ATHENS, ONT., MAY 6, 1891.

## LOCAL SUMMARY.

### ATHENS AND NEIGHBORING LOCALITIES BRIEFLY WRITTEN UP.

Events as Seen by Our Knight of the Pen. - Local Announcements - Right.

**WANTED.**—Boards, apply Mrs. A. BERRY, Athens. 151

Minard's Liniment cures Dandruff. No liquor can now be legally sold in Morris town.

Our young people are talking up a game for the 24th.

The Methodist Board of Trustees met on Saturday.

Sheriff Robinson of Brockville was in town on Friday.

A twelve year old girl was married last week in Carthage, N. Y.

Some more "Gipsies" were in town last week.

Have you seen the New Dress Goods this spring at G. W. Beach's? It will pay you to call and see them.

Mr. Donohue, travelling jeweller from Montreal was in town last week.

The new order of Foresters have a membership of 18 already.

The girls of the town are out hunting May flowers.

Some of our citizens have planted potatoes.

Send 25c and get a trial of the BROTHER for three months.

The Refrew merchants have decided to close their stores three evenings in the week at six o'clock.

Ask to see our Bargains in Ladies' Taffetas and Pure Silk Gloves.

G. W. BEACH.

Snow fell last night and is falling again to-day. This in May seems rather out of place.

Don't forget the parlor social at W. H. Tait's to-morrow (Wednesday) evening. A good program and refreshments will be provided.

The Michigan & Canada Tunnel Company has been organized to construct a tunnel under the Detroit River at Detroit and Windsor.

A Sly young man comes into the Reporter office sometimes. He must have a very poor memory for he always forgets when to go away again.

May day passed comparatively quiet throughout the labor world, the authorities taking special precautions to quell any disturbances.

Come and see what we can do for you in Men's and Boys' Clothing.

G. W. BEACH.

Inspector Seath visited the Athens high school professionally last Thursday. There was a half holiday for some of the scholars in consequence.

John Washawsky having sold out his business here went to Montreal last Wednesday, where he will enter into the holy bonds of matrimony.

Over 90 protests have already been entered against elected members in the recent elections, about equally divided between the two parties.

Mr. Peter White, member for North Renfrew, was elected speaker of the House of Commons by a unanimous vote. This is the seventh parliament of federated Canada.

A new story was commenced in the Reporter last week called "The Doctor." It is by a standard author and will be one of the best stories that has appeared for some time.

A Jack the Ripper murder has been committed in New York, and the smart detectives who laughed so much at the London police have as yet failed to find the murderer.

Governor Hogg, of Texas, has three bright children, two girls and a boy, whose names respectively are said to be Ina Hogg, Ura Hogg and Moore Hogg. These names were bestowed by Governor Hogg himself.

D. Downey, auctioneer, will sell at Lake Bluff on Tuesday next May 11th at 1 p.m., the farm stock consisting of 11 cows, 4 yearlings, 7 calves, 2 horses, 2 pigs and hogs, grain implements, &c., belonging to Charles A. Kincaid. See bills for further information.

Two young men, badly troubled with inertia, sat down on the wire fence opposite this office last Saturday evening, and left the wire badly out of shape. Some people seem to have no regard whatever for other people's property.

The second nine of the high school baseball club has given the Delta club an invitation to play them on the school grounds on Saturday. We hope it will be accepted, for a good day's sport may be looked for.

Our young friend, Arthur Robeson, who had an attack of the mumps, has suffered a relapse and is lying very ill. It is to be sincerely hoped that he will soon be restored to perfect health, and back again in his store on Main street.

Some people think that a one-cent stamp attached to a piece of cardboard will go through the mails in lieu of a post-card. This is a mistake, as a cent is charged to any person receiving a note in the form referred to.

Notices posted around town informing the citizens that they must have their yards, etc., cleaned up by May 15th. This is most essential to the sanitary condition of the town, and the Chief of Police should strongly insist on its being attended to.

The Athens vault has paid for itself. It cost over \$500. There have been several bodies put in it, which at \$5 apiece, has paid for the building, etc., and some money in the treasury.

At a meeting of the trustee board it was decided to reduce the vault rent to \$2.50.

Wm. Robertson of Prince Edward County has just been sentenced to three months imprisonment, for fraud in connection with the hull-less oat swindle. Verily those who haste to make rich at the expense of their neighbors do soon come to grief at their evil deeds which follow them.

Corwall Standard.—Our census takers are meeting with some queer cases. One of them tells a good story of finding a man and wife aged respectively 97 and 29, whose daughter is claimed to be 14. But this is beaten by another enumerator, who found a mother of 23 with a son of 18. Talk about Southern climes and early marriage. How does that strike you?

Minard's Liniment for sale everywhere.

The Athens Flaming Mill, East and

Do not Factory, is about to be sold

establishment and would be pleased to

see any one requiring any more

at the mill.

By an oversight we omitted to mention

the return of Mr. Isaac Sherman,

who lately returned from Syracuse to

Athens, his native home. He is en-

gaged in refitting his old homestead,

which he will no doubt make as picture-

que as any in Athens. Mr. Sherman

proposes to engage in business here

and we welcome all such men.

Gannaque had a test fire alarm last

week, with the most satisfactory re-

sults. The hose men had attached

the hose and called for water in

three minutes after the alarm had

been rung, and had a stream of water

playing in six minutes and the hooks

had their wagon on the ground, had

placed a ladder to a building, and had

a man on the roof in five minutes.

Not one of the men knew that the test

was to be made.

At a meeting of the Organizing of

this district held on Saturday evening

of last week it was decided to hold

the annual 12th of July celebration in

Athens this year. Invitations are

being sent out to all the lodges in the

district, and it is expected that

encouragement received from a large

number of them that a large propor-

tion of the lodges will meet here, who

with the usual quota of visitors, will

swell the gathering up into the thou-

sands. The local lodge will go into

the celebration arrangements heartily

and an energetic committee has been

appointed who will not allow the

grass to grow under their feet until the

celebration is assured.

The annual meeting of the Athens

Mechanics' Institute will be held in

the lecture room of the high school, on

Monday evening next, 11th inst. at

Referring not long since to an in-

cident occurring on a railway train, in

which a man was killed, the money

points of cards, all the money

in one form or another, is becoming

one of the crying evils even in the

home. This is not true of homes of

the best class, but it is true in circles

which are purely fashionable, are

dominated by money, and the members

of which are uneducated, and who

but a day or two since a very sensible

teacher, who has had his choice of

society for many years, said that there

was a time when one might go to

make a call of an evening, carrying

with him only enough money to pay

for his car fare, and that to-day,

in certain sets, a man must have

twenty-five or fifty dollars in his pocket

or run the risk of being "frogged out

of the evening's game by the very girls

he had called to see. Another man

not a week since, spoke in the inter-

vals of a game he was playing among

his male friends, of the success of his

wife at the same game, and told, as if

it were a joke, that if he should lose

all he had in his pocket, he would be

sure to find that his wife could supply

all his needs. Is it not about time to

call a halt on gambling, all along the

line, from the remote, from the errand

boy who takes his employer's all to the

woman of fashion who wins the

money of her guests, is corrupted by

it? This is fashionable society for

you. Think you the church, which

has protested against card playing,

has been in error? Even if the

secular press cries out against it,—

The Detroit Free Press.

It is always a pleasure for us to note

the success of Leeds County boys, and

especially those who have by their

own, unaided exertions attained to en-

vious positions in other lands. This

week a bundle of papers received

from an old friend in Kansas makes

honorable mention of a former well

known resident of this village, Mr.

George B. Landers left this village

about 15 years ago, with only a few

dollars in his pocket, but with a lot

of pluck and determination he started

out west to seek for the golden

dream, but he had been the day

of his youthful fancy. He drifted

from one place to another, but unlike

the legend of the "rolling stone gather-

no moss," he managed to pick up a

little filthy lucre here and there, until

in 1883 he finally located in the State

of Kansas, where he purchased a farm

of 400 acres of the choicest land in

Blaine township. At that time the

larger part of the County was govern-

ment land and uncultivated. He had

to haul lumber 45 miles and it cost him

\$40 per thousand. He cultivated 600

acres and has never had a total failure

of crop, nor a year when he had to

scourge any of his stock because of

the scarcity of food, and he handled

cattle every year since he commenced

farming. Last year he bought 8,000

head of cattle from two speculators

and after pasturing them for a time,

sold them in lots realizing a net pro-

fit of \$20,000 on the investment. Mr.

Landers told the press representa-

tives that he never saw a better op-

portunity for raising cattle than where

he is now located. Last season he

shipped 3,500 head of cattle to the

packing companies of Colorado and

will also supply them this season.

Another, and later paper than the

former, from which the above extracts

were taken says that Mr. Landers

has just leased for a term of 6 years a

tract of 6,000 acres of land which now

gives him the largest ranch in the

state, comprising 18,000 acres of fine

grazing land, all fenced and cross-

fenced. Another paragraph in the
