NOTE AND COMMENT.
WE have heard of some who are
simple enough to think that, because
the Mail has announced its adhesion
to Prohibition, the Tory party as a
whole has ranged itself against the
liquor traffic. Those who have fallen
into this error will speedily extricate
themselves by the use of their reason-
ing powers. The Tory party is too
much mixed up with the liquor in-
terests to turn over to the Prohibition
camp, without warning or a long pre-
paration. Another point to be re-
membered is that the Mail has been
repudiated by the leader of Conserva-
tives, so that it is admitted that our
contemporary is sincere in its ac-
tion on the liquor question, it does
not speak for its party. But, perhaps,
the truth lies in the statement that the
Mail's new departure is just as bogus
as Sir John's repudiation of the organ,
and that both avaricious performances
were put in the old scheme's pro-
gramme for the purpose of catching
stray votes.

There can be little doubt as to
which party was victorious in the

war claims commission at Ottawa. From 1,800 to
2,000 claims have been investigated
and adjusted. Delays are occasioned
by appeals, which in many instances
cannot be heard until supplementary
evidence has been received from the
North-West. New claims continue to
be received. Those of the Battleford
settlers have been referred to the in-
terior department for settlement by
order of the minister of militia. Al-
though the commissioners have been
considered generous in making their
awards, it is estimated that they have
accomplished a saving to the Govern-
ment of \$27,000.

It is reported that a new and rich
phosphate mine has been discovered
in the township of Bowman, Ottawa
county. Messrs. Bay, Cowan and
E. Raymond are the fortunate dis-
coverers, and it is said that the
specimens shown assay about 85 per
cent.

scribe. Anyone sending us nine new

OUR MORNING STROLL.
NO. 11.

Our morning strolls have hereto-
fore been taken to points of local in-
terest; but this week we make a de-
parture from the usual course, and
give a brief description of a general's
trip made by us to a point of general in-
terest to all our readers.

On Monday afternoon we left Farm-
ersville on an excursion to New
York, partly on business, but principally
to witness the ceremonies in
connection with the unveiling of Bar-
thold's statue of Liberty. Of the
trip from Morrisburg to New York it
is only necessary to say that the
scenery along the route, and especially
that through the Adirondacks, was
grand and impressive. Arriving at
New York at 12:30, our party was
met by W. G. Griffiths and G. L.
Compo, old Leeds County boys, who
kindly escorted the Canadian con-
tingent to the several hotels selected.

Wednesday was spent in visiting
the various places of interest through-
out the city. In company with some
old friends, we visited the "Cyclona-
ma" of the battle of Gettysburg.

This is said to be the largest painting
in the world. The canvas on which
the scenes of the battle are depicted
is 400 feet long and 50 feet in height,
embracing an area of 20,000 square
feet. It represents in a vivid manner
the terrible struggle between the Fed-
eral and Confederate armies on the 1st
and two following days of July, 1863.

We also visited the great retail dry-
goods house of Wechsler & Abraham,
situated on Fulton st., Brooklyn. This
is said to be the largest establishment
of the kind in the State, and it em-
ploys nearly 1,800 clerks and assist-
ants. Thirty horses are kept for
the delivery of parcels, and four
elevators are constantly running to
convey customers to and from the
different departments.

N. G. Griffiths, N. Y. G. Griffiths,
an old Brockville boy, is employed in
the book and shoe department, and
was by him shown over the entire
building, from the basement, where
runs the engine which provides power
for the elevators and generates the
electric light used in the establish-
ment, to the attic where the packing
boxes are stored. Space will not per-
mit of even a partial description of
this immense store; suffice it to say
that each department is complete in
itself, and is larger than anything we
ever conceived to be possible under
one roof.

Owing to our not arriving home un-
til Monday evening, we are unable to
further prolong this account in the
present issue. Next week we will give
as full an account as possible of the
unveiling ceremonies, and hope to be
able to illustrate the report with a
cut of the statue as it appeared when
finished.

There can be little doubt as to
which party was victorious in the

Quebec elections, since the publica- tion by the Montreal Herald of the names of thirty-five of the newly elected members who have signed a reel robin pledging themselves to the overthrow of the Ross Government. This gives the Liberal party a clear majority in the Legislature.

The recent horrible death in
Brockville, caused directly by the
liquor retailed at Old Man's Island, is
another terrible example of the effects
of intoxicating liquor. All in Brock-
ville who favor the best interests of
the community should demand the re-
moval of such a moral ulcer, and take
steps to influence the licensing board
of St. Lawrence county to refuse a
license to the island hotel.

The Ottawa Citizen says:—"Mr.
Thos. Cooley, ex-warden of Leeds and
Grenville, was in town to-day, and
stopped at the Grand Union. In
answer to a question by a reporter as
to whether it was true that he was a
candidate for that constituency in the
House of Commons, he stated that he
was in the hands of his friends, and
would abide by the decision of the
Conservative convention."

On the same subject, the Ottawa
Free Press says:—"There is likely to
be no scarcity of Tory candidates for
Leeds and Grenville at the approach-
ing general elections to the Dominion
Parliament. The present member is
Dr. Ferguson. For various reasons
those who were instrumental in secur-
ing the doctor's election by a small
majority have gone back on him. His
inconsistency on public questions dis-
pleased his constituency, and the un-
founded accusations he preferred
against the Rev. Mr. Robertson, super-
intendent of the Presbyterian missions
in the North-West, were resented by
all Christian denominations. It is
said that he is determined to run
again, and will likely be along with
him on the same ticket Mr. R.
Conley, of Kemptville, and Mr.
Francis Jones, ex-M. P., who some-
time ago was stumping the counties,
when the time comes there will be
quite a family quarrel over the mat-
ter."

With reference to the meeting of
the Board of Directors of this line,
held on the 24th ult., the Recorder of
the 27th says:

"The rumor to the effect that the
directors of this road were going to
throw over the contractor, Mr. Her-
vey, it seems, is incorrect, and we are
told that the matter was not discussed
at the board meeting. Col. Cole in-
forms us that he yesterday received a
letter from Geo. K. Sampson, of Lon-
don, Eng., saying the London people
were ready to carry out the purchase
of the bonds of the road if a proper
power of attorney were sent him.
The president of the board, who was
on his way to Ottawa was intercepted
at the station and the necessary papers
signed. We understood that all this
was done last month and the money
was to be paid into the bank at New
York on October 1st, but in view of
this letter we presume there was
some informality in the papers. We
cannot see why there should be so
much difficulty in raising funds for
this road. We are told that the Eng-
lish capitalists are willing to take
the bonds at a fair price, and it is
the case surely the board ought to be
able to negotiate the bonds them-
selves if the contractor is unable to
do so. The unfortunate failure to
provide funds has entailed a great
deal of hardship on both the sub-
contractors and the country merchants
and people who have been boarding
the employees all summer without
pay, and we sincerely hope the money
will be forthcoming soon."

The war claims commission is still
in session at Ottawa. From 1,800 to
2,000 claims have been investigated
and adjusted. Delays are occasioned
