> What Shall They Call Themselves? Probably the worst name for a country

known to history is the United States of America. It is ambiguous, may mean either a nation or a confederacy, and has two senses in the constitution. It is not almost as bad, and all three are awkward beyond redemption. The test of the name British; Cyprus, Cyprote; and Siam, the fashion in which the neighbors of Praise-God Barsbone's brother with the wonderful name, " If Christ Had Not Died Thou Hadst Been Damned," said it for gonia has equal rights with us to the name. Some of our States allow no derivative. A man from Virginia is a Virginian, from South Carolina a South Carolinian; but how does a man from Massachusetts pronounce his name? Only Yankee, which is no less absurd than for Euroughty to spell Darby. Yankee. What is a man from New Hampshire? Still a Yankee, although Senator Cass tried to better the term when he goose, and Hale retorted by calling Cass a Michigander. Men from Maine can still be only Yankees, or Down Easters, for they resent, we believe, being called Maniacs. The latter names adopted by our States are generally musical and usable, although Ohioan is a disagreeable derivative of Ohio. The gentile word ought to be Ohiote, like Cypriote, but perhaps the people o that great State do not care to rhyme with covote. Wisconsin refuses as strenuously as Michigan to accept a dirivative, as the only one possible would be Wisconsinner. Of the present Territories Idaho has a very sweet name, but what could its citizens call themselves? We suppose the people would be hard to call them Deseretters. What we chiefly seek in a name is that it be easy to pronounce and be flexible. Ita meaning is of little consequence. An aboriginal name, well built up of vewels and consonents that has meaning to nobody but J. Hammand Trumbull and Dr. Rigge, is the pseisotion of a name for an American
