Mile. Vacaresco is engaged in emphasizing the correctness of the old saying concern-

ing the folly of writing letters. The love letters which Prince Ferdinand of Roumanta sent to her when he was her devoted slave are now being sent, one by one, to the ex-alted British princets whom Ferdinand is going to marry. The incident also proves he truth of the saying that the het place hath no fury like a wuman scorned. Cats, large and small, make the most careful toilet of any class of animals, excepting some of the opersums. The lions and tigers wash themselves in exactly the same manner as the cat, wetting the dark, india rubber like ball of the forefoot and the inner toe and passing it over the face and behind the ears. The foot in thus at the same time a face aponge and brush, and the rough tongue combs the rest of the body. Harea also use their feet to wash their faces, and the hare's foot is so suitable for a brush that, it is always used

to apply the " paint " to the face for the A baby is born at every beat of the human heart. That is more than one for every tick of the clock, says Baby. These "living jewels" (as the poets call habies)
"dropped unsustained from heaven," take wings and fly back from whence they came one for every minute of the day. From Jan. 1 to Dec. 31 between 38,000,000 and 40,000,000 living jewels are dropped into this cold world. There are more baby girls than boy babies. The proportion of female births to male births is 100 to 90. So that between 2,000,000 to 3,000,000 more girls are born in the world each year than boys. There is always a surplus of women, and the extra number of girl babies keep up the supply. The rate of infant mortality is enormons. In round numbers 5,000,000 5,000,000 more never have a chance to walk
