It is not unpleasant to the taste, and does not prevent the daily avocations of one using it; it must be persevered in, and the cure is gradual, but certain and permanent. Instances are constantly multiplying where this distressing complaint is completely relieved and cured, although of years standing, by the use of Dr. Spohn's celebrated remedy. One decided preference is its pleasantness, having none of the nauseating effect of common drugs.

It is so perfectly satisfactory, that the proprietor has given direction for his agents to refund the
