D. R. LIBBY's BI i TERS are a certain cure of Dyspepsy and Nervous Affections; they re peculiarly adapted to remove these distressing amplaints, not by constantly physicing, but by strengthening the system. No greater mistake can be made than to suppose that Dyspepsy, or any other disease arising from debility, can be cured by frequent forced action on the bowels with purgicitive medicines. Where these complaints exist, the system is already too weak, and every additional likes tends to make it more so. The Bitters, we the contrary, acting as a tonic, strengthen the digestive organs and assist them to perform their functions as nature designed. Hence it is found to be efficacious also in those diseases peculiar to famales, which arise more frequently from weakness than from any other cause. The aged and infirm of both sexes, and persons of sedentary habits prone to costiveness, who have suffered from loss of appetite, have experience great benefit from Wholesale Agents, loss of appetite, have experience great benefit from them. Let not persons delay the ase of medicine, until their lungs are sensibly effected, but in due season resort to Dr. Allen's Balsam of Liverwort, This medicine has proved nd of providence. Liver Complaint Cured.—Dr. Allen—Dear Sir:—I have used your Balsam of Hoarhound, Liverwort and Pleurisy Root, in n.y practice for some months past, and from the wonderful effects it has had. I am fully satisfied that it possesses very superior virtues in the cure of Liver Complaint and Consumption. I do strongly recommend it to the public and the faculty.

Respectfully, J. D. RICHARDSON, M. D. Weak Lungs and Loss of Voice Cured.—

Weak Lungs and Loss of Voice Cured'-Mary Eliza, eldest daughter of Colvin J. Adam had suffered from weak lungs since the age of 11 years, had generally a cough, pale countenance and loss of strength; this weakness of lungs inlceased until she was unable to speak a loud word. Her medical adviser gave it as his opinion that she was in consumption, and that no reasonable hope could be entertained of her recovery. The first

was in consumption, and that no reasonable hope could be entertained of her recovery. The first of last March she commenced using Dr. Allen's Brisam of Hoarhound, Liverwort and Prentisy Root; the effect it had upon her was astonishing; she regained her voice and health, and is perfectly free from all symptons of consumption or weak sings. The above is a true account of my daughter's case. Colvin J. Adams, Salem.

More Astonishing Effects of Dr. Allen's Balmann. A short time ago an old lady came into our lotre to get a bottle of Dr. Allen's Balmann of Hoarhound, Liverwort and Pleurisy Root, fot her daughter, who, she said, was almost gone in consemption. She had not been able to leave her bed in some weeks. The old lady took a bottle home and gave it to her daughter. She had not treen the medicine but four days before she was able to go out, and actually called at our store amost perfectly cured. Such, dear reader, is the effect of this wonderful medicine. EIGHT HUNDRED THOUSAND ACRES OF LAND To be disposed of in Canada West, (1 te Upper Canada.) SPO MOSPETIS REQUIRED DOWS.

To Old Settlers. Amiarants. AND OTHERS.

THE CANADA COMPANY offer about Eight Hundred Thousand Acres of their Lands mentioned in the printed List of this year, which are in Blocks containing from 2000 to 9000 Acres each, situated in the Western District, and in Scattered Lots, containing from 80 to 200 Acres each, situated in almost every Township in Canada West, on terms, it is believed, the most liberal and advantageous that have yet been made public. By this new plan, the Company dispose of their Lands by way of Lease for a term of Ten Years,—

No Money being required dwn.

The Rents payable annually being only equal to the Interest upon the present upset value of the Lands—thus for example, suppose 100 Acres, being now worth 10s. per Acre is £50, the Interest thereon is £3, which latter sam, and no more, is the amount of Rent to be paid each year—full power being secured to the Settler to Purchase the Frechold, and take his Deed for the Land he occupies, at any time during the Lease, when most convenient to himself, at a fixed advance upon the present upset price; and of course, thereby saving all future payment of Rents. Assuming the value to be as above, (10s. per acre,) the advance required for the Deed would be 1s. 3d., if paid within the first five years from date of Lease—or 2s. 6d. per Acre advance, if paid subsequently and previous to the expiration of the Lease.

The Lands offered (excepting only the Park and Town Lots in Guelph) vary in price from 2s. up to 13s 9d. per Acre—the Rents upon which would be respectively as follows, viz.—
