OPINIONS OF THE PRESS. OPINIONS OF THE PRESS.

"The various diseases to which persons are subject who proceed from this country to foreign climes, too otten prove fatal, in consequence of unskilful treatment. We would recommend, in these cases, an excellent medicine, now well known as Spohn's Elixir of Health. In the West Indies Dr. Spohn performed some well attested cures, after all other remedies had failed."

"Captains, merchants, and others proceeding on a long voyage, cannot provide themselves with a

To Captains, merchants, and others proceeding on a long voyage, cannot provide themselves with a more valuable companion than a medicine of exceeding worth and util ty, known amongst all classes, high and low, rich and pace, as Dr. Spohn's Elixir of Health. Doctor Spohn has received the highest testimonials of its extraordinary efficacy from the most eminent Naval and Military Sur-

readers as may be afflicted with either of the above maladies.??

"The most popular and highly appreciated medicine in the navy and military circles, is an invection of Dr. Spohn's, known as the Elixir of Health. This medicine is deservedly spoken of as an excellent corrective, after the indulgences of the table threaten and produce those unpleasant next morning's reminiscences, which never fail to anny, worry and perplex the bon wivant."

"Medical men of the highest professional reputation, have strongly recommended, in all cases of bilious affections, constipation of the bowels, and nervous and sick headactre, arising from the overloading of the digestive organs, the use of this medicine as the best extant for relieving those who are laboring under the effects of these complaints. It is a most safe and efficatious remedy, and certain in its effects."

It is a most safe and effications remedy, and certain in its effects."

"Dr. Spohn's Elixir of Health is a medicine which its own intense worth will always secure for it a large and ready sale. It has deservedly a high reputation; and as a family and anti-bilious remedy it would be difficult to equal it among all the patent medicines of the present day. It removes all morbid humors and partices the blood. Our belief is, keep your bowels and blood pure, and every kind of disease will be prevented or cured. The Elixir of Health is eminently calculated to do this, and thereby much lessen the sum of human misery."

of human misery."

"One of our men some time since, gave notice that he was not able to attend to the duties of his 300 barrels best Onondaga, which he will sell low for eash; together with extensive consignments, comprising a general assortment of goods suitable for the season and adapted to the town and country markets.

Being accommodated with spacious ware rooms, he is prepared to take consignments of every description of Merchand. poff. It is an actual fact. We know the medi-cine is good. We speak from experience."
"Dr. Spohn's Elixir of Health is a medicine well worthy the confidence of the public. The principle on which it cures disease is the same as that of Letoy, of Paris and Swedenaux of Ger-many. That all the variety of diseases proceed from, or are nearly allied to the disorders of the stomach and bowels, and that by using those re-medies which restore to health those organs, the disease will vanish."

ASTONISHING.

"We were for a long time among the sceptical as to the efficacy of Dr. Spohn's Elixur of Health, so justly celebrated. A recent trial of it upon a friend of ours who was attacked with a most violent bilious cholic, has removed all doubts in our minds as to its being the very best cathartic that can be administered; and, believing so, we think we do the public a benefit in saying what we have of it."

The impression seems to be caining cround.

"PRESERVATION OF HEALTH."

"It has been remarked, and most truly, that the three ordinary secrets of health are early rising, exercise, and personal cleanliness. Personal cleanliness all have it in their power to observe; but to many early tising is inconvenient, and exercise impossible, in consequence of the nature of their worldly avocations. To these the use of Dr. Spohn's Elixir of Health would prove of great value in the preservation of that invaluable blessing—health."

"SEASONABLE ADVICE."

"'Take time by the forelock,' says the adage. Take medicine at the proper time, say we. It is a matter of less difficulty to ascertain the proper time to seek relief from medicine, than it is to discover the proper medicine which is to administer comfort to the afflicted patient. Dr. Spohn's Elixir of Health, 'which has obtained a celebrity in the 'annals of physic,' unequalled in ancient or modern times, has performed such astonishing cures, that numbers of the faculty, in justice to Dr. Spohn, have publicly recorded their opinions of its wonderful and extraordinary health-restoring qualities."
