THE FARMERSVILLE, REPORTER.

BRIEFLETS.

El Mahdi has retreated from Kordifan.

Five members of the London Salvation Army have been fined for singing and beating tambourines on the street.

By proclamation it is ordered that an election under the Canada Temperance Act takes place for the county of Arthabasca on July 14th.

The grand lodge of English Freemasons has adopted a manifesto declaring the Pope's recent allegations against Masonry unfounded.

Tompsett and Louder, the murderers of Peter Lazier, of Picton, were hanged at that place on the 10th inst. They protested their innocence to the last.

A swarm of bees made their home in a stove in a school-room of San Bernardino, Cal. They came down through the chimney and a long piece of stove pipe.

An exchange says that the three year old daughter of the king of Holland has been affianched to a six year old scion of another royal house. They commence business young in the Old World.

Farmer Russell, a negro, burned his wheat stubble at Fredericksburgh, a few days ago and barely escaped with his life when eleven old bombshells which had lain there for twenty years, exploded.

By the will of the late D. D. Calvin the property is divided equally among five children. The estate is worth \$450,000; the personal property in the Province of Ontario being valued at \$424,000.

A herd of 6,000 head of cattle which had been without water for five days, stampeded at the sight of the Neucos river in Texas, a few days ago. The rush was so great that hundreds were killed and maimed.

Twenty years ago Mrs. N. Crandell, of Cohoes, N. Y., missed a half dozen silver spoons and a knife, and supposed they were stolen. The other day in making repairs to the house, she discovered them uninjured in a rat's nest.

A plant, a native of Africa, is attracting much attention at the residence of Eben Barton, Lansingburg, N. Y. The bulb was placed in the cellar some time ago, and had been forgotten by the family. A peculiar odor had pervaded the premises for some days, and examination as to the cause revealed the fact that the bulb had produced the beautiful plant, which had grown to the height of four feet, and from which came the perfume.

G. L. Record of Vicksburg has an odd strawberry patch in which the plants are very prolific. He bored holes in rows around a hoghead at regular intervals of six inches, filling the hoghead with earth and set a strawberry plant in each one of the holes, besides putting a number on top. There are one hundred plants growing from the sides of this novel garden. Some of the berries are ripe and have attained great size, one measuring three inches in circumference.

A Remarkable Incident.

A remarkable accident happened in New York recently. A safe weighing two tons and a half was being hoisted to the fourth floor of a building on Broadway, and had reached the desired height when a workman at the window through which it was to pass, and who had been guiding the ponderous mass suddenly gave a piercing and agonizing shriek that startled the crowd who were watching the operation. A glance at the writhing form of the workman, who groaned and screamed with pain, showed what had happened. He had taken hold of the pulley to swing the safe, and his fingers had caught in the rope and drawn into the sheaves of the block. His fellow workmen knew that to turn the winch either to hoist or lower the safe might result in crushing the poor fellow's hand to a pulp. There was only one to do—the ropes must be cut and the safe allowed to drop to the sidewalk. As quickly as possible the sidewalks and the roadway were cleared of pedestrians and vehicles. Two stout fellows lay out upon the sidewalk and held the body of their suffering comrade so that he would not be carried down with the safe. Then the ropes were quickly severed close to the block. The man's hand was released, and he was drawn, half fainting, into room and carried to a surgeon's. The big safe crashed through the sidewalk, smashed a heavy flagstone into powder and buried itself in the earthy floor of a vault under the street. The safe was not materially injured and the workman's wounds are not dangerous.

HUNT'S COUGH SYRUP OF WILD CHERRY AND TAR.

Is steadily gaining in popularity, because it is a good reliable remedy, and cures when others fail. In view of the prevalence of Coughs and colds at this season, it is well to have within reach a medicine that can be depended upon and pleasant to take. Children like it, and it only costs 25 cents per bottle. No family should be without it.

LAMB'S HORSE POWDER.

For the cure of Coughs, Colds, Distemper, &c., just now so prevalent. We do not claim it a condition powder and cure all, but as the disease is removed the appetite increases and nature will then assist in its work and your horse show a marked improvement in a short time. We have many certificates of wonderful cures effected by using these preparations, which I will publish soon, that others similarly effected may know where to find relief.

I also take this opportunity to thank my customers for patronage given me, and hope by keeping my stock supplied with all necessaries in a well-kept drug store, to still merit a continuance of the same. Wishing you all a prosperous year, I am yours respectfully
