individuals and families, of all grades and descriptions, have generally indulged in expences, with regard to furniture, dress, fashion, articles of luxury, and style of living, beyond what their circumstances authorised .-Hence those numerous debts, of all classes of people, which the scarcity of money and independent, are now groaning under embarassments, and complaining of the times! One presses upon another, and he ipon his next neighbour; until the pressure has become general, and complaint is the

The cure for this evil is as obvious as the penditures, increase our exertions, and be ent in the jury room, as he was on the sure to live within the limits of our resdy. Borrowing money of banks; speculating in lumber; and all the various contrivances to procure a fictitious and temporary credit, are quackeries, more likely in the end to kill than cure. Retrenchment of our superfluous expences is a bitter pill; but, in the present state of the pecuniary epidemic, nothing else will give
