It appears by the following correspondence, that the Act of the late session of the Provincial Legislature, known as "the Warehousing Act," has received the sanction of Her Majesty's Government, and British Goods can be imported to Kingston, and bended here until wanted for home consumption or exportation to the United States. Besides the advantage to our merchants in respect to the duties, this will operate favourably on our trade with the States, for Kingston will become a depot supplying British Goods to all the countries bordering ou the Great Lakes, as our merchants are prepared to render it their in-terest to seek their supplies in this market. The vonder is that so many years have been sufferwonder is that so thany years have been suitered to elapse before any advantage was taken of the Act declaring Kingston a Free Warehousing Port, which was done by the 3d and 4th Wm.
