MARMORA IRON WORKS,

The sale of these WORKS has been postponed until further Notice.

BUT the Wares of the establishment are offered for sale at 25s. per Cwt. for all heavy Castings and Pot Ash Kettles—at 27s. 6d. per Cwt. for Sugar Kettles,

HALLOW WARE, STOVES &c. delivered at Kingston, and Wheat, Flour, and Pot Ash, will be taken in payment at the current price in that Market—or a discount of 5 per cent made for CASH.

Among the advantages which Purchasers, and Dealers, in the Articles, would derive from giving a preference to the Castings of these

WORKS,

are the following. First, The Wares are fully of a better quality, than those got else where. Secondly, They are offered for sale at least 25 per cent under the rate at which the same kind of GOODS can be laid down at Kingston from Montreal—without taking into consideration the risk of

TRANSPORT.

Thirdly, From the very superior quality of the Metal from which the wares are manufactured, and from the experienced already had by many who have used them for a length of time—the Subscriber is warranted in saying—that they are of so means so liable to crack as the

CARRON

or other Ware of similar establishments known to the people of this Province. Lastly, The receiving payment in the Produce of the Country should be considered an advantage (when combined with the sufficient importance to Buyers; to secure a preference for the consumption of a Provincial manufacture of superior quality and comparatively low price.

The Subscriber in the name of

Peter McGill, Esquire

THE PRESENT PROPRIETOR,

The support required is simply to give a preference in their purchases to the manufacturers of MARMORA, which are articles of daily necessity and consumption—both good and cheap—instead of sending to the United States and Lower Canada for articles of a similar description comparatively inferior quality, and higher price.

A. MANAHAN, Marmora Iron Works, 5th November, 1827.
