Mr. Harvey Sheldon, who has been training horses and colts on the Athens Driving Park track this season, has five horses now under training. Parties who have horses under Harry's care speak highly of the manner in which they are cared for and handled.

Mr. and Mrs. Frank Blanchard and family, of Soperton, and Mr. and Mrs. M. Halladay and family, Athens, are encamped in Pleasant Vale on the upper Delta. They have a beautiful location for their camp, freedom from mosquitoes being one of its most pleasing features. Fish! O, yes—lots of 'em!

The voters list for the village of Athens will be finished and distributed to those entitled to receive a copy on Friday next. All interested parties are requested to look over the list carefully and see if they are entered properly on the voter's list. We hope to see him on many annual trips like the present.

Several parties whose business it is to report births, marriages or deaths in this village, have failed to comply with the law in regard to the same. The village clerk has had to go to parties and urge them to call and fill in the blanks provided for that purpose. Patients cease to be a virtue after a while and all parties are notified that if they fail to comply with this last notice they will have to be reported to the department, which means a fine of \$20 and costs.

At the close of the evening services in the Presbyterian church on Sunday last, the pastor Rev. D. Flemming solemnly told the members of the congregation for their kindness in giving him an unsolicited leave of absence for three weeks. He announced that there would be no service in the church at Athens on Sunday next but that in two weeks the Rev. D. D. Munro, the former pastor of the Baptist church, Athens, would occupy the pulpit, and he hoped to make arrangements to have the service the following Sunday.

The inquest into the death of Sophie Hancock, who came to her death rather mysteriously a few days ago in her father's house at Fairbank village, a few miles north of Toronto, was concluded on the 21 July. The jury took no stock in the theory of the accident, but brought in a verdict of murder against some unknown persons. The feeling in the village is quite intense. The girl was found by her father, with her head crushed in and covered with blood. The father's explanation is that she must have fallen and struck her head but the doctors thought the wound in her head was caused by a blow with a hammer, or some heavy instrument. Detective Greer was employed on the case, and obtained sufficient information to warrant the arrest of the father and mother of the murdered girl. A search is being made about the premises for the hammer supposed to have been used when the murder was committed.

Mr. Jas. Judd is expected to occupy Rideau Park this week.

The wigwam of the Pocahontas Club is on the right bank of the river above the locks, and is very pleasantly situated. The members are from Ottawa and Perth and their names, so far as we could learn, are Roll-on-fairmoon, Big Wind, Little Moosomin and Fall-in-the-water.

It is stated that owing to the crop outcrop in Manitoba and the North-west the Canadian Pacific Railway Company has ordered 50 new locomotives and 1,500 box cars to transport this season's harvest to the seaboard. On the basis of the estimated yield it will require 10 trains daily for seven months to move the crop.

Six years ago Mrs. J. L. Ferrier, of Almonte, intended to run a hotel into one of her toes. One or two pieces could not be extracted at the time, and remained in the foot till last month, when an inflammatory tumor formed on the sole of her foot. She was laid up for two weeks and a physician extracted the hidden section of the needle.

Correspondents should not forget that we go to press early on Tuesday and all MSS. should reach us not later than Monday evening. The Mallorytown stage is the only mail line that gets here in the evening, and mail matter from the front will reach us in time if mailed via Mallorytown. Please do not forget this, as we do like to hold correspondence over until the following week.

An action at law has been begun at Carleton Place which will be of interest to those having insurance in external organizations. The suit is brought by Mr. John Tilingsworth against the Oddfellows Fraternal Accident Association of America, to recover the sum of \$520 payable under the terms of an accident policy issued to him. Mr. Tilingsworth met with an accident and notified the local agents, but it is now claimed by the company that he should have notified the head office inside of ten days. The action will probably come on for hearing at the fall assizes at Ottawa.

Tuesday an appeal case was heard by Judge McDonald. On the 4th July Mr. G. G. Publow, cheese inspector, brought a charge against Anthony O'Connor for watering the milk which he was supplying to Clear Spring cheese factory. The case was tried by R. G. Murphy of Elgin and resulted in O'Connor being fined \$20. O'Connor appealed under the Dominion statute. Seven hours were occupied in hearing the evidence in the appeal Tuesday. Eight witnesses were examined. The Judge upheld the conviction with costs.

Justice Wirtle rendered judgment at Montreal on Friday last in the case of the Ontario Express and Transportation Company and the Grand Trunk Railway on the writ of mandamus, asking that the latter be ordered to carry the freight and passengers of the express company upon the same terms as granted to other companies operating under the defendant's lines. The judgment quashes the writ, the judge ruling that the proper tribunal to inquire into the difficulty and adjudicate upon the matter was the parliamentary railway committee. The action was therefore dismissed, reserving the plaintiffs rights to other resources.
