It also contains Literary and Miscellaneous Selections, from the best Foreign and American journals, together with a Review of News on Saturdays of most of the new Publications that have issued from the Press during the week; it has also a liberal patronage as an advertising paper, and therefore unites the advantages of Business, Instruction, and Amusement. Those who advertise in the daily paper, have the privilege of advertising also in the Tri-Weekly AMERICAN, if they desire it, without any additional expense.  
Terms, TEN dollars per annum, in advance.

**NEW-YORK AMERICAN.**  
Semi-Weekly, Volume 13, is printed on a large imperial sheet of superior paper, and will contain the latest news, both foreign and domestic; with copious selections from literary and scientific works, both European and American; also, reviewer notices of most of the new publications of the day. A column or more will also be devoted in each paper to Internal Improvements, Mechanical Inventions, or Horticultural, which will serve to give variety, without interfering with those subjects to which it has been heretofore devoted. The Semi-weekly New York American will also contain a Price Current and Bank Note List, together with a list of Stock, Real Estate, Carriage, Shares, Hogs, &c. &c. all carefully prepared for this establishment.  
Terms, FOUR dollars per annum, in advance—or five dollars if not paid in advance.

**NEW-YORK AMERICAN.**  
The Tri-Weekly AMERICAN contains the same that is given in the DAILY paper, and differs from it only in being published every other day. This is the only Tri-Weekly paper published in New-York. It is a very convenient medium of intelligence, at a very cheap rate, for Gentlemen in the country, who wish not only to read the news of the day, but also to learn what is doing in the business community. In the Tri-Weekly, as well as in the Daily New-York American, will be found, in addition to the news and advertisements of the day, an extensive Marine List, Sales of Stocks and Real Estate, Prices Current, and Bank Note Table,—and all for the moderate price of five dollars a year in advance, or just one half the price of a daily paper, as well as of the postage. Although it contains as much reading and advertising as the daily paper, the advertisements are not so often published in it as in the daily, which enables us to give all the reading matter of the Daily.  
Terms, FIVE DOLLARS per year, in advance.

**AMERICAN RAILROAD JOURNAL AND ADVOCATE OF INTERNAL IMPROVEMENTS.**  
Volume 2d.—This Journal was commenced in Kingston, 1st Nov. 1832, with a single subscriber. It has now just commenced its second volume, with near one thousand subscribers, scattered in every state in the Union. It was at first devoted to the subject of Internal Improvements, and the news of the day; but it now embraces in addition to the above, a department for Agriculture, and another for the Mechanical Arts, wherein will be found an account of the most important inventions, and the progress of Internal Improvements by means of Railroads, Canals, and Steam Carriages, in our own country and in Europe, but also by making it a Journal of mechanical improvements and inventions, and thereby collecting a greater variety of useful information, relating to such subjects, into a smaller compass, and at a less cost than can be found in any other publication now before the public. Arrangements have been made to engrave engravings or illustrations of such new inventions as may be deemed important to the community. The American Railroad Journal and Advocate of Internal Improvements, will also contain the progress of the Literary and News reading, with such public documents as may be deemed worth recording for future reference. It will also contain Meteorological Tables, kept at Montreal, L. C., New York City, Charleston, S. C., together with others kept at intermediate places.—We have also the promise of one kept on Red River, in Louisiana; also, Prices of Stocks, Sales of Real Estate, Prices Current, and Bank Note List, &c. &c.

**NEW-YORK FARMER AND AMERICAN GARDENER'S MAGAZINE.**  
Whole number, Vol. 6. New Series, Volume First. No. 1, for January 1833, is just published. This is an AGRICULTURAL periodical, published monthly, containing 32 large quarto pages, three columns each, devoted particularly to Agriculture, Horticulture, &c. It will also contain much interesting matter upon other subjects, such for instance as road making, and repairing, together with steam carriages for common roads, with other modes of improving internal communication. Its main object, however, is to collect from those who cultivate the soil scientifically, and observing, and to disseminate such information as may tend to improve the mode of cultivation throughout our widely extended country. No person will deny the utility of such a publication properly conducted; nor will any one doubt me when I say that such a paper cannot be properly conducted and handsomely executed, without an extensive circulation and prompt payment to meet its expenses.  
Terms, THREE Dollars per annum, in advance; and will not be sent without, as at present price, it will not pay a commission for collecting, nor bear the loss arising from want of punctuality on the part of subscribers.

**THE AMERICAN PLOUGH-BUY.**  
This is a small agricultural paper, designed more particularly for those who do not choose to take a more expensive work and yet are desirous to understand how others manage agricultural affairs. It will in a measure be confined to giving details of the practical operations of practical farmers, rather than the speculations of the more scientific. It will draw considerably upon the columns of the New-York Farmer and American Gardener's Magazine, as well as other agricultural publications. It will also give many interesting items of news and occurrences of the day, and devote one page out of four to advertisements, as required.
