Waterford, Saratoga Co., N. Y. Feb. 28, 1835.

Nors.—The following definition the author
has attached to his original term presstraction:
The natural power that causes bodies to approach each other, without any sensible cause,
through the elastic medium, electric pressure.
From the nature of the real principle (pressure,) arrive at Kingston, early next morning. Will leave Kingston every WEDNESDAY and SATURDAY mornings at 8 o'clock, touching at the intermediate places, and arrive at the Carrying Place same evenings, in time to meet the Stages for Cobourg Port and Toronto. and the apparent one (traction,) causing the mutual approach of abodies or substances, without any visible cause, he has established the term presstraction; The verb presstract seemingly carries a contradiction, (press-draw.) as After the 20th May, Passengers leaving Montreal on Monday and Thursday mornings, can take the Kingston at Prescott, and will arrive in time for the St. George, which leaves Kingston on Wednesday and Saturday mornings for Cobourg, Port Hope and Toronto. the real and apparent cause producing gravity involves a contradiction. Therefore, the au-thor thinks that presstruction is the most appropriate term to represent the principle of gravity. The above work so far as it involves electricity, will be endorsed (through citation,) by the spirit of the philosophy of Franklin, relative to his electrical experiments, to establish the rinciples, but the applications, however, are entirely original. All Packages and Luggage at the risk of the owner, unless booked and paid for. Every attention will be paid to the com-fort of Passengers, and the Boat is well a-dapted to take freight, horses, &c. Kingston, April, 1835.
