There are seven performers, each of whom has before him six or eight bells of different tones, which he rings in succession as required by the air, the whole forming a combination of rather pleasing music. Intermixed with the bell ringing there are performances on the flute and guitar, and singing. The flutist is a capital player on his instrument. The performers appear in the Swiss costume, but they are all Americans.

One Million and a Half Acres of Land HIP PPPBB CASPADA.

TO OLD SETTLERS, EMIGRANTS AND OTHERS.

THE CANADA COMPANY offer about the above stated quantity of Land particularized in their Printed Lists of this date. It consists of Lots of from 100 to 200 Acres each, scattered throughout the country—of Blocks containing from 1,000 to 10,000 Acres in the Western District, and of a very important territory of 700,000 in the Huron Tract—90 miles South of Owen's

Sound.

These Lands are offered on the most advantageous and beneficial terms to suit the means of views of Settlers of every description,—they may be had for Cash down—one-fifth Cash, and the remainder of the Purchase Money in five Annual Instalments, with interest—or by way of LEASE for TEN YEARS—NO MONEY BEING REQUIRED DOWN. The Rents payable lat February in each year—being et ual to about the interest upon the present value of the Land. The peculiarity of the Company's Leases is, that under them the Company's Settler has secured to him the entire benefit of his improvements, and increased value of the Land,—as he is guaranteed the right of purchase of the Land at a fixed price named in the Lease, at which he may at any time during the Ten Years, demand the Deed for the Freehold: thus, for example, by paying the moderate Annual Ront of \$12, and no more, upon 100 Acres of Land now selling at 10s, per acre, he secures the use of the Land for Ten Years, and then, if he chooses, he may purchase or reject it altogether, as he may find it to his advantage,—the option being chirrely with the Lessee. The SETTLERS' SAVINGS BANK, by which the Company allow their Leasees Interest at 6 per cent. per annum on Monies deposited,—the amount being always at their disposal

The SETTLERS' SAVINGS BANK, by which the Company allow their Leesees Interest at 6 per cent. per annum on Monies deposited,—the amount being always at their disposal without notice, with daily interest accrued,—will enable the provident and infustrious tettler to accumulate sufficient means to purchase the Land he leases, if he choose so to do.

By the ENHIGRANTS' DEPOSIT BANK, the Company allow Interest at the rate of 4 per cent. per annum, upon monies deposited by Emigrants, for any period not less than 90 days—the money being always at the disposal of the Emigrant without notice.

The Compary will REMIT any sum of money for SETTLERS to their friends at HOME, by placing the amounts in the hands of the parties for whom they are destined free of all cost, expense and risk, accompanied by every kind of useful information upon Canada. Last year the Company sent home in this manner, £4,141 12s. 7d. from 265 Settlers.

The Company will REMIT any sum of money from EUROPE to CANADA by Letters of Credit upon their Commissioners in the Province.
