The Imperial Commissioners propose, that with the exception of the existing debts of the Hong merchants at Canton, settled at \$3,000. that 9000, of the payment of which the Chinese Government has assumed the responsibility, it being now determined that the English may have commercial dealings with such persons as they may select, it is to be understood that the Government is to be no longar responsible for the payment of debts, but merely permit thera to be recovered of the merchants with whom they shall be contracted.

The Imperial Commissioners state, in regard to the residence of the British merchants at the four ports of Foochowfoo, Amoy, Ningpo, and Shanghae, that it will be right to build at these places only general factories, whereat, when the English merchant people arrive, they may reside. ELIGHT HUNDRED THOUSAND ACRES OF LAND To be disposed of in Canada West, (late Upper Canada.)

## PO MONTIN REQUEEED DOWN. To Old Settlers, Amigrants,

AND OTHERS.

THE CANADA COMPANY offer about LIGHT HUNDRED THOUSAND ACRES OF THEIR LANDS mentioned in the printed List of this year, which are in Biocks containing from 2000 to 900%. Acres each, situated in the Western District, and in Scattered Lots, containing from 80 to 200%. Acres each, situated in almost every Township in Cauada West, on terms, it is helieved, the most ideral and advantageous that have yet been made public. By this new plan, the Company dispose of their Lands by way of Lease for a term of Ten Years.

No Money being required down.

The Rents payable annually being only equal to the Interest upon the present abset value of the Lands—thus for example, suppose 100 Acres, being now worth 10s. per Acre is £50, the Interest thereog is £3, which latter sum, and no more, is the amount of Rent to be paid each year—full power being secured to the Settler to Furchase the Frechold, and take his Deed for the Land he occupies, at any time during the Lease, when most convenient to himself, at a fixed advance upon the present upset price; and of course, thereby saving all future payment of Rents. Assuming the value to be as above, (10s. per acre,) the advance required for the Deed would be 1s. 3d., if paid within the first five years from date of Lease—or 2s. 3d. per Acre advance, if paid subsequently and previous to the expiration of the Lease.

The Lands offered (excepting only the Park and Town Lots in Gneigh) vary in price, from 2s. up to 13s 9d. per Acre—the Reats upon which would be respectively as follows, viz.—

Upon 100 Acres upset price being 2s per Acre. the whole yearly ( 0.12 0 more. 

In order to allord every assistance to industrious and provident extens, the Canada Company will receive any sun, no matter how small the amount may be, for which their Settlers may not have immediate want, on Deposit,—allowing Interest at the rate of Six per cent, per annum for the same; but it is clearly understood, that the full amount with interest accrued, shall at all times be at the disposal of the Settler, without notice. For this purpose the Company have opened an Account, which is termed "Settler's Provident or Savings Bank Account,"—thus affording to the pro-

count, which is termed "Settler's Provident or Savings Bank Account,"—thus affording to the provident Settler, every facility for accumulating sufficient money to purchase the Freehold of the Land which he Leases, whenever he chooses to do so, within the term of Ten Years; but should had Harvests, or any other unforseen misfortunes visit him he has always the amount deposited, with Interest accrued, at his disposal to meet them.

The Lands are also to be disposed of upon the Company's former plan, viz.—for Cash down, or by One-fifth Cash, and balance in five equal Annual Instalments, with Interest.

The Company will remit from Canada any sum of money, however small the amount, to any part of the United Kingdom and Europe free of all charge. The Company will also remit any sum of money from Europe to Canada, by Letters of Credit upon their Commissioners in the Province free of expense, thus insuring the benefit of the premium of Exchange to the Emigrant, and likewise saving him from the inconvenience and too frequent loss arising from bringing his money with him in coin.

The Company, with a view to accommodate Emigrants having to immediate use for their funds, will allow Interest, at Four per Cent. per annum, for Money left with them for any period not less han Ninety Days,—the money, however, being always at the Emigrant's disposal, without notice. Every kind of INFORMATION UPON CANADA, and directions, that can possibly be useful to intending Emigrants to Canada, will be readily furnished, free of all charge, by applying, personally or by etter, to the Company's Office in England,—Canada-House, St. Helen's Place, Bishopsgate-Stree ... condon.

The new printed Lists of Lands, (which may also be seen in every Post-Office and Store in Cansla West,) and any particulars, may be obtained, free of Charge, upon application (if by letter, lost-paid) to the Company's Office at Toronto.
