

A NOTHER - WILD - CAT

A disastrous collision! Prices knocked to pieces by dynamite! Values of Ready-Made Clothing pulverized by a cyclone! Gents' Furnishings at conflagration rates.

I am determined to reduce my stock of Overcoats if prices will do it and it's the low prices that I am holding out as an inducement to the public. I have too many goods, no room for them.

It snows and it blows and the cold stormy weather will no doubt set every intending purchaser seriously thinking of how and where he can buy his winter clothing and buy them of good quality as well as cheap. I wonder what J. J. PHILLIPS has for you at the present time. Here it is first-class goods, best of make, just as good a fit as any tailor-made guaranteed, at prices lower than the lowest, and last, but not least, courteous treatment and always a good fair deal to every one just as advertised.

THE REPORTER

ATHENS, ONT., FEB. 2, 1892.

LOCAL SUMMARY.

ATHENS AND NEIGHBORING LOCALITIES BRIEFLY WRITTEN UP.

Events as Seen by Our Knight of the Pen.—Local Amusements. Boldly Right Down.

Butter Disenvis 25 cts. a box at Mott & Robeson's.

The W. C. T. U. will meet at Mrs. Stone's on Wednesday, the 24th, at 8 o'clock. The members are all requested to be present.

Where did you get that hat? Why at Arnold's of course. He does the hat trade of this town and his spring stock is already here.

If you wish any alterations or additions made in the Prize List for 1892 and your notice at once to the secretary, or attend the meeting on Friday 26th of Feb.

Don't forget that A. James has a first class horse shoe and will give you a first class job at the following prices for cash: Setting shoes, 10c; new shoes, 20c.

Fifty more of those beautiful Steel engravings (25x34) just received at H. H. Arnold's, all to be had for 10c. Don't fail to secure one or more. Require the conditions.

Don't forget the meeting of the Board of Directors of Unionville fair on Friday next 26th inst., at 10 a.m. Revision of Prize List and other matters of importance render it necessary that every member of the board be present.

Mr. Richard Williams, formerly proprietor of the Central Hotel, Brockville, died at Rockwood Asylum, Kingston, last Thursday, aged 48 years. He had been afflicted for two years with softening of the brain.

ENTERTAINMENT.—A high school entertainment will be given in the lecture room of the high school, on Friday evening. The programme will consist of instrumental and vocal music, readings, recitations, essays, etc. Admission 10 cents.

If parties who throw out their coal ashes in the sleigh track know how much annoyance they caused to those driving spicified horses, which often shy at such things, they surely would not do it. It annoys the drivers of heavy loads also. Please don't do it.

Oh, What a Cough! Will you heed the warning. The signal perhaps of the sure approach of that terrible disease Consumption. Ask yourself if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shillol's Cure will cure your cough. It never fails.

On Monday night next, 29th Feb., Senator Percy of Assinibois, Mr. Jas. T. Moore of Toronto and Judge McDonald, Brockville, will address a public meeting in the lecture room of the High School, Athens, on "The Resources of our Canadian Northwest." Chair taken by Judge McDonald at 8 p.m. See bills to be issued on Friday.

The room in which a number of friends pass the evening smoking either cigars or inferior tobacco will have an unpleasant odor next morning. Let the same friends smoke only the "Myrtle Navy" and they will find quite a difference in the room next morning. If it is reasonably ventilated, as with a fire-place for instance, no unpleasantness whatever will be found. The purity and fine quality of the leaf used is the reason of this.

A lady's sold gold watch, valued at \$30., will be given to the person who brings nearest to the number at hand in a glass jar now on exhibition in our show case. This jar was filled and sealed by Isaac C. Alguero, who will form one of the committee to break the seal and count the beans on the 1st day of May, 1892. Any person bringing goods to the value of \$1 at our store will have an opportunity of guessing for every dollar worth purchased.—PHIL WILKES & Co.

Mr Donnelly, foreman in the Reporter office, whose hurried departure to the bedside of his sick mother, was mentioned in last issue. He arrived home only a few hours before his mother's death which occurred on Tuesday morning last. Owing to his having to remain a few days to settle up some family matters he will not be able to resume work in the office until the last of this week. Don's many friends in this village will, we know, join with us in extending sympathy to him in this sad bereavement. If the Reporter should not reach our readers on time this week, they will know from the above the cause of the delay.

Clover Leaf Syrup & etc., a pound at Mott & Robeson's.
On Friday last our Ex-Devil, Mr. William Brown, assumed new responsibilities. He is now entitled to be saluted as a *puter familias* and don't you forget it! The baby's boy, and when asked whether he was healthy or not the father answered "Well now! You should just hear him shout!"

A team load of lumber left Parish's yards on Sunday night of last week by underground railway. Two depastures of this kind also happened on the premises of Hall's & Shuman. No doubt the above name-gentlemen would be glad to be parties of any transactions in that line in the future. Not a night passes but boards, planks, cuttings, &c., are piled up in the most chaotic manner as these gentlemen have all the goods of a "Jack the Ripper" and the high toned morality of our village, if these things continue, will receive a shock that can be repaired only by building an asylum or penitentiary.

The quiet village of South Finch has become agitated over what is thought to be the discovery of a copper mine in that vicinity. The scene of the find is on the farm of E. A. Cameron about two miles west of the village. Mr. Cameron was digging a well close to his barn when he discovered the ore. He was then arrested by some queer looking substance coming from the well. Upon examination by gentlemen who formerly were employed in the Lake Superior copper mines, they pronounced the substance to be the purest specimens of copper they had ever seen. A piece was sent to Toronto to be examined and the people of South Finch and vicinity are patiently but anxiously waiting to hear the result.

Mr. Charles Barber's son, Hermon, returned on the 18th from Kingston where he has been for the last three weeks receiving the advice and treatment of the physicians of that city for a long standing obstinate ailment of the ankle joint—which appears to baffle the skill of the doctors generally. Hermon speaks in warm praise of those in whose charge he was, especially in the hospital, where he was put in the kind care of Miss Johns on 1892 and your notice at once to the secretary, or attend the meeting on Friday 26th of Feb.

Don't forget that A. James has a first class horse shoe and will give you a first class job at the following prices for cash: Setting shoes, 10c; new shoes, 20c.

the conditions in every case were exactly alike, except temperature. Both did equally and remarkably well following summer. The one colony is a grand proof to the fact. Dr. Clark's hibernating theory—a curious and unsolved mystery hangs over the case. W. S. HOBBS.

We referred some weeks ago to the habit indulged in by some of the young men of congregating at the door of the Methodist church during service and by loud talk, boisterous actions, etc., disturbing the meetings. Our warning had the effect of lessening the nuisance, but there is a few boys or young men, who have not heeded the warning, and one of the trustees called at the office this morning and requested us to state, for the last time that the trustees knew the parties who were creating these disturbances and will, without further notice, bring the offenders before a magistrate if the practice is not at once stopped.

Increased Aid to Acriculturists
For the past three years representatives of the Electoral District Agricultural Societies in Ontario have interviewed the Provincial Government regarding an increased grant to the agricultural societies of the Province. We see by the estimates for 1892 that the government have decided to grant the sum of \$3,700, or \$100 each to the 37 electoral district societies. We understand that this sum is not to be subject to division amongst the branch societies.

Auction Sales.
We have arrangements made with D. Dowley, auctioneer, Frankville, whereby we can fix dates for parties wishing to secure his services, without their going to see him.

Charles Stevens, Lake St. Plum Hollow, will sell on Friday Feb. 26th, a lot of cows, horses, implements &c.

Henry J. Davis, on the Fenelon farm, town line, Kitley, holds a sale of horses, cows, implements &c., on Wednesday, March 2nd.

R. N. Parker, one mile north east from Frankville, will sell the whole of his farm stock, implements &c., on Thursday, March 3rd at 12 sharp. This will be one of the largest sales ever held in Kitley. See bills of all the above sales for list of things to be sold.

Sheldon Y. Ballis, Plum Hollow, has ordered bills for a monster sale of all his stock, implements, household goods &c., for March 8th. Bills will be issued from this office on Friday next.

Public Notice.
Whereas a petition has been presented to the municipal council of the Township of the River of Yonge and Eosot, praying that a by-law be passed for the withdrawal from High School District No. 2 in the United Counties of Leeds and Grenville of the whole of said municipality of East Yonge and Eosot, except that part of it which is composed of Union School Section No. 6 lying within the limits or boundaries of said municipality.

In pursuance of said petition the said council will at its next meeting to be held in the town hall in the village of Athens on Saturday the 5th day of March A. D. 1892 at 2 o'clock in the afternoon take said petition into consideration and proceed to pass a by-law in accordance therewith. At which time and place any person so desiring will be heard in regard thereto.

RICHARD E. CORNELL, Township Clerk.
Dated Feb. 20th, A. D. 1892.

Tenders Wanted.
SEALED TENDERS, marked "tenders for stone" will be received by the undersigned up to 12 o'clock noon on Friday March 12th, 1892, for 150 yards of broken limestone. Bids must be broken so as to pass through a 2 inch mesh and be delivered at such time and place within the corporation of Athens as the street commissioner may direct. The lowest or any tender not necessarily accepted.
B. LAVIN, Village Clerk.
