**Glen Buell.**

There is great excitement here over the election. Let the Grits howl. We will show them a trick this time worth remembering, by leaving Fraser at home in his glory.

When the Old Chief left Glen Buell took Alvin's vote with him. If he had settled anywhere else Alvin might have got it back on the 28th; but it is under N. E.'s wing now.

Ole Bullis and Jim Cummings looked very sad the other night, after looking over the voters' list for Elizabethtown. You can see defeat written on their countenances. Ole says Mansel fever is very contagious.

Alfred Orton is now the proprietor of Fred. Earl's spotted stallion. I tell you; take care there now!

Mr. Boyd Hall is putting new windows in his house—two-light sash, almost equal to plate glass. They look quite nobby.

Mr. David Forth's house is nearing completion. When finished it will doubtless be one of the finest residences between Farmersville and Brockville. To see the inside is to admire it.

Mr. Richard Rowson is at the toll gate yet, and will probably stay until the end of the year, when he will settle down to housekeeping. Mr. Forth cannot get a man to fill his place.

When images should be taken off coal stoves, and how to take them off, is no longer a mystery in these parts.

Our local hunter at Paul's Point is

acquainted with his new-made friends of South Leeds he might be induced to allow himself to be put in nomination as a candidate.

Mr. Judd said he was a firm sup-

porter of the Mowat Administration, because he believed it was the best Government under the sun, and could be entirely trusted with the affairs of this Province. He knew, as also did Mr. Frederburgh, who had experience in regard to the matter, that when a timber limit was sold by the Mowat Government it was sold for all it was worth. While Mr. Meredith was repudiating all connection with the No. Popery cry, his organ, the *Mail*, was spreading the cry all over the land. He concluded by asking the pertinent question, "What has Dr. Preston ever done for us?" He was a good sort of fellow, but had not got energy or influence enough to do very much for the Riding. But by returning a supporter of the Government in the person of Mr. Frederburgh, we would be certain of getting our just proportion of the gifts at the disposal of the Porter.

These machines will be left on trial for a reasonable period, and no sale unless a fair trial proves them to be satisfactory to the customer. Read our circulars carefully.
