

NEW-YORK AMERICAN,
Daily, Volume 13—an evening paper which gives the latest news of the day, both foreign and domestic, up to the hour of departure of the mails, south and north. It also contains Literary and Miscellaneous Selections, from the best Foreign and American journals, together with a Review or Notice on Saturdays of most of the new Publications that have issued from the Press during the week; it has also a liberal patronage as an advertising paper, and therefore unites the advantages of *Business, Instruction, and Amusement*. Those who advertise in the daily paper, have the privilege of advertising also in the *Tri-Weekly American*, if they desire it, without any additional expense.

Terms, TEN dollars per annum, in advance.

NEW-YORK AMERICAN,
Semi-Weekly, Volume 13, is printed on a large imperial sheet of superior paper, and will contain the latest news, both foreign and domestic, with copious selections from literary and scientific journals, both European and American; also, reviews or notices of most of the new publications of the day. A column or more will also be devoted in each paper to *Internal Improvements, Mechanics, Agriculture, or Horticulture*, which will serve to give variety, without interfering with those subjects to which it has been heretofore devoted. The *Semi-weekly New York American* will also contain a Price Current and Bank Note List, together with sales of Stock, Real Estate, Cattle, Sheep, Hogs, &c. all carefully prepared for this establishment.

Terms, FOUR dollars per annum, in advance—or five dollars if not paid in advance.

NEW-YORK AMERICAN,
 The *Tri-Weekly American* contains the same that is given in the *DAILY* paper, and differs from it only in being published every other, instead of every day. This is the only *Tri-Weekly* paper published in New-York. It is a very convenient medium of intelligence, at a very cheap rate, for Gentlemen in the country, who wish not only to read the news of the day, but also to learn what is doing in the business community. In the *Tri-Weekly*, as well as in the *Daily New-York American*, will be found, in addition to the news and advertisements of the day, an extensive Marine List, Sales of Stocks and of Real Estate, Prices Current, and Bank Note Table,—and all for the moderate price of five dollars a year in advance, or just one half the price of a daily paper, as well as of the postage. Although it contains as much reading and advertising as the daily paper, the advertisements are not so often published in it as in the daily, which enables us to give all the reading matter of the *Daily*.

Terms, FIVE DOLLARS per year, in advance.

AMERICAN RAILROAD JOURNAL AND ADVOCATE OF INTERNAL IMPROVEMENTS,

Volume 2d.—This Journal was commenced on the 1st of January, 1832, with a single subscriber. It has now just commenced its second volume, with near one thousand subscribers, scattered in every state in the Union. It was at first devoted to the subject of *Railroads & Internal Improvements*, news of the day; but it now embraces in addition to the above, a department for *Agriculture*, and another for the *Mechanic Arts*, wherein will be found an account of most new inventions. Such, indeed, has been the encouragement held out, that the publisher is induced to extend its usefulness, by making it, not only a journal of the progress of *Internal Improvements* by means of *Railroads, Canals, and Steam Carriages*, in our own country and in Europe, but also by making it a journal of mechanical improvements and inventions, and thereby collecting a greater variety of useful information, relating to such subjects, into a smaller compass, and at a less cost than can be found in any other publication now before the public. Arrangements have been made to give engravings or illustrations of such new inventions as may be deemed important to the community. The *American Railroad Journal and Advocate of Internal Improvements*, will also contain much interesting and useful literary and news reading, with such public documents as may be deemed worth recording for future reference. It will also contain *Meteorological Tables*, kept at Montreal, L. C., New York city, Charleston, S. C. together with others kept at intermediate places.—We have also the promise of one kept on Red River, in Louisiana; also, Prices of Stocks, Sales of Real Estate, Prices Current and Bank Note List, &c. &c.

Terms, THREE Dollars per annum, in advance.

also give many interesting items of news and occurrences of the day, and devote one page out of four to advertisements, as required.

Terms, \$1.50 per annum, in advance to single subscribers; or twelve copies will be sent for \$15, if paid in advance. All communications for any of the above works may be addressed to the Proprietor, D. K. MINOR
