

SHEED'S IMPROVED FENCE

U. S. Patent June 29, 1886, No. 344,413.

NO POST HOLES TO DIG

CHEAP, STRONG & DURABLE

LEADING FARMERS ALL OVER THE COUNTRY RECOMMEND IT

WHY THE SHEED FENCE IS THE BEST
BECAUSE it only requires half the posts and takes up half the space of the common worm fence. It won't blow down any easier than your building. Stock cannot rub or throw it down. There are no stakes or posts in the ground to decay. It is stronger and can be built for half the cost. It is cheaper than wire fence with none of its dangers.

Any ordinary old rail fence contains enough material, with the addition of stakes and a pound of wire to a rod of fence to make a good, substantial fence that will last for years. Wire costs 3 cents a pound. Farm right, 5 cents per acre.

THE REPORTER

ATHENS, ONT., JULY 28, 1889.

LOCAL SUMMARY.

Brockville's civic holiday, Monday, August 12th.

The farmers were treated to very fair weather last week.

Carleton Place intends holding a great barbecue on the last of this month.

The matriculation and first class examinations, now going on here, will close, to-morrow.

Aparians report that the flow of honey has been very copious during the past few days.

There are four separate schools in these counties, with an average attendance of 75 scholars each.

The average attendance of pupils at the Ganoune public school during the first half of 1889, was 497.

Many are the complaints heard of the rickety and unseaworthy condition of the steamboat wharf at Charleston.

The incumbent having returned, divine services will be held as usual in Christ Church next Sunday evening.

It is quite probable that the Brockport picnic will take place on the 12th of August, when a grand time is anticipated.

Two clerks in the Kingston post office have been suspended for opening letters which did not belong to themselves.

The dedicatory exercises in connection with the Methodist Church, Delta, netted over \$900 in cash from all sources.

A load of Brockville young men drove out to Charleston Saturday evening, and spent Sunday on the lake very enjoyably.

The steam thrasher belonging to "Wideawake Syndicate" will be sold by auction at Unionville on the 31st inst., at 2 o'clock p.m.

There are 40 guests at Cedar Park Hotel. Of these 24 registered yesterday - 10 of them arrived here by B. & W. train in the afternoon.

Mr. Horton, who seems to be a skilled organ tuner, is here this week, and is doing good work on some of the asthmatic organs of the town.

The two county judges, the deputy sheriff and Messrs. J. D. Buel and G. B. Smart on Friday last selected the jury panels for the fall assizes and the winter county court.

Contractor Knowlton, of Delta, is supplying a hundred carloads of building stone to a Montreal firm. The stone is quarried on Mr. Knowlton's farm, near Singletown's Corner.

There will be two services in the Presbyterian Church next Sunday. The morning services, will be at 11 o'clock, when the sacrament of the Lord's Supper will be dispensed.

Messrs. A. Kincaid & Son are enlarging their store, with a view to putting in a large stock of furnaces, stoves, pumps, etc., for the fall trade.

We are glad to see the old firm exhibiting evidences of substantial progress.

Mr. Geo. M. Johnson, who is cheesemaker in the Washington territory (Freeport post office), when remitting for his REPORTER, referred to the low price of cheese here, and compared it with the prices obtained in Washington Territory. Cheese sells there now for 14 cents or 15 cents a pound. It sometimes goes above this price, but never falls lower than 13 cents.

Temperance Lecture.

Rev. Father Thoway, pastor of the Westport Roman Catholic Church, will on the evening of the 80th inst. deliver a lecture in St. James' Church, Ballencane, on the subject of "Temperance." All are invited. Lecture begins at 7.30. Admission - adults, 15c; children, 10c. Proceeds for church purposes.

On Thursday last the offerings on the Brockville cheese board numbered 8,787 boxes. The prices showed a decline over the previous week, and only 3,425 were sold. Lowest price, 84 cents; highest and ruling price, 84 cents. There was the usual private selling at the close of the public auction.

Accident.

A very serious accident happened to Richard Green, Exp. Deputy Reeve of Bear Leeds and Lansdowne on Saturday last. It seems that he had been doing some work in the cemetery of the church of England at Pine Hill. On leaving the cemetery he was sitting on a wheelbarrow placed on his way when on going out of the gate the barrow slipped setting Mr. Green fall over the wheel to the ground, breaking his collar-bone. Dr. Keegan set the injured limb, and he is doing as well as could be expected.

He is connected with honors from the Medical Missionary Institute, and afterwards was placed in charge of a dispensary at Castle Garden, a position requiring much arduous labor. In addition to this post, the doctor has paid a flying visit to Charleston Lake, and is a young man of industry and ability, and we predict for him a very useful career in the medical missions of the Flower Empire, to which he intends devoting his life.

Mr. R. G. Mearns, Amprion, the popular warden of Renfrew County, gave the REPORTER office a pleasant call yesterday morning. He came out to Brockville with the members of the Ottawa Valley Press Association and accepted the hearty invitation of the committee to the trip up the river on Friday evening. Mr. Mearns is a brother of E. B. Moles, of this township, and was born on the old Moles homestead, about three miles out on the Charleston road. While here he paid a flying visit to Charleston Lake, and was astonished at the changed appearance of the village, with its handsome hotels, and the islands now dotted with picturesque summer cottages.

The Toronto Light Binder.

Mr. T. Berney, agent for the Massey Mfg. Co., has received the following notice: - "I certify that the Toronto Light Binder, which was first made by me, was started on my farm in 1847, in a camp of fall wheat. One of it was lodged and some of it was very short, with a heavy grassy bottom. Some pleasure in that it did its work in a first class manner, handling both short and heavy grain with ease. The ground was very wet, yet it would stand up to it, and it was the best binder in the market, and that I have the honor to certify in the presence of my neighbors, before purchasing any other - W. H. Hays."
