

Leading, as Usual.

Our Goods for the Fall of 1892 are already in, and we are prepared to show our customers a larger range and better values than ever before.

Our Dress Goods and Mantle Cloths are simply marvels of beauty and cheapness, and in Dress Linings and Trimmings we are 15 per cent. below market values, an advantage obtained by buying in very large quantities for spot cash.

We have given special attention, and with gratifying success, to the procuring of Men's, Ladies' and Children's underwear. Don't fail to see them; it means to you money saved.

In Boots & Shoes we are keeping our usual large stock well assorted, with a few special lines, or Snaps, added.

We are now keeping a large range of Hand-painted Window Shades (40 different designs) complete, with spring rollers; also Lace Curtains, Curtain Poles, Fancy Pole Ends and Fixtures, and all greatly reduced in price.

We make our Gent's furnishing department a speciality, and can give a better Suit, better Pants, better Hat, Boots, Shirt, Collar, or Tie, than can be got elsewhere for the same money. And why? because having a large trade in these lines we give special attention to the buying, dealing only with manufacturers, and getting closest cash prices.

Come and see us. Give us an opportunity to serve you, and you will prize the above statements as facts.

CENTRAL BLOCK ATHENS H. H. ARNOLD

D. W. DOWNEY

THE ONE PRICE BARGAIN SHOE HOUSE BOOTS AND SHOES

Thousands of pairs of Boots and Shoes in every conceivable Style and in every known kind of Leather.

The new goods coming daily keep this house away in the lead as to assortment, style and prices. We beg that you will kindly visit our store, note our prices, and like hundreds who do so daily, you will be amazed at the special inducements. In Trunks and Valises we are fully prepared for the season's business, which promises to be greater with us than ever before.

D. W. DOWNEY

FLINT'S NEW BLOCK BROCKVILLE.

WE ARE THE PEOPLE

and there are no Oils known to-day that gives the universal satisfaction of

McCull's Lardine Machine Oil
ONE TRIAL ALWAYS CONVINCES

Try it once and you will use no other. All leading dealers sell it. Ask for it. Manufactured by

McCull Bros. & Co. Toronto

Our Cylinder Oil is the Canadian Engineer's best friend. Try it. It wears longer and is cheaper than tallow. Beware of imitations.

ATHENS CARRIAGE WORKS

The subscriber is now ready to offer to the public a larger stock and a greater variety of fine Carriages than ever before, and of the latest styles.

My Carriages have been before the public for over thirty years and it will be unnecessary for me to say anything as to their merits. Suffice it to say that it is my purpose to keep them in the front rank, as they have been in the past, and enjoy the good opinion of all who may use them.

My Wheels are the best A grade. Buy no other, as there is no more deception in a wheel than in any other part of a carriage.

Passure and give me a call before purchasing elsewhere. Terms made satisfactory to all.

D. FISHER

Why We Laugh

We laugh because we have secured the agency for

Dominion and Bell Organs
Dominion and Bell Pianos
Brantford Pianos
Mendelsohn Pianos
Doherty Organs
Standard Sewing Machine

Because of my increased trade, I laugh because every instrument sold pleases the customer, I laugh because I have reason to laugh.

SPECIAL OFFER.

We will send the Reporter to a bona fide new subscriber, who is a member of the University, Delta, Lyndhurst or Brockville fair for 1892, from now until Jan. 1st, 1894, for one dollar in advance, provided the order and cash is sent in during the next two weeks. The prize list of all the above fairs will be published in the Reporter—which alone is worth the price for the paper and its contents, to members of the societies named.

THE REPORTER

ATHENS, SEPT. 20, 1892.

Business notices in local columns 10 cents per line each insertion.

LOCAL SUMMARY.

ATHENS AND NEIGHBORING LOCALITIES BRIEFLY WRITTEN UP.

Events as Seen by Our Knight of the Penell—Local Amusements Briefly Noted.

Correspondence from Plum Hollow, Duleman, Lye and Warburton, unavoidably crowded out this week.

A good second-hand buggy for sale at A. James'.

The annual picnic of Christ Church Sabbath School was held at Charlton on Saturday last. The day was fine and the event in every respect highly successful.

Ten Store and China Hall, Brockville—T. W. DEXTER has removed to the Merrill Block, next door to C. M. Babcock's.

The Athens Harmonics Band of 5 pieces drew many favorable comments from the crowd present at the fair. Their playing was faultless and the selections played first class.

"Mac" Woods, formerly with C. L. Lamb, now has charge of a department in T. Eaton and Co.'s big retail store in Toronto. He was pleased to meet many Athens visitors during the industrial fair.

The managers of the B. & W. would not detract from the comfort of passengers by dispensing with the services of the very fresh and altogether too familiar vendor of peanuts that boarded the train at Brockville on Saturday last.

Mr. J. Swatman, of Arnprior, will be at the Gamble House sample room on Saturday evening 24th inst., with an Edison Phonograph. His selections are very fine and the instrument the best that has yet been in Athens. Terms very reasonable.

On Sabbath last Rev. Wm. Wright, rector of Christ Church, Athens, and Rev. Dr. Nimmo, rector of Trinity Church, Brockville, exchanged pulpits. Dr. Nimmo, is popular with his own people and very favorably impressed the Anglicans of this parish.

The aim in the manufacture of Messrs. Tuckett & Son "Myrtle Navy" tobacco is to develop and retain the natural aroma of the tobacco. This requires great skill and a knowledge of very interesting chemical laws, but the results attained are vastly superior to all forms of flavoring extracts.

Wm. Hickey of Athens, had a sample of his iron roof and fire escape ladders at Unionville fair. They drew very favorable comments from the crowds who saw them. They are undoubtedly far superior to the old style wooden ladder, while the price (16 cts. per foot) makes them by far the cheapest ladder to buy, as they are everlasting. Mr. Hickey also had a sample tree pruner and a couple of butcher knives, in the manufacture of which he excels.

One of the strongest attractions at the Lyndhurst fair will be the baseball match between the Athens and Gannanoque teams on the first day, Thursday, 22nd inst. The games played at Gannanoque showed the teams to be evenly matched and created conflicting opinions as to which was the stronger team. The Lyndhurst match on neutral ground should happily dispel all doubts, and the contest will be sure to draw a large crowd. The successful club will receive a purse of \$15.

We are requested to announce that a convention of the beekeepers of the counties of Leeds and Grenville will be held in the town hall, Athens, on Wednesday, Oct. 5th, next. There will probably be three sessions: One at 10 a.m., another at 1 p.m., and an evening session at 7.30. An energetic committee are at work and will make the programme known through the columns of the Reporter. It is expected that several well known beekeepers from a distance will read essays on the management and care of bees. Several local apiarists will also be asked to contribute something in the same line. Watch these columns for the programme.

One of our up town mechanics had a wheelbarrow taken from his premises a couple of months ago, and despite all efforts to locate the missing article he failed to do so. Last week he called the Reporter to write to one side and quietly told him to insert a notice that if the one who wheeled away was returned (even in the dead of night) he would be thankful and ask no questions. Several of the citizens saw an unloading isolated from the rest of the hurrying throng and they knew that something was in the wind. Unfortunately, for our finances we did not issue any paper last week and we were out the usual 25 cts. for such notices. But the culprit whoever he may be must have "reminded us" for the next night the wheelbarrow was safely deposited in its accustomed place, near the wood pile—Nuf sed.

3000 They Come.

R. A. Grey, South Hammonds, N. Y., is reminding for Reporter, adds the following postscript: "We think the Reporter's copy, live paper and we would hardly know how to keep houses without it."

Carriages built to order, repairing and painting done in first class style at moderate prices.—A. James.

The Division Court on Saturday was devoid of interest, except one case, which was simply a family quarrel in which there were many laughable incidents. Want of space prevents resume of the salient points.

The infant child of John Stowart, of Plum Hollow, died very suddenly on Sunday morning last. Mrs. Stewart, after attending to some domestic duties, took the child in her arms and found that it was dead. The Rev. Mr. Murdoch conducted the funeral services in the Baptist Church, Plum Hollow, yesterday (Monday) afternoon.

An up-country exchange breaks forth in the following glorious in exultation:—There is more joy in a printing office over one sinner who pays in advance and abuses the editor on every occasion than over fifty who come to borrow the paper and sing its praises, without contributing a cent to keep it out of the poor house. Blessed are the meek, for they shall inherit the earth, and obtain material for fencing it on time, without security.

Delta Fair Notes.

From previous indications the entries will far exceed last years. Some of the best fairs of Cattle, and Sheep in Central Canada will be on exhibition. The secretary has received large notices from herdsmen who have never exhibited at Delta before. The entries for horses is already in excess of other years. The exhibit of musical instruments and fine arts will not be worth going miles to see. The secretary has made arrangements for a number of side attractions so that the thousands who attend the exhibition will not want for amusement. The Sports committee are in a position to guarantee to lovers of the turf, full value for their money. The Delta Band will furnish music. Don't fail to see Eastern Ontario's mammoth Exhibition.

Athens vs. Gannanoque.

At the Gannanoque fair Athens Baseball Club played two matches with the Gannanoque team, the first resulting in favor of the home team by 9 to 2, and the second in favor of Athens by 11 to 9. Only five innings were played the first day, the rain preventing a finish. The Athens boys speak in high terms of the courteous treatment accorded them by the members of the opposing team, but were not favorably impressed with the sense of fair-play evidenced by the Gannanoque sports. During the first game Gannanoque led, everything was lovely, and the umpire very liberal; but in the second game, with Athens leading the mob did all they could to rattle and over-awe the visiting team, and finally in the last innings rushed in on the umpire and ended the match.

The Athens team were composed of Messrs. Brown, Ackland, Rhodes, Buell, Lecky, McKinley, Addison, Carmichael, Ferguson.

Frankville Fair Notes.

Work is going on lively all the while on the new addition to the agricultural hall and when finished will present a fine appearance. The Toledo brass band have been engaged to furnish music both days of fair.

Mr. John Jelly of Shelburn will be present with his Methodists to show you what this country produced some three thousand years ago, this with sack races, wheelbarrow races, three-legged races, foot-ball, trials of speed, including the farmers races and Chess John will make sport for all.

Applications are pouring in from all quarters for the grand agricultural management are expecting 1892 will witness the greatest fair ever held in Frankville and if they are favored with good weather expect to be able to buy up all the other little fairs in the county so that they can have a World's fair right at home amongst the hills.

Chicago, no don't forget to attend the little fair and see all the sport.

W. G. T. U. Notes.

At the annual meeting of the W. G. T. U. the following officers were elected for the ensuing year: Mrs. Fisher, Pres.; Mrs. M. Brown, 1st Vice-Pres.; Mrs. Mott, 2nd Vice-Pres.; Mrs. Elliott, 3rd Vice-Pres.; Miss Jennie Hartwell, Rec. Sec.; Miss M. E. Stone, Cor. Sec.; Mrs. Shirman, Treasurer.

Dr. Richardson has designated alcohol "the devil in solution."

Cause Some to Fall.—The other day I was going down the street, and I saw a drove of pigs following a man. They followed him to the slaughter house. I said to the man "How did you induce the pigs to follow you?" He answered: "I had a basket of beans under my arm, and I dropped one occasionally, and so they followed me." I thought, why, the devil has his basket of beans, and drops them as he goes along; and what multitudes he induces to follow him to an everlasting slaughter-house! All the broad and crowded thoroughfares are strewn with the beans of the devil.—Rowland Hill.

Dr. Washington.

In another column Dr. Washington, Throat and Lung Surgeon, Toronto, fully explains the symptoms of Catarrh and in three instances he gives cases where his treatment has wrought cures of the most wonderful character.

Miss Annie McQuig, of Ottawa East, now, formerly of Casselman, cured of Asthma, a bad case, given up to die by first class doctors, but cured in the best state of health.

Mrs. L. D. McConno, of Moose Creek, cured of Catarrh of the very worst kind. Her soft palate was all eaten away and had been pronounced incurable by the general practitioners, as well to-day as ever she was.

W. H. Story, of Aton, Ont., Globe Mfg. Co., also ex-president of the Mfg. Association of the Dominion—a gentleman of the highest repute, cured of Catarrh of a very obstinate character.

He went to Europe and tried everything at home and abroad as he stated without receiving a pecuniary benefit. Cured by Dr. Washington. No hum-bugging about these cases. They are living in close society. Write them. Call and see them, every word is true, true as gold.

Dr. Washington has been visiting Ottawa monthly for five years with great success.

Dr. Washington will visit Athens on Oct. 14, forenoon, Gamble House; Oct. 18, forenoon, DeBrown Hotel; Newboro, Oct. 15, afternoon, Wright's Hotel.

The 4th anniversary of the Athens Baptist Church will be held (D. V. Sunday and Monday, Oct. 2nd and 3rd. Sunday services, morning and evening, Rev. J. W. Weeks, Smith's Falls; afternoon, Rev. W. E. Parley, (Meth.) Delta. Monday evening, tea and entertainment. Single tickets, 50c; double, 75c.

The Armprior Chronicle says that the laziest man existing within the borders of Ontario lives along the shore of Big Day, and spends his time fishing. He reclines on the bank in the shade, ties the pole to the dog's tail, and when his dog and the animal lands the fish.

Dr. Washington has just returned from his European trip where he has been visiting the principal throat and lung hospitals in London and elsewhere. "The Golden Square" throat hospital is considered the largest in the world, has a very eminent Dr. at its head, Dr. Frank Hovel, of Hoxley St. the assistant of the late Sir Morrell McKenzie in treating the Royal patient, Frederick the 1st, of Germany. Dr. Hovel not only enabled Dr. Washington to visit all the wards and get an insight into important cases, but gave him a line to Kenneth Morrell McKenzie who is in charge of the largest ward in the London Hospital with its 800 beds and 113,000 out-door patients that get treatment per annum.

Brockville Cheese Board.

Special to the Reporter.—THURSDAY, SEPT. 8.—There was not much business done on board today, the offering was less than 1000 boxes of white and colored goods. Salesmen were not anxious to sell a portion of their goods preferring to make out and ship up the weekly trip to Brockville. There has been a large number of the factories sold out either offering during the week and others will do likewise to-day as the market holds fairly good. 10c. seems to be the price at which cheese is being sold on contract. A few not getting a point or two extra on last month.

There will not be any meeting on Thursday next as the officials thought it best to give every person an opportunity of attending the fair at Unionville. We think likely the following Thursday cheese in this part of Ontario will be contracted. It is possible that next meeting of board will be the last for this season when the President's annual banquet will be in order. Cable message reported 40¢ as the basis of Liverpool market for white and colored goods.

Dear Yengo & Escott Council.

The council met at the township hall on Friday evening 9th inst. Members all present. Minutes of last meeting read and confirmed. Reports of the commissioners for repairing the bridge at Jno. Rodmond's and Jonas Steacy's were received and the bills ordered to be paid. Rodmond's bridge \$8, Steacy do \$14.20.

By-law for levying rates for the present year was read a third time and passed, the amount to be levied as follows for purposes: \$877.75, township, \$609, Railway \$903.75, high school debenture \$240, high school \$1050, special public school grant \$856.62.

By-law for appointment of Collector was filled with the name of Albert W. Johnston at a salary of \$95 and received three readings. Council adjourned until Thursday December 15th at 10 o'clock, forenoon.

R. E. CORNELL, Clerk.

GRADED BY PROSTRATIONS.

A Peculiar Religious Experience—A Candidate for the Methodist Ministry Taken to the Kingston Asylum—Other Cases.

At the camp meeting lately held at Wolford there were one or two cases of what is called prostration—a peculiar religious experience of many people which shows itself in the utter physical collapse of the person who is seized by the religious excitement and falls to the ground trembling and sometimes unconscious. Rev. Mr. Horner, a travelling evangelist, is closely identified with the movement. On Tuesday last, says the Rideau Record, a commotion was caused in the camp-meeting by the restoration of Mr. Bradley. Some of the managers attempted to carry off the grounds the prostrated man, but the believers in this peculiar experience demanded that the man should be restored to his prostrate position, and to save serious trouble he was left alone. In the afternoon a young man named Westgate, of near Pembroke, was similarly stricken down, and became insane, and at the time of the last issue of the Record the unfortunate young man was still violently insane. It took three men to hold him and the physician said that unless he was quietened soon it would be too late for his restoration. His reason, Rev. Mr. Phillip preached in the afternoon on the grounds and denounced the prostration movement, saying it was hysterical without religion. There is considerable excitement in the neighborhood over the matter, but in spite of the unfortunate occurrence, the restoration of his reason, a despatch from Kingston, dated Sept. 12th, says in reference to Mr. Westgate's case: Mr. Charles B. Westgate, a candidate for the Methodist ministry, has been brought to Rockwood Asylum, having lost his mental balance while attending camp meeting at Irish Creek, where prostrations are practised by enthusiasts professing sanctification or holiness. He was brought here bound hand and foot and very much exhausted because of his exertions. The young man is highly spoken of. He became inoculated with the doctrine of sanctification in the commencement of the Holy Spirit, and went to the meeting with a determination to secure the evidences, and wrought himself to such a pitch as to unbalance his mind. Dr. Clarke says the young man was very much upset when brought in, but is now quieter. The superintendent has been stating hopes that he will not be long in recovering. He was a student at the Wesleyan Theological College, Montreal.

Reports of several cases of prostration at the Lanark camp meeting have reached here, and it is said that one woman walked the road all out night last week, shouting in a manner that indicated the loss of her reason.

DR. WASHINGTON
Graduated in 1822 as M.D. from the University of Pennsylvania, with honors, the same year he commenced the study of medicine, and in 1824 he was licensed to practice by the Pennsylvania State Medical Society. Since 1830 Dr. W. has been in the service of the United States Army, and has taken special notice of the treatment of the Throat and Lungs. The patient represents a Throat and Lung Surgeon of 71 McNeal St., Toronto, will be at the following places on the dates given:—
Athens, Sept. 22, forenoon, Gamble House.
Newboro, Oct. 15, afternoon, DeBrown Hotel.
The Dr. has been compelled to make more frequent visits owing to his largely increasing Throat and Lung cases.

Symptoms of Catarrh.
Incapability to catch cold in the head. A feeling of lightness across the bridge of the nose, with occasional sneezing or a watery nasal passage. Accumulation of mucus which is discharged by the nostrils, or drops from the throat. Pain in the throat, especially over the eyes often in the back of the head. At times dyspepsia. Pain in the chest, in severe cases a dull, drowsy, sleepy feeling in the head. Pain in the throat, and sometimes a protruding and distorted appearance of the throat. Pain in the throat, and sometimes a protruding and distorted appearance of the throat. Pain in the throat, and sometimes a protruding and distorted appearance of the throat.

[Armprior Chronicle]
Dr. Washington, the distinguished Throat and Lung Surgeon of Toronto, has proved himself to be the most successful in the treatment of the throat and lungs. He has cured many cases of the throat and lungs, and has been successful in many cases of the throat and lungs. He has cured many cases of the throat and lungs, and has been successful in many cases of the throat and lungs.

[Ottawa Free Press, Feb. 14, 1891]
The name of this eminent throat and lung specialist is now a household word in many homes in this city as well as many other cities in the Dominion where he has visited in his professional capacity. At the same time a large number of our citizens who were suffering from diseases of the throat and lungs and whose cases were pronounced incurable, Dr. Washington was invited to come to this city and treat them. These visits were most successful and about four years ago. His success since that time has been phenomenal and he has cured many cases of the throat and lungs, and has been successful in many cases of the throat and lungs.
