## TO CAPITALISTS.

### VALUABLE PROPERTY FOR SALE.

ON the FIRST day of AUGUST, 1827, between the hours of TWELVE o'clock, A. M. and TWO o'clock, P. M. will be sold, by Public Auction, to the highest bidder, at Kingston, in the Province of Upper Canada,

### THE MARMORA IRON WORKS.

These works are situated in the Township of Marmora, in the County of Hastings, in the Midland District of the said Province, and are esteemed one of the most valuable properties in the foundry line, in British North America; and one, it is considered, which cannot fail, under proper management, to realize to a purchaser, profits seldom arising to Capitalists from other investments of Capital.

These works (in the establishment of which, upwards of thirty thousand pounds sterling have been expended) consist of two Land Grants, as well as of yielding two Furnaces, the one capable of yielding two tons, and the other one ton of Iron in the twenty-four hours, with the necessary buildings connected therewith;—a Forge for the manufacture of Bar Iron, with four Fires and two Hammers, a Saw Mill, Flour Mill, Bark Mill and Tannery, all impelled by water, of which there is an abundant supply—Carpenter's and Blacksmith's Shops, well provided with the necessary tools—Baking House, and fourteen comfortable Dwelling Houses, three of which are well suited for Taverns or large families, with

### 2,500 ACRES OF LAND.

In the said Township, surrounding the works, and 853 1/2 acres in the adjoining Township of Belmont, in the New-Castle District, for which a deed in fee will be given, and upon which are inexhaustible mines of Ore, generally of a good quality, with 1500 acres of Land granted conditionally in perpetuity to the Government, as full reserves, the condition being, that the works are never permitted to cease, three successive years.

The distance at present, at which the Works are supplied with Charcoal, is between two and three miles—the Lake Ore is brought by water, five miles—and other Ore is used to be employed in the making of good Iron, is brought by land, a distance of six miles.—Ore of the purest quality known in the British Provinces, may be had at an unfixed expense of mining, within a few hundred yards of the Works, mixed with which, is yellow ochre, red earth, and black lead in great quantities.

These Works are established on Crow River, a mile below the Crow Lake—this River, interrupted by many large rapids, connects with the River Trent—the distance by land to the North of the Trent, the head of navigation, is 31 miles. The limits of an advertisement will not admit of an enumeration of the many advantages of this property, neither is it the purpose of the proprietor, by any exaggerated statement, to induce persons desirous to purchase, to trust to his representation, and save the trouble of personal inspection. That it is at least equal to the representation here made of it—any persons viewing plans of the Works left at the different advertising offices in London, Liverpool, New-York, Philadelphia, Montreal, and Kingston, will be satisfied, added to which, this circumstance is of consideration, that the Works are sufficient to supply the Province of Upper Canada, with Bar Iron and Iron Ware, and at a price much lower than they can be brought from the Lower Province.

The object in selling, is to fulfil the conditions upon which this property was placed in the hands of the present proprietor, namely, to pay over the proceeds to the creditors of Mr. Charles Hayes, the original proprietor, such sale being demanded by the majority, in amount of debts of the said creditors.—For further information, application to be made to Messrs. GOULD DOW-IE & Co. in London, Mr. MANAHAN, at the Works, or to the subscribers in Montreal. PETER M'GILL, Montreal, July 15, 1826.

## TO LET,

WITHIN four miles of Belleville, on the Kingston road, on Lot No. 19 in the first Concession of Thurlow, in the County of Hastings, a

### Tan Yard

AND

### CURRYING SHOP.

With a good Stone for the grinding of Bark, 5 Vats sunk, and a Tub as large as any of the Vats, in the handsomest place in the Upper Province, having a creek of good water running through the Yard, where hides may be soaked at any season of the year.

ALSO,

Adjoining the Tannery, a good DWELLING HOUSE one story and a half high, with three rooms on the first floor, and a large room and good fire place in the upper part which may be made into two very good rooms. With the above may be had a field, which will make it a desirable situation for a person with a family.

Apply to the subscriber on the Premises, or to the Editor of the Upper Canada Herald, who will give further information.

WM. BELL, Thurlow.

July 10, 1826.

## PORT HOPE

### NAIL MANUFACTORY.

J. BROWN begs leave to inform his friends and the public, that he has commenced manufacturing NAILS of every description, of a superior quality, which he will sell for cash or approved bills, as low as they can be obtained at any manufactory in the U. States.

Port Hope, July 3, 1826.

## NOTICE.

THE subscriber having been appointed Inspector of Weights and Measures for the Midland District, informs all persons concerned, that he has received the Standard for said District, and is prepared to examine and compare all Weights and Measures which shall be presented to him for that purpose, with said Standard; and has annexed the sixth or penal clause of the Act relative to Weights and Measures.

ROBERT RICHARDSON, Inspector of Weights and Measures, Midland District, Kingston, 28th August, 1826.

Sixth clause of the Act relative to Weights and Measures.

VI. And be it further enacted by the authority aforesaid, That all Store keepers, Millers, Distillers, Butchers, Bakers, Hucksters, and other trading persons, inhabitants of such District, for which a Standard of such Weights and Measures as aforesaid shall have been obtained, who shall, after the expiration of six months after such Standard of Weights and Measures shall have been received, and Inspector appointed as aforesaid, have in his possession any Weights or Measures whereby he buys or sells any articles, for the weighing or admeasurement of which such Standard of Weights and Measures are generally used, any other than such Weights or Measures as have been examined and stamped, or marked as aforesaid, shall forfeit for every offence two pounds Provincial Currency, being thereof convicted before any one or more Justice or Justices of the Peace, on the oath of one credible witness, which said penalty, together with all reasonable costs, shall be levied by distress and sale of the offender's goods, and in the default of distress such offender shall be committed to the common Gaol of the District for a term not exceeding one month.
