The Venus of Medici and the New York

While a 19 or 20-inch waist is a deformit n an adult woman, says the New York Ledger, it may justly be doubted whether the 26 teah waist of the Venus de Medict is not somewhat too large to be in proportion with the figure of the average American woman, it is characteristic of women of with Dyspepsia. The doctors told the highest type of the Indo-European

matter. Sometimes a deathly Sick- have a smaller waist than she actually has. ness at the Stomach would overtake | To the unskilled masculine eye a girl with a me. Then again I would have the | waist of 22 or 224 inches may seem to have terrible pains of Wind Colic. At a wasp-like figure, when in reality her such times I would try to belch and be to eatisfy he critical judgment of an artist could not. I was working then for or her family physician.

Readers may remember the story of the Irwin and Western Ave., Allegheny height, 26 inches about the waist, 34 about plucky Mayoress of Kiowa, in Knoone, who but extremely useful fluid, and the prin-City, Pa., in whose employ I had the bust and 44 about the hips. The women

"But, Henry, you do not understand me. August Flower, and after using just York city are about the same height. The I mean more than I said. I mean that she one bottle for two weeks, was en- measurements required of a "model" 5 feet to send a picture over a wire it is the following : " Waist, 234 to 24 inches ; buot, 36 to 35 hips, 45 to 47; base of skull to waist, 16 " No. Honora-I think not. Do you not Mr. McHenry, for whom I worked, biceps, 114 to 12." A prominent physician recantly gave the

ollowing as the correct measurements for a well formed, well developed and healthy woman of 5 feet 5 inches : "Waist, 24 inches; bust, 334 biceps, 12 to 13; wrist, 50 to 52; hips, 44 to 45; calf, 13 to 14, and ankle, 7 to 76. The doctor's " model woman " has smaller hips and a smaller bust and about the same

waist as the "cloak model." A WOMAN HERCULES.

go to the beach, then she remembered that the children were expecting her and she must not disappoint them. At the gate she turned back, it was so hot she would stay in more than once when he called. As there the pretty woman of cultivation. We notice, Leipsic are agog at present over a leminine was no chance of her being discovered by however, that Mrs. Snoad, President of the athlete, Miss Victorina. She is a daughter him, I do not think it possible she would have concealed herself had she formed an vising girls what to do if they find life too | years old she was drilled in the arts of the Mrs. Mitford was shaken.
