R. LIBBY's BITTERS are a certain cure of Dyspepsy and Nervous Affections; they re peculiarly adapted to remove these distressing omplaints, not by constantly physicing, but by strengthening the system. Adam, had suffered f. om weak lungs since the age of 11 years, had generally a cough, pale countenance, and loss of strength; this weakness of lungs increased until she was usable to speak a loud word. Her medical adviser gave it as his opinion that she was in consumption, and that no reasonable hope could be entertained of her recovery. The first of last March-sie commenced using Dr. Allen's Brisam of Hosthound, Liverwort and Pleurist Root; the effect it had upon her was astonishing; she regained her voice and health, and is perfectly free from all symptons of consumption or weak sings.
