POR. SPOHN'S SICK HEADACHE REMEDY

FOR the permanent cure of this distressing complaint, never fails. When persevered in, it effectually renovates the system, and does away the causes of the Sick and Nervous Headache. Thousands have tried it, and found precisely the relief which the article promises to bestow. Certificates of the strongest kind, and from the most respectable persons, are in the possession of the proprietor, some of which have been published, testifying to the permanent cure, and others to the immediate relief given by this remedy. It affords relief to the afflicted in 15 or 20 minutes from the first dose. If taken when the symptoms of an attack are first feit, it prevents the further progress of the complaint, and can produce no danger at any time by an excessive dose; as in such a case it would only throw off the contents of the stomach, leaving it sweet and healthy with an excellent appetite. All afflicted with headache should not fail to procure the article, and relieve themselves from so distressing a complaint.

Physicians in many instances, to our knowledge, with great satisfaction have found it a certain cure. Sick and Nervous Headache is a complaint with which physicians do not wish to have anything to do, and generally prescribe only for temporary relief: consequently, Dr. Spohn's Sick Headache Remedy escapes the opposition which some other proprietory articles meet from that source.

With regard to insurance, if the owner wishes to protect himself from loss by fire or otherwise while property is in store with them, he must cause insurance to be effected upon the same, but being once shipped on board of Boats for Lower Canada, the Subscribers will (unless specially directed to the contrary) effect insurance or take the risk thereon, against the dangers of the navigation, at the charge of the Owner; but on property from Lower Canada, they will not in any case effect insurance, unless instructed to do so by the owner or his agent.

THE subscriber has for some years been in the habit of supplying many families with this certain and immediate remedy for these noxious vermin, and has consented, at the strong solicitation of his friends, to bring it out in this public manner. He now has the positive affirmations of a great number of citizens, (some of whom are the most wealthy and fashionable ladies in Chesnut street,) that this Bane is in all cases a sure and certain remedy: and these certificates are in the hands of his Agents, where any one wishing can convince themselves of their genuineness. This is better than all the puffing of a thousand unknown names; and the unprecedented sale which the Bane now has, is full proof of this fact, and of its virtues.

ASK, INQUIRE—ASK THOSE WHO KNOW THOSE only who know by trial or immediate observation can form any idea of the effects, of the perfect relief, of the almost charm-like cures effected in cases of the Piles, Rheumatisms, all Swellings, and all external pains, no matter how severe, by the use of Hays' Liniment. Find one who has used it that will not laud it above all things ever used, and you will find—what cannot be found.

things ever used, and you will find—what cannot be found.

For the relief of suffering human beings who may be afflicted, I beg you to ask—ask of those who know—ask the Hon. Alfred Conklin, U. S. Judge for that district, residing near Auburn; ask Matthew J. Myers, Esq. Athens, N. Y.; ask Gen. Duff Green, late of Washington city: each of these gentlemen know of cases unconquerable by all other remedies or physicians, though tried for many years, that have been cured by the use of the genuine Hays' Liniment. Thousands of other persons know similar cures. We appeal to their sense of justice—their human feelings.

It is but a duty you owe to your suffering fellow beings to let this great remedy be known. Speak of it then to all your friends. This will save much pain where the newspapers are not read, or where readers are incredulous, because so many worthless articles are advertised for the same purpose.

much pain where the newspapers are not read, or where readers are incredulous, because so many worthless articles are advertssed for the same purpose. To buyers we say, if all who have used it do not say it is beyond all praise, then do not take it. The proprietor will not allow this article to be paid for unless it cures, when all the directions are fully followed. Will any one sufering refuse now to try it? If he does, he ought to be pitied more for his obstinacy than his suffering.

Mr. Hays would never consent to offer this article, were he not compelled by his sense of moral—of religious duty—to do all in his power for the victims of distress and misery. For this purpose he would sooner devote a fortune than secure a dollar for any-worthless article.

LOOK OUT.—Some swindlers have counterfeited this article, and put it up with various devices. Do not be imposed upon. One thing only will protect you—it is the name of Comstock & Co.; that name must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy; for it is impossible for any other to be true or genuine.
