

NEW YORK AMULET: PROSPECTUS OF THE SECOND VOLUME.

We scarcely know whether, in commencing a Second Volume of the New York Amulet, it is necessary to present our Readers with a new Prospectus. On the further consideration, however, that our readers will have a new Editor, and that the Editor hopes to have many new readers, it may be proper to speak briefly of the character and intention of our Work.

It is our wish, and to the extent of our humble powers, will be our constant endeavour, to promote those two great essentials of human happiness, love towards God, and love towards man. When the first, indeed, is found in sincerity, the latter cannot be absent.

Thus far our work will be entitled to the appellation of religious; but it is not our purpose to make it theological, or to enter into any of those controversies in which, it is much to be regretted, there is too frequently, more of the spirit of party than of piety.

It is the triumph of unbelievers that the religious world have divided among themselves; we would unfold the standard of truth, and show the scaffold that the principles of religion are throughout the same.

Original Tales, of feeling or fancy, will form a prominent feature in the present as in the past Volume. Nor will the spirit of chaste humour be frowned austerely from our columns. We think with Solomon, "there is a time to laugh," and, in season, we shall be glad to hear our readers laugh with us.

Poetry, in all its variety—Criticism, as far as we dare venture on such dangerous ground—Interesting Anecdotes, Extracts, &c. &c. will hold their due stations and importance in our Work.

The claims which the Amulet has put forth to Originality, will be very much augmented. In addition to the distinguished names already inserted, we have secured the contributions, and which the Editor fondly hopes will not be lessened, he is enabled to say confidently, that the second volume of the Amulet will contain articles from several distinguished Authors on the other side of the Atlantic—the former literary associates of the Editor.

Editors inserting their Prospectus will receive a sixth copy for their trouble. The only cause of complaint, as far as we are aware, which has been found in the first Volume, shall be removed.—The Amulet will be published and mailed punctually on the 7th and 21st of every month.

Terms.—To City Subscribers, supplied by a Carrier, and in handsome printed covers, One Dollar and Twenty-five cents. Subscribers supplied by mail, One Dollar. Subscriptions payable in advance.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council, that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of the lot, by burning or totally removing all the timber, wood, and under-wood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a wagon wheel may easily pass over any thing that stands within that space, and he shall sow with grass seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the lot for the space of two years, a patent may issue without other condition of Settlement Duty.—But in cases where the lot has not been so occupied, a patent shall not issue until the Locatee, in addition to the Road Duties, above described, shall have wholly cleared the timber from the front of his lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, is produced to the surveyor near within two years and a half, the lot shall be again open to Location.

Nothing shall not interfere with the order in council of 14th May, 1830, which applies exclusively to discharged soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this regulation, or to the regulations which were in force before the making of this order.

Lastly, it is ordered, that where a Grantee has a grant of more than one lot in a township, and resides upon one of them, the Settlement Duties in respect to those lots, on which he does not reside, shall conform to the Road Duty, and the clearing the chain in front of the lot, as above mentioned.
