PROSPECTUS FOR PUBLISHING A WEEKLY RELIGIOUS NEWSPAPER AT KINGSTON, U. CANADA—TO BE EXCLUSIVELY DEVOTED TO THE INTERESTS OF THE ESTABLISHED CHURCH OF ENGLAND, AND THE SUPPORT AND ILLUSTRATION OF HER PRIMITIVE AND APOSTOLIC DOCTRINE. MINISTRY AND WORSHIP to be called "THE WARDER."

WHILST other denominations of Christians are engaged in the laudable undertaking of circulating periodicals and other useful vehicles of Religious Instruction according to their respective views, in unlimited numbers, it has ever been a matter of regret that the Church of England should have slumbered upon the project now (under the Divine Blessing) anticipate the success of, and which in a few words is expressed at the head of this Prospectus—

Where can this information be more easily and satisfactorily obtained than through the pages of a well regulated Newspaper devoted to whatever concerns the spiritual welfare of the people and the interests of the Church, important and necessary as the means for conveying general information in relation to matters which more particularly concern us as Churchmen, but as tending to produce a correct religious impression upon the people, and best calculated to advance the great cause of Evangelical truth!

With these views we humbly and respectfully lay our project before our brethren of the Church, convinced that their interests will be advanced by the means we are pursuing, and her apostolic purity sustained through the present and succeeding generations. The columns of THE WARDER shall never be stained with any polemical feeling, or any subject likely to excite religious controversy or party prejudice. They will be open to the communications of the Protestant Clergy and Laity, whose co-operation, with that of all our brethren, we most anxiously and fervently solicit. The department will be conducted by one or more of the Episcopal Clergy, and the mechanical part executed at the office of the Upper Canada Herald—and while we encourage the Labourers in the Vineyard to aid and assist us, not only as correspondents, but as agents in the encouragement of a fervent and rational piety, we would desire them to remember us in their prayers, that our humble efforts may be blessed of heaven in extending the knowledge of the Truth as it is in Jesus—in promoting the advancement of that primitive communion of which we are members, and in impressing the encouragement of those temperate and abstemious which should flourish in the hearts of those who would be found at last the disciples of the son of God.

Upon the most moderate calculation that has been made on the subject of the subscriptions for this undertaking, we find that the expense annually will not exceed 12 s. 6d., exclusive of postage. THE WARDER will be published on Saturdays, upon an excellent sheet of Canadian manufacture, and it is expected that the clergy to whom we send our prospectus will act as agents, and transmit, on or before the 1st of July next, the names of the subscribers to John Macaulay, Esq. Kingston, May, 1850.

The above articles have always been found of a very superior quality. DAVID JOHN SMITH, Kingston, 24th August, 1850.
