PROSPECTUS FOR PUBLISHING A WEEKLY RELIGIOUS NEWSPAPER AT KINGSTON, U. S. CANADA—TO BE EXCLUSIVELY DEVOTED TO THE INTERESTS OF THE ESTABLISHED CHURCH OF ENGLAND, AND THE SUPPORT AND ILLUSTRATION OF HER PRIMITIVE AND APOSTOLIC DOCTRINE, MINISTRY AND WORSHIP—to be called "THE WARDEN." WHILEST other denominations of Christians are engaged in the laudable undertaking of circulating Bibles, and other useful vehicles of Religious Instruction according to their respective views, in unlimited numbers, it has never been a matter of regret that the Church of England should have slumbered upon the project now (under the Divine Blessing) to participate in the success of, and which in a few words is expressed at the head of this Prospectus—That this indifference has arisen from the conviction that the views of her principles are not only unobjectionable, but sanctioned by antiquity and cherished by the word of God—forms no apology to the rising generation of Episcopalians in this infant Colony for the neglect in impressing their minds with the just view of the importance of their hereditary doctrines, and the necessity of a strict adherence to the pure principles of that venerable Institution of which they profess themselves members. It is not to be regretted that this information be more easily and satisfactorily obtained through the pages of a well regulated Newspaper devoted to whatever concerns the spiritual welfare of the people and the interests of the Church, important and useful not only to the means of conveying general information in relation to matters which more particularly concern us as Churchmen, but as tending to produce a correct religious impression upon the people, and best calculated to advance the great cause of Evangelical truth! With these views we humbly and respectfully lay our project before our brethren of the Church, convinced that her interest will be advanced by the means we are pursuing, and that our views will be approved through the present and succeeding generations. The columns of THE WARDEN shall never be stained with any polemical feeling, or subject likely to excite religious controversy or party prejudice. They will be open to the communications of the Protestant Clergy and Laity, whose co-operation, with that of all our brethren, we most anxiously and fervently solicit. The Editorial department will be conducted by one of more of the Episcopal Clergy, and the mechanical part executed at the office of the Upper Canada Herald—and while we entertain all the Labourers in the Vineyard to assist us, as it is in Jesus—in promoting a fervent and rational piety, we would desire them to remember us in their prayers, that our humble efforts may be blessed of heaven in extending the knowledge of the Truth as it is in Jesus—in promoting the advancement of that primitive communion of which we are members, and in impressing the encouragement of those temperate affections which should find a home in the hearts of those who would be found at last the disciples of the son of God. Upon the most moderate calculation that has been made on the subject of the subscriptions for this undertaking, we find that the expense annually will not exceed £25 6d., exclusive of postage. THE WARDEN will be published on Saturdays, upon an excellent sheet of Canadian manufacture, and it is expected that the clergy to whom we send our copies, will act as agents, and transmit, on or before the 1st of January next, the names of the subscribers to John Macaulay, Esq. Kingston, May, 1830.

UNITED exertions on the part of its friends are necessary to prevent loss. Will they not be made? The question is asked with solicitude, but the desire of making the paper useful yields the hope that it will not be asked in vain. CONDITIONS.
