

ny clay from which it sprang, until the light which bore it upward be no more!

THE HERALD. Kingston, Wednesday, March 21, 1832.

Our attentive friends at New York, the Editors of the Commercial Advertiser, have favored us with several large English papers, among which is the LONDON GOVERNOR of the 3d. of February—probably the latest English paper now in Kingston.

Another column will be found English dates to the 6th February, which mention that a conspiracy had been detected at Paris. The Commercial Advertiser, however, contains still later intelligence from Europe, namely, from Havre to the 10th February. The following are items.

Advices from Alexandria, received at Trieste, state that Ibrahim Pacha had received a severe repulse at St. Jean d'Acree on the 9th of December. On the morning of that day, he ordered a general assault on the town by sea and land, which continued for eight hours, without interruption. The Egyptians were killed in great numbers, and their fleet, which was much damaged, was compelled to leave the port, while the army retired upon Caiffa.

The troops of the Pope, on the 20th February, carried all the barricades which had been thrown up in the vicinity of Casanova, and took the place with some slaughter, and made a hundred prisoners. On the next day they occupied the village of Forli, without opposition. On the 25th, Bologna was occupied by the pontifical forces in conjunction with the brigade under General Gabrukwy.

From the Bellefleur Phoenix. Pursuant to a requisition from several freeholders, a general meeting of the inhabitants of the county assembled in front of the Belleville house in this place, on the 10th, inst. for the purpose of adopting an address to the King, on the subject of certain grievances.

Mr. Samson then came forward to controvert the assertions expressed and implied in that address, and he commenced to expose its falsehood, absurdity and inconsistency, but a few of the disaffected party made it a point to interrupt him at almost every sentence he uttered.

There is no ambiguity in this Resolution. It fully justifies what we have repeatedly asserted—that the object of the grievance mongers is to subvert the Constitution of our Province, and establish a Republic on its ruins.

It being in contemplation to establish at Kingston an Office of Information for Pedigrees and other valuable papers, hand in the County of Frontenac, persons having Papers or Documents of this nature, are requested to send a description of the same to the Office of the printer, respectively to the following directions.

WE feel every confidence that the misrepresentation of a few men opposed to British rule and British institutions, will never induce your Majesty to consent to any violation of the constitution of our happy Province.

When we hear of the misery and oppression which exist in other countries, we feel that we have reason to be grateful for our peace and happiness, and for the unequalled prosperity of Upper Canada.

Between four and five hundred persons signed the above address, on the spot.—We have not time to make any remarks, in this impression.

ANTI-REFORM MEETING.—A meeting has lately been held in the Town of Kingston, which is said to have been a meeting of the county assembled in front of the Belleville house in this place, on the 10th, inst. for the purpose of adopting an address to the King, on the subject of certain grievances.

SAINT PATRICK'S DAY.—A sumptuous dinner was given on Saturday last, at Mr. Meagher's Hotel, by the sons of Saint Patrick residing in this Town. Mr. PETER McDONALD presided, and Mr. ARTHUR FOSTER performed the duties of Vice President. During the evening a number of loyal and patriotic toasts were drunk, interspersed with excellent songs, and at 12 the party broke up, highly gratified with the hilarity which the occasion called forth.

THEATRE.—We beg to apprise our readers that on Tuesday next will be performed at the Amateur Theatre the celebrated Comedy of SPEED THE PLOUGH, and the Tragic Burlesque Opera BOMBASTES FURIOSO.

NIAGARA, A POEM.—A neatly printed work bearing this title, and containing sixteen pages, has been politely handed to us. It is the production of a gentleman residing in this District, and evinces a degree of spirit, taste and genius, highly commendable. We shall hereafter enrich our columns with a few extracts from this meritorious little Poem.
