R. LIBBY's BITTERS are a certain cute of Dyspepsy and Nervous Affections: they re peculiarly adapted to remove these distressing omplaints, not by constantly physicing, but by strengthening the system. No greater mistake can be made then to suppose that Dyspepsy, or any other disease arising from debility, can be curred by frequent forced action on the bowels with purgative medicines. Where these complaints exist, the system is already too weak, and every additional dose tends to make it more so. The Bitters, on the contrary, acting as a tonic, strengthen the digestive organs and assist them to perform their functions as nature designed. Hence it is found to be efficacious also in those diseases peculiar to females, which arise more frequently from weakness than from any other cause. The aged and ness than from any other cause. The aged and infirm of both sexes, and persons of sedentary habits prone to costiveness, who have suffered from loss of appetite, have experience great benefit from them. In convalescence from fevers, and other acute disorders, it restores strength; and individuals afflicted with Nervous Headache, and other derangements of the nervous function, have been entirely cured by this remedy. DOCTOR ALLEN'S BALSAM OF HOAR-HOUND, LIVERWORT & PLEURISY ROOT, for coughs, colds, consumption & liver complaint. Consumption is a disease often secomplaint. Consumption is a disease often se-oretly lurking in the system for years before there is the least complaint of the lungs; and in this stage it can be cured as effectually and as certain-ity as any other disease. Let not persons delay the ase of medicine, until their lungs are sensibly affected, but in due season resort to Dr. Allen's Balsam of Liverwort. This medicine has proved even the "Conquerer of Physicians," for which all mankind will have abundant cause to bless the hand of providence.

CURE FOR WORMS.

B. A. PAHNESTOCK'S VERMIFUGE,

PREPARED BY

B. A. Fahnestock & Co. Pittsburgh, Pa.

HIS preparation has now stood the test of several year's trial, and is confidently recommended as a safe and effectual medicine for expelling worms from the system. The uneximpled success that has attended its administration in every case where the patient was really afflicted with worms certainly renders it worthy

the attention of Physicians.

The proprietor has made it a point to ascer tain the result of its use in such cases as came within his knowledge and observation; and he invariably found it to produce the most salutary effects; not unfrequently after nearly all the or-dinary preparations recommended for worms had been previously resorted to without any perma-nent advantage. This fact is at tested by the cernent advantage. This fact is attested by the certificates and statements of hundreds of respectable persons in different parts of the country; and should induce families always to keep a vial of the preparation in their pessession. It is mild in its opperation, and may be administered with perfect safety to the most delicate infant.

The genuine Vermifuge is now put up in one curse, viels, with this impression upon the class.
