## THE FARMERSVILLE REPORTER.

### BRIEFLETS.

The bush fires in the Kingston district have been extinguished by the rain.

The midge is playing havoc with the fall wheat in the neighborhood of Wilton Grove, Westminster.

The U. S. House committee on foreign affairs reported a resolution asking the president to negotiate for a removal of the Canadian reciprocity treaty.

A Philadelphia canary bird whistles "Yankee Doodle" and waves the American flag. He is valued at \$200 and has been bought by a patriotic gentleman at Watertown, N. Y.

Senator McCook recently found the old seal of the United States senate. It was made in 1826, and is as large as a man's hand. The bill for cutting it was \$80, but it never appears to have been used.

On Saturday last a baby was born at Wilton with two full grown teeth in its lower jaw. The circumstance has created a sensation and residents are flocking to see the babe and its teeth.

At the industrial exhibition now being held at Amsterdam, Holland, Canada has received the gold medal for the best wheat, oats, barley, etc. The competition consisted of samples from every country.

The outlook for holders of wool is decidedly bad. The highest price paid for the best quality is 18 cents, and there is considerable in stock. One firm holds 80,000 pounds. Some firms sold recently at a loss, but feel satisfied had they held it their loss would have been greater.

There are seventeen prisoners in the Kingston jail—nine men and eight women. Among the men there is one with no feet, one with but one arm, one with only one eye, two lunatics and an old veteran who has only one ear. Such a deformed lot has never been in the jail before. The jailer is proud of them.

S. L. Leighton, of North Pasadena, Cal., has killed a lioness which was robbing his corral. An examination of the beast showed her to be a powerful creature six feet three inches long and twenty-eight inches high. She was in fine condition, with claws and teeth in sharp, serviceable order, and weighed about 200 pounds.

A new potato bug has made its appearance in Michigan. It is described as a small, red bug with a black back and small, brown wings. It can fly, although it travels very rapidly on its feet. It does not eat the vines, but has the effect of causing them to wither and die as if bitten by frost or scorched by fire. Paris Green, it is said, does not affect them.

The editor of the Atlanta Constitution writes: "When good tea is secured you should use one full teaspoonful for each person and one for the pot; boil the water in a clean kettle, and when it boils put the required quantity of tea in the teapot and pour on the boiling water, allowing it to stand about fifteen minutes. Then pour into a fine china teapot to serve at the table. Never make the tea in any other but a china or brown

### L. L. L.

The following is a sample of the many letters we receive for our Lamb's Lubricating Liniment, and shows to the public its fame is fast becoming known abroad as well as home. One bottle will convince the most incredulous of its wonderful curative powers:

LANCASTER, June 20th 1884.

Mr. J. P. Lamb,

DEAR SIR:—Please send me one dozen of your L. L. Liniment as soon as possible, as I intend going away soon and I want to take some with me, it is such a good medicine to keep in the house for almost every complaint or accident. We think it will cure almost anything, and have, as you know, used it a long time, always giving the best satisfaction.

Mother is troubled with the rheumatism and it always helps her and the only thing she ever got to give her relief. We would not be without it for a good deal and hope it may become widely known that it may give relief to many sufferers.

Yours truly,  
ANNIE J. NICHOLSON.
