HÆMORRHOIDS. NO CURE NO PAY. PRICE \$1. HAY'S LINIMENT.

No Fiction .- This extraordinary chemical com No FICTION.—This extraordinary chemical composition the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since ganed a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and ass so extensively and effectually as to baffle redulty, unless where its effects are witnessed. External-

### HEADACHE:

DR. E. SPOHN, a German physician f much note, having devoted his attention fr some years to the cure and removal of the cuses of NERVOUS AND SICK HEADACHE has the satisfaction to make known that he has a emedy which by removing the causes cures effectually and permanently this distressing compaint. There are many families who have considered Sick Headache a constitutional incurable family omplaint. Dr. S. assures them that key are mistaken, and labouring under distress which they might not only alleviate, but actually eadicate by the use of his remedy.

It is the result of scientific research, ad is entirely of a different character from adversed patent medicines, and is not unpleasant to the taste.

HEADACHE, SICK OR NERVOIS.

tent medicines, and is not unpleasant to the taste.

HEADACHE, SICK OR NERVO'S.

The extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is certainly a matter of much atonishment. That so much suffering should have existed for ages without any discovery of an effectual preventive, or cure, is truly a subject of much reget, but Dr. S. now assures the public that such a remedy has been invented as will convince the most credulous. The principles upon which it acts are simple and plain. It is an admitted fact that his complaint, whether called Sick Headache, or Nervous Headache, arises primarily from the stomach—those who think they have the Nervous Headache may rest assured that this organ, the stomach, is the first cause, that the system has become vilitated or debilitated, through the stomach, and that only through the same channel must they expect a rectoration of the natural and healthy functions of the system. This object, Dr. Syohn's remedy is eminently calculated to attain. The truth of this position cannot be controverted and the sooner sufferers with the headache become away vinced of it, the sooner will their sufferings ead in restoration of health. Dr. Spohn pledges his professional reputation on this fact. The remedy may be had of apothecaries generally throughout the Canadas.

MOFFAT'S LIFE MEDICINES.

Mr. Milo B. Root, my next door neighbor, who was laid up with inflammatory rheumatism, by taking two bottles of the Bitters and one 25 cent box of the Pills told me he was as well as he ever was; and he told a gentleman in my store who was afflicted, that as soon as he would take the Pills and Bitters just so soon he would be a well man.

Also, Mrs. Hordu, wife of John Hordu, was two year since taken sick, and often had fits, and lost the use of one of her arms. In six weeks after taking your Pills and Bitters, so far recovered that she has been on a visit to one of her neighbours.

As for myself, I have been in bad health for 27 sears.

and Bitters, so far recovered that she has been on a visit to one of her neighbours.

As for myself, I have been in bad health for 27 years, and though I am not now in perfect health, still I am in better than I have been for ten years past, which I believe to be the consequence of taking your Pills and Bitters. The above is a true statement of a few of the many cases which have come under my observation.—You are at liberty to publish this letter, and reference can be had to me as Post Master at Claverrock, Columbia Co., N. Y. With respect.

ean to had to me at bia Co., N. Y. With respect.

J. A. VAN VALKENBURGH.

New York April 1, 1838.

Mr. W. Moflat—Sir: I have been afflicted with the fever and ague about three months, and used a good deal of quinine, which did me no good, but I still grew weaker until I was recommended to try your Life Pills and Phonix Bitters, and after taking two boxes and two bottles of bitters, I am very thankful to inform you and the pablic at large, I consider myself completely cured Yours truly,

New York Mills, March 29, 1835.

Mr. Moffat—Dear Sir: I have used your medicine in my family for some months, and have received great benefit from it, especially my wife and eldest daughter. My daughter had been in a decline for 3 years. Since she commenced using your medicine she has entirely recovered, and is now well and hearty. If this will be of any service to you, yon are at liberty to publish it.

Respectfully yours, &c,

N. BUTLER.

Summit Hill, Jan. 18th, 1838.

Dr. Moflat—Dear Sir: I have great pleasure in addressing you, having been troubled for some time back with the rheumatism, and could find nothing lo give me any relief until I had commenced taking your Vegetable Life Pills and Phomis Bitters. In taking the first bottle and one box of Pills I found the most excruciating pain that I had long been troubled with, had entirely disappeared. Such being the case, it is with gratitude I offer these sentiments, feeling confident that I am indebted to you more than words can express, for your valuable medicine and the speedy cure I received from its good effects.

Yours, respectfully.

GEORGE BROFTS.

Mr. Mossat—Sir: I am most happy to send you, through your agent Mr. White, a sew lines relative to your excellent Life Medicines. For a length of time I have been complaining of an infection of the liver, and tried much medicine, but sound no relief until I com menced with yours; I have now taken nearly two bottles of your Phonis Bitters, and I am pleased to state that I find myself fast recovering from a long and lingering complaint.

Most gratefully and sincerely yours,

GEORGE KISNER.

Letter from Warren Pattersog.

Lockport, Nov. 27th, 1838.

Mr. W. B. Moffat—Dear Sir: As a remarkable instance of the virtue and efficacy of your Life Pills and Phonix Bitters, in restoring lost feelth to the afflicted has occurred in my family, I deem it a duty I owe both to yourself and the public, to make the facts known, that other suffering under similar circumstances might perchance see this, and obtain a remedy in season to preserve them from a premature grave.

My wife has been afflicted with the liver complaint and general debility for upwards of three years, and for the last three months she has not been able to walk across the room. After trying various medicines prescribed by different physicians, which gave her no relief, she was given up as incurable. In this situation she was gradually failing, when I happened to call upon your agent in this village, and he gave me a copy of the Good Samaritan; the perusing of which induced me to try-your medicine, although I had but little hope of her receiving any benefit from it. The effect was surprising. Before she had taken one bottle of bitters and one box of pills, she was so far recovered as to be able to accomplish most of her house work without assistance.

Yours, respectfully.

Warken Patterson.
