SIR GEORGE CHETWYED.

How This Great Tarf Patron Makes Min merry "Good-morning." The doctor, after for some time. Not trusting to his own and when, after a weary time, life came back inclose space and the beads to represent sad and bitter mosning of the Queen, and obacge. Sir George is tall and square. your pocket in his game of hide and merry Good morning. The doctor, and the seek with society, but the Gifts the scene brought tears to the eyes of the He once belonged to the Gastle the seek with society, but the Gifts the scene brought tears to the eyes of the He once belonged to the Gastle the seek with society, but the Gifts the scene brought tears to the eyes of the He once belonged to the Gastle the seek with society, but the Gifts the scene brought tears to the eyes of the He once belonged to the Gastle the seek with society, but the Gifts the scene brought tears to the eyes of the He once belonged to the Gastle the seek with society, but the Gifts the seek with society, but the seek with society, but the seek with society, but the seek with society the seek with seek with society the seek with seek wi he stalks through the betting ring a crowd would win your esteem, admiration, affection, only it to show a child a few of their possibilities tears from his eyes, and raising the Queen of penny plungers and touts follows at left the room, and sent the boy for Dr. He approaches Steel, the head of the ends in deceiving himself. There is the

" Well, Steel," he drawls, " what price, "Three to one to you, Sir George," says

" Is that the best of the market, Steel "Ah? Well, you may put me down two who affect culture. This nort of dishonesty Sir George moves on. Two monkeys gulis only the dullard. Such affectations lake trade this year appears to be opening

"But you've just laid 3 to 1 !" " That was to Sir George Chetwand.

Lay the linings on the floor, putting a small tack here and there to keep them in place. Put the carpet on the floor, unrolling it in the direction in which it is to be laid. Begin to tack it at the end of the room which is the most irregular. If there be a fire-place or bay-window in the room fit the carpet around these places first. Use large tacks to hold the carpst temporarily in place; they can be withdrawn wifen the work is flaished. When the carpot is fitted to a piece use small tacks to keep it down. Tack one and of the carpet, stretching it well ; then a side, then the other end, and the lines straight and to have the carpet
