

PROSPECTUS.

THE Public are informed that arrangements are in progress to publish a Weekly Newspaper to be called 'The Packet'.

The Publisher pledges himself that no article of a sectarian or clamorous character shall ever grace the columns of the Packet; on the contrary every thing having a tendency to amalgamate the heterogeneous population of this Country and give it a united character will be liberally disseminated through its columns.

To prevent all misconception as to the political tone which the Packet will assume, the subscriber at once announces that he will, as he has ever done, support Responsible Government.

Responsible Government as laid down by Lord Durham in his administration, and as contended for by the late Ministers in their resignation.

From an extensive acquaintance with the inhabitants of almost every part of this Country of all shades of opinion the subscriber is convinced that no other system of Government yet devised will give so much satisfaction to the people of Canada, or be viewed with less distrust by them.

A Government of the sort, however, is distributed mysteriously, so matter how wisely administered, must be viewed with suspicion, and produce discontent; on the contrary, an open Government which protects all and grants favors to none but those who really deserve them and have the confidence of the Country, must eventually command the support of all who are only desirous of good Government.

Instead of drawing a wide line between parties who have hitherto been estranged from each other by causes upon which no political opinion has had no control, it will be the principal object of the Packet, to draw these parties together and to show them that it is the interest of all to combine together at the present crisis for the general good.

The subscriber does not subscribe to the doctrine that there must be two great parties in the Country at the present time, from his knowledge of the Country, he is satisfied that nearly all disinterested politicians in it are of the same party; and that nothing but misapprehension and a want of information amongst the masses opposed to Responsible Government keeps them in opposition to it.

With this object in view the Packet will endeavour to steer its course into all channels guided by the lights of experience and common sense as political writers. Peace and good government, the masses will be proclaimed and taught on the one hand; and on the other, all disturbers of the peace; all selfish office holders and politicians; all political adventurers; all political fabricators, no matter what they profess, will be held up to sarcasm and be properly exposed.

As to the "clap traps" about loyalty, attachment to the British Constitution, &c., with which so many Prospectuses and Addresses abound, the subscriber does not deem it necessary to say one word. He has not only seen, but experienced, many villany perpetrated under such professions.

All he professes to advocate is good, cheap, rational Government, suited to the social condition and inclinations of the thinking people of Canada; and he cares not by what name it is called, or what is the religious or national complexion of the person who supports, advocates or administers it.

The Packet will be published at Prescott. It is presumed that Prescott will become in a very short time one of the first Towns in Canada. So soon as the St. Lawrence Canal is completed, we may fairly expect such an anticipation realized.

Its position, as the foot of Sloop and the head of Boat navigation must make it the principal Forwarding Depot of the entire Western Country. It has not only a fine harbor, but every pains will be taken to further its prosperity, as well as the country round about it, bounded by the St. Lawrence and the Ottawa Rivers.

Now that Montreal is established as the Seat of Government, it may fairly be anticipated, from the fact of the rapidly increasing settlements, advance immediately West of Seats of Government on this Continent, that this particular section will be filled by upland Emigrants from the Mother Country, who are ever desirous of establishing themselves in localities not far removed from the Seat of Government.

Information connected with this section of the Province, which taken altogether for convenience of Towns, Villages, Markets, Mills, Navigable Rivers, Canals, Soil, Climate and organized Society stands unrivalled in Canada will be prominently pointed out to emigrants.

From two to eight times cheaper

Than before, or nothing if the user is not delighted with it.

AN article that every Family must consider indispensable when they know its power and value, and which has heretofore been sold too high to reach all classes, has now been reduced in price, with a view that rich and poor, high and low, and in fact every human being may enjoy its comforts; and who get it shall have the price returned to them if they are not delighted with its use.

We assure you, on the responsibility of our characters, that sympathy for human suffering induces, at least in part, our earnest solicitation that a simple trial should be made in any affliction named below. We think it not imprudent or too much to say, that nothing like it or in any degree so effectual, has ever been discovered in Medicine.

You will please observe it is no "sovereign remedy for all complaints," but only intended for External application and will cure the following: Burns, Scalds, Frosted Parts, Chilblains, Chafe or Galls, Chaps, Fretter, Pimples, Blisters, Polyp, Ulcer, Sprains, Erysipelas, Stabs, Cuts, Bruises, Strain, Ear and Tooth-ache, Mumps, Sore Throat, Runaways, Whitlows, Piles, King's Eruption, Sore Eyes and Lids, Weak Nighs, Sore Lips, Punctures, Bites and Warts, Fever Pains, Pain in Back and Side, Tender Feet, Inflammatory Rheumatism, Tic Dolorous, Acute in Face and Breast, Fever Sore, Old Burn Scars, Prickly Heat, Inflamed Skin, Broken Bones, Sore Nipples, Rashes, Hemorrhoids, Surfaces, Dressing for Blisters, White Swellings, Cuts in Wounds, Sore Corns, General Sores, Smallpox Marks.

Though we have named numerous affections, experience has taught us that they are not too many. It will be necessary to know that the article called CONNELL'S is the only one we can recommend; but must caution against some imitations that we have reason to believe are of no use but injurious. We will present it to the poor who have actual need of it, and whom you may see for it. Remember it is CONNELL'S MAGICAL Pain Extractor.

All Country Merchants are requested to take it to their Towns on commission, as the greatest blessing to mankind that has been discovered in Medicine. This is strong language, but you may depend upon it will fully justify it. Call on all the Agents for a pamphlet gratis to all, and very interesting, also the names of all the Clergymen in New York.

CAUTION.—Be sure and get CONNELL'S, as counterfeits and imitations appear under other names. See that it is direct from CONNELL & Co. or never touch it.

COMSTOCK & Co. Physicians and Chemists. Scrofula, Chronic Rheumatism, General Debility, Catarrhs of the Bladder, Eruptions of the Skin, Mercurial and Syphilitic Diseases, Blisters from an impure habit of body, Ulcerations of the Throat and Leg, Pains and Swellings of the Bones, Liver Affections, Pimples or Blisters on the Face, and all Diseases arising from an impure state of the Blood, Exposures and Impurities in Life, Excessive Use of Mercury, &c.

The great popularity of Sarsaparilla, and its established efficacy, render it superfluous to enter into any encomium of its virtues, or adduce any evidence in its favor.

The Sarsaparilla is warranted positively as good as any other that can be made at One Dollar, at just half the price of those so much advertised, and as strong and in as large bottles, viz: Fifty cents per bottle, or Five Dollars per dozen.

This article has cured Scrofula of 30 years, after the Dollar articles had been used in vain. To be had of the agents of Comstock & Co., only, throughout the country, in New York only, at 21, Cortlandt Street.

THE REASON. Some people are foolish enough to believe that we cannot afford to make as good an article of Sarsaparilla Extract and sell it for 50 cents per bottle or \$5 per dozen, as all other that sell for just double that money. The simple fact is this, and all will now be convinced. While Five Hundred dollars are squandered by others in a column or two of advertisements, we do not spend Five. Therefore we make the public pay half as much for as good or better article as any one else, the real cost in making the article is probably more than others, as we use nothing but the best Sarsaparilla Root, &c. We sell three bottles, to one of the dollar priced bottles, now the public know what we charge for it, and its virtues are such as not to require half a newspaper to sustain its reputation.

Inquire always for Comstock & Co's Sarsaparilla, at Fifty cents, and have no other. Sold by COMSTOCK & Co. 21, Cortlandt Street, New York.

TO LET. TWO STONE HOUSES with two SHOPS and a pleasantly situated COTTAGE. Possession given 1st May next. Apply to JOHN BURLEY, Kingston, 1st April, 1844.
