How to Give up Smoking.
The Gananoque Reporter tells of the sudden way in which a man at Lansdowne stopped smoking. Several nights ago he sat down on the railroad track, and lit his pipe, and while he looked out at the stars he stopped and has not smoked since that moment. In excess of those who have tried to quit and failed we may say that the motive which impelled this man to assist at that particular time was a locomotive which protruded itself upon his notice at the rate of eighteen miles an hour, cyclonically luried him from the track, and mixed him promiscuously with a pile of ties and three panels of fence, breaking two of his ribs and cutting and bruising him in various parts of his body. It was effectual as a counter-blast to his habit, but he would recommend the plan for general adoption. He is recovering.

Amateur Printers!
WE are the REPORTER office a good MODEL PRESS, 5 x 8 inch inside case, nearly as good as new, which we find useful for our use. This press will make 1,200 impressions an hour. Also about 100 Fonts of Job Type, in Excellent Condition.
The type and press will be sold at less than best original cost, as we are about going to a new press, and have no further use for either the press or the type. Proof sheets of type will be sent on application, and also samples of the work done on the press. Some experienced young men in a country village could make money by purchasing an outfit from us. We can give all the particulars for an amateur printer's outfit.
THE REPORTER, Farmersville, N.B.

FOR SALE.
A GOOD FUR-BEARING HED, nearly new, also one good Buffalo Robe and Custer. Will exchange for wood.
