

AN OPEN LETTER

To the Ladies of Athens and Vicinity:

Having fitted up over store a comfortable suit of rooms for the conducting of Dress and Mantle making in all their varied branches, I have much satisfaction in announcing that I have secured the services of Miss May Campbell, late of Ingersoll, to take charge of the department. Miss Campbell has had over six years experience in the making of order of Ladies' garments in several large towns in Western Canada, and has been successful in suiting the tastes of the most fastidious class of society, and from her many and excellent testimonials, we feel confident her patrons will in every respect be satisfactorily dealt with. Miss Campbell will be in her rooms each day during business hours, when she will be pleased to see prospective customers, either to advise as to material and trimming or to receive orders.

Respectfully, H. H. ARNOLD, GENERAL MERCHANT Central Block Athens, April 15th, 1892.

The Traveling Dairy.

The work accomplished by the Traveling Dairy, with other notes, is thus related by a correspondent of the Toronto Globe:— Since the eastern section of the traveling dairy started from Gannanog, in County Leeds, on Tuesday, 3rd inst., the meetings wherever held have been attended by an interested and appreciative audience, including the managers of cheese factories and cheese makers.

THE TRAVELING DAIRY.

The farmers in Leeds County are nearly all dairymen, the climate, soil and situation being well suited for this style of farming. Abundance of pure cold water can be obtained almost everywhere from springs or wells, and the soil seems to be adapted for growing milk producing foods. The cattle are mainly Ayrshires, short-horns, Jersey and Holstein grades. The first two breeds are probably in the majority.
