THE VILLAGE OF THOROLD occupies both sides of the mountain ridge, or summit level of the Welland Canal, 350 feet above the level of Lake Ontario, and is known to be peculiarly healthy. There are neither swamps nor marshes in its vicinity; and it stands in the centre of a fertile plain, in a direct line between the City of the Falls and St. Catharines, in the Niagara District.

But 5 years can be dated from its origin, and so rapidly has it progressed, that it contains more than 400 souls; two Churches, a School-House, Post office, several good Stores, a Medical Establishment; an extensive Flour mill, a Jewellery, and four Sawmills, with Blacksmiths, Carpenters, Shoemakers, Carmakers, Tailors, and several other Tradesmen's establishments, are at full work. A new Carriage and Fitting mill, and Grist mill, are nearly ready for work, and a great number of additional houses are nearly completed.

There is a direct communication to Lake Ontario, and Lake Erie, by a constant succession of Schooners and Boats, affording great advantages for the conveyance of merchandise and agricultural produce to different markets. The water has a fall of forty feet, and power to an extent equal to that of the whole of the province.

propelling machinery for any manufacturing purpose, for which the water can be had in abundance, and for which the water can be had in abundance, and for which the water can be had in abundance.

The Subscriber, in calling the attention of Manufacturers and Merchants, to this rising Village, offers to sell some very advantageous Lots, on moderate terms, and long credit, to actual settlers only. GEORGE KEEFER, Thorold, October, 1835. 873

WATER-PROOF CLOTH CAPS.

THE Subscriber with much labour and expense, has succeeded in the manufacture of WATER-PROOF CLOTH CAPS, which in connection with his FUR CAP FACTORY, he will continue to make from the West of England Cloth; Water-proof Cloth Caps of different patterns, qualities and colours, which for elegance, durability, comfort and economy, rival every description of Caps heretofore manufactured in this country.

For the winter, the caps are made of a warm and soft material, and are equally adapted for the summer, by removing the band or cap perfectly agreeable and comely for the milder season, thereby possessing both the advantages of a summer and winter cap—always retaining their flexibility and being perfectly Water-Proof, will doubtless diminish the use of both Hats and Fur Caps, or at least moderate the necessity of either.

P.S.—Samples of the above Caps will be sent into all the principal Towns of Upper and Lower Canada, at the opening of the navigation. M. L. GREENE. Montreal, February 28.

FURS.

M. L. GREENE, THOMPSON & Co., Importers and Principal Fur Manufacturers from the Rav Matériel, return sincere thanks to the Citizens of Montreal and other Customers generally, in both Provinces for their liberal orders, received, and for the promptness with which they have been forwarded. TO EMIGRANTS.

GENTLEMEN,—I wrote a few remarks some months ago, respecting Emigration to the western parts of this Province. I have seen a number of instances in which emigrants have passed Kingston, without themselves and families, and expended their money, and then returned back to this part of the Province. I have said several of these better Lands for almost half the price they had to give in the western District, and I have now a large quantity of cultivated and uncultivated Lands for sale; therefore, I recommend them to call and see for themselves, and not spend their money for nothing. Any information wanted respecting locations can be had at my office in Stone Street, Kingston, Upper Canada. D. RUTLAND, Land Agent.

JUST PUBLISHED, and to be had at the principal Book Stores,

Seven Letters on IRVINGISM, being an appeal to Christian common sense; addressed to one whom it much concerns. If one man assert, that a line is crooked; and if another man assert, that the same line is straight—the character of either man—depends upon his proofs. If error is allowed to make STRONG unsupported assertions—then, surely, Truth may be allowed to use equally strong well supported assertions. Wherefore rebuke them sharply, that they may be sound in the Faith—Not giving heed to Jewish fables and commandments of men.—Titus 1. ch. 13 & 14 v. BY THE REV. — OLD PATHS, O. M., &c. Price 7/4.
