COUNTY NEWS.
INTERESTING LETTERS FROM OUR
STAFF OF CORRESPONDENTS.

ELBE MILLS.
MONDAY, April 6.—Mr. Mansell
Brown and Mr. John Shaw are on
the sick list.

There was no school here last
week, the teacher being sick with the
mumps at her father's near New
Dublin.

Mrs. Monroe has been compelled
by sickness to give up keeping the
toll gate, and her daughter, Mrs.
J. Gooden, has been placed in
charge of the gate.

Mr. Chas. Botham from North
Augusta has leased the blacksmith
shop here and is busy getting ready
for work.

Mr. Peter Deter of South street
died last week and was buried on
Thursday. His age is not known, but
is supposed to be between 90 and 100
years. He had been a resident of
this vicinity as long as our oldest in-
habitants can remember.

DELTA.
MONDAY, April 6.—Mr. Harvey
Brown and family are about to seek a
home in Athens. They were highly
respected by all and have gained
many friends during their stay
among us.

The advantage in the sale of
the car of the hotel owned by Jas.
L. Donah is being highly appreci-
ated and availed of by our farmers.
He informs us as soon as this is sold
another car will be purchased at
once.

A new sidewalk has been laid
around the old hotel corner which
improves it in appearance.
Everything considered the lecture
on Friday evening by Dr. Addison
was well attended. He showed some
of his youthful vim and cultured
learning in his delivery on the source
of swimming as well as his recital of
Tan O'Shielder. His treatment of
diphtheria was highly appreciated by
some of our medical men.

The small boy nestles for protection
in the copious arms of famous
"George."
Miss Etta Wilkes is recovering
from a serious attack of La Grippe.

ADDISON.
MONDAY, April 6.—Mr. John
O'Connor has severed his connection
with the Florida House and is spend-
ing a few days with friends at Glos-
ville.

Mr. Tweedy of Smith's Falls and
his best girl paid our village a visit
on Sunday last and were the mayor's
guest while here.

Mr. Frank Hays of Reynard Valley
is very sick at present with very
little hope of his recovery.

The Misses Lucy and Evalena
Pepper of Parivior, have opened out
a millinery establishment on the corner
of King and Salina streets. We
wish them success.

Again we are called on upon to
chronicle the death of a member of
this section in the person of Mrs.
Jane Ordill, relict of the late John
Cardiff. Deceased was in her 91st
year and was highly respected by all
who knew her. She leaves a large
family to mourn her loss of a kind
mother and dear friend. The funeral
services were conducted by the Rev.
Mr. Styles of Frankville, in the
English church at New Dublin and
her remains were buried in the family
burial ground there.

Owing to the large amount of time
taken up by our mayor in attending
to his civic duties, he has found it
necessary to open a branch office for
the sale of his celebrated line of agri-
cultural implements, in the centre of
the town, to be in charge of the
extension of the Lewis estate. Wil-
liam's large experience in using all
kinds of farming tools will be of great
benefit to him at this time as owing to
the keen competition, he will have to
hustle to keep up with his opponent.

MALLORYTOWN.
MONDAY, April 6.—A lodge of the
Independent Order of Foresters is to
be organized here shortly with a
charter membership of twenty.

Communion services were held in
the Presbyterian church last Sabbath
evening.

The mumps are still raging in this
locality Mr. D. Clow, L. Gibson and
H. Hopson are just recovering.

The Yonge Front correspondent to
the Brockville Recorder thinks we
came to a very precipitate conclusion
when we said that the statements
made by him were untrue in every
respect, but we said nothing but what
we meant and we are prepared to
stand by, and as to proof we might
refer him to twenty-five of the patrons
of the factory who are prepared to
back up what I have said and I hap-
pen to be one of said patrons and prob-
ably know as much about the working
of it as the Yonge correspondent or
the gentleman from whom he gleaned
his information. Now as regards Mr.
Malloy we never said he had done
any wrong we said he was appointed
salesman for 1891 before the patrons
knew anything about the shrinkage at
all which was a fact.

Mrs. V. Beall is at present in
Athens attending her son who is very
seriously ill, he is a pupil of the high
school.

We believe Mr. W. Chick spent
Sunday in Fairfield East, at there
will

CORRESPONDENCE.

DEAR SIR.—I was much interest-
ed in the report of the progress of Athens
high school in your issue of the 10th
inst. The showing reflects much
credit on the management and staff.
Still when you analyze the figures,
the average number furnished by each
of the common schools represented, is
very small. The fact is the expense
of sending a pupil over to Athens
where the charges for board etc., are
not more than any but a few can
afford, it will amount to about \$100
per annum. At that rate it costs
Elizabethtown \$200 for the twenty
two pupils sent to the Athens school,
money enough to augment the salary
of every teacher in the township
sufficient to advance the grade to
form at least, which would be a great
boon to many who have no hope of
taking a high school course in
their own country. The fact is our
common schools do not afford
to-day as advanced education as they
did thirty years ago and the conse-
quences will be seen later on when
the many who have not been able to
take a high school course come to
the stage as the business men of
our country. The aim of our legisla-
ture should be to provide the best
possible education for the masses at
the least possible cost. Our high
schools are a grand thing for the few
who can afford to take advantage of
them, but they commence too low,
let our common schools be advanced,
raise the grade of the entrance ex-
amination, and the result would be a
general advance all round. Much
better than by increasing the number
of high schools in the county which
are really of little benefit except to
those in that immediate vicinity.

Yours truly,
PATERFAMILIA
Elizabethtown, March 30th, 1891.

The Winchester Press contains the
following:—A correspondent sends
twelve verses of obituary poetry for
publication in the Press. For the in-
formation of our correspondent we
must tell him that the mass of our
readers are not interested in that
kind of thing. It perhaps would
give him pleasure to see his verses in
print, and if he chooses to indulge
that pleasure he may do so at the rate
of ten cents per line. The foregoing
remarks evince sound common sense.
There are three reasons why we are
opposed to publishing obituary poetry.
First, we do not wish to have the
publisher's nerves completely shat-
tered; second, we do not wish to
publish anything distasteful to the
general public; third, we do not have
time or space for the kind of thing we
are opposed to publishing obituary
poetry. We would much rather
print a whole column of obituary
lines in prose than a quarter that
number in verse, for we are of a com-
passionate nature and feel that the
bereaved relatives suffer enough
without having senseless gush in the
shape of rhyme foisted upon them.
Minard's Liment cures Colds, etc.

W. C. T. U. NOTES.
The W. C. T. U. will meet at the
house of Mrs. Stone Wednesday
afternoon April 8th.
Our last evening was an evening
session held at Mrs. Fisher's. After
the business of the Union had been
finished Mrs. Dr. Chamberlin of
Toronto gave a very interesting ac-
count of her visit to the County
Agricultural Societies of Ontario
held in Toronto, with a view of in-
ducing the Legislature to grant ad-
ditional aid to them. Very little
interest was taken in the matter by
the societies in Eastern Ontario, there
being only two delegates present,
from east of Kingston of which the
secretary of the Unionville fair was
one. But nearly every society in the
west was represented and the decision
arrived at by the convention was to
ask the Government for at least \$20,
000 additional to be divided among
the different societies. A committee
of six was appointed to wait on the
Hon. Chas. Drury, the then minister
of Agriculture and lay the matter
before him. The delegation was re-
ceived very kindly and while they
were told that owing to the late date
at which they had presented their re-
quest it would be impossible to place
a sum in the estimates for that pur-
pose that season, but he would make
such representations to his colleagues
as he had no doubt would be the
means of having their request granted
in the future. Quite a number of the
members of the House were present
during the conference and they all
expressed themselves as in favor of in-
creased aid. During the past month
another convention was held in which
seventy out of ninety electoral dis-
trict societies were represented. They
passed some very strong resolutions,
and again appointed a committee to
wait on the government. This time
the delegation asked that the grant to
county societies be raised to \$1,000,
of which \$500 would be subject to
division among township societies.
The deputation received the assurance
of the members of the government
present at the interview, that the
matter would receive immediate con-
sideration and while they could not
speak for the government, they felt
satisfied that their request would be
granted at the present session of the
House. The writer has been informed
by leading members of the govern-
ment that there was no doubt but that
the Legislature would sanction the in-
creased grant and that the necessary
amount would be placed in the esti-
mates for this year. We hope to be
able to announce in a couple of
weeks that such is the case.
