Proceedings of the first anniversary meeting of the Montreal British Methodist Missionary Society, held in the Presbyterian Church St. Peter's street, Montreal.

On Sunday evening last, Oct. 31st, a sermon was preached in the Presbyterian Church, St. Peter's street, in behalf of the above society, by the Rev. John Hick, of Quebec.

Mr. Hick chose for his text Matthew 6, 10 - 'thy kingdom come,' from which he de-livered an appropriate and impressive dis-course. He pointed out with much clearcourse. He pointed out with much clearness and feeling the nature of the kingdom of Christ—the blessings consequent upon its advent—the duty and privilege of Christians to endeavor by their prayers and liberalities, to promote its enlargement and establishment; and the certainty of ultimate and glorious success, from the predictions and promises of the word of God, and the present encouraging prospects of the field of missionary labors. couraging prospects of the field of missiona-

The following evening the general meeting was held in the same place—the Rev. R. L. Lusher commenced with singing and prayer. The Rev. John Hick was then unanimously called to the chair. In a luminous mously called to the chair. In a luminous speech he stated the grandeur and importance of the objects of the institution which were none other than the present and future happiness of man, and the illumination and salvation of the heathen world by sending them the Gospel of the Son of God. He took a rapid view of the operations of the different missionary societies which have been established in various parts of the world, and established in various parts of the world, and marked the success which had crowned the pious and persevering efforts of each of them; and concluded by recommending to the support of the meeting that Missionary Society of which he was a member.

which he was a member. The report of the committee was then read, which stated the different stations ocied by the Wesleyan missionaries through

cupied by the Wesleyan missionaries throughout the world; the success which had attended their labors; and the pleasing prospect which each station presented. The amount of subscriptions received during the past year in this city was 80/ currency.

Among several resolutions which were passed unanimously relative to the internal regulation of the society were the following.

On the motion of the Rev. Mr. Lusher, seconded by Richard McGinnis, Esq.

'That this meeting acknowledge with gratitude to Almighty God the success which during the last year has attended the labors of the Wesleyan missionaries in different parts of the world, and hails the successful exertions of missionaries of every denominaexertions of missionaries of every denomina-
