POWELL'S BALSAM OF ANISEED, FOR

COUGHS, COLDS, SHORTNESS OF BREATH, ASTHMAS, &c.

It operates by dissolving the congealed Phlegm, consequently causing a free expectoration.

Those who are troubled with that unpleasant tickling in the Throat, which deprives them of rest night after night, by the incessant Cough which it provokes, will, by taking one dose, find immediate relief; and one bottle in most cases have come to the Proprietor's kowledge, where young people have been troubled with Coughs, Spittting of Blood, and gradual Wasting away, with every appearance of going into a decline; who, by taking two or three bottles, have been entirely cured.

In Asthmas, Chronic Coughs, difficulty of Breathing, &c. no pen can describe the wonders that have been performed by this invaluable Medicine: many, who for years have been unable to lay down in their beds without a danger of being choked by the accumulation of Phlegm, (which invariably causes a dreadful Cough) others, who with difficulty could breathe at all in a recumbent posture, have, by taking one dose of this excellent Balsam, been enabled to lay down comfortably in their beds. But the testimonials of those who have experienced its wonderful effects, will do more to recommend and ensure it the support of the Public than any thing the Proprietor can say in mend and ensure it the support of the Pubmend and ensure it the support of the Public than any thing the Proprietor can say in its favour, and by particular request he has published the following extraordinary cases.

Lustruther, 18th Jan. 1830.

"Dear Sir,
"You know that I was sceptical with regard to the wonders performed by the administration of Patent Medicines to the numerous complaints of 'afflicted patients.'—I have now altered my opinion, at least in so far as to the effect produced on me by two doses of 'Powell's Balsam of Aniseed.' In fact it was quite magical! Having been for some time afflicted and tormented with what is termed a 'Stomach Cough,' I took what is termed a 'Stomach Cough,' I took one tea-spoonful of the bottle sent me, mixed with a wine-glassful of cold water, in the morning, and the same in the evening on stepping into bed; although prevented from sleeping the whole of the previous night, I found myself entirely cured, not having events. en coughed from that time to this, a period of at least a week! Smith, of Kingston, and I have no doubt the demand for it will be as extensive in Upper Canada (in proportion to the population) as in any other part of the world where its virtues are known. You are at liberty to make any use of this letter you may think proper, and I hope it may prove one of the means of in-creasing the sale of the Balsam and thereby benefiting mankind.
