BALDNESS

A BEAUTIFUL HEAD OF HAIR IS the grandest ornament belonging to the human frame. How strangely the loss of it man frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jests and sneets of their acquaintance; the remainder of their lives is consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avertall these unpleasant circumstances, OLDRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application, and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was condientially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. are peculiarly adapted to diseases of the Lunge, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its inflaence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy, some certificates of which may be seen on the bill of directions accompanying each bottle. Any person using it will be sure to recommend it again.

HAY'S LINIMENT. No Fiction.—This extraordinary chemical composition the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death-hed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend lect," and he therefore bequeathed to his friend lect," and he therefore bequeathed to his friend lect," and he therefore bequeathed to his friend lect, and he would be constitution, and always constitution, and always

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulty, unless where its effects are witnessed. Externally in the following complaints:

Its operation upon adults and children in reducing theumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception.—The common remark of those who have used it in the Pt/es, is "it acts like a charin."

THE PILES.—The price \$1 is refunded to any person who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents; and out of many thousands sold, not one has been unsuccessful.

HEADACHE.

R. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of NERVOUS AND SICK HEADACHE, has the which by removing the causes cures effectually and permanently this distressing complaint.—
There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and labouring under distress which they mistaken, and labouring under distress which they

might not only alleviate, but actually eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste.

HEADACHE, SICK OR NERVOUS.

The extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is certainly a matter of much astonishment. That so much suffering should have existed for ages without any discovery of an effectual preventive, or cure, is truly a subject of much regret, but Dr. S. now assures the public that such a remedy has been invented as will convince the most credulous. The principles upon which it acts are simple and plain. It is an admitted fact that this complaint, whether called Sick Headache, or Nervous Headache, arises primarily from the stomach—those who think they have the Nervous Headache may rest assured that this organ, the HEADACHE, SICK OR NERVOUS.
