And why? because having a large trade in these lines we give special attention to the buying, dealing only with manufacturers, and getting closest cash prices.

Dr. Washington.

Dr. Washington, the distinguished throat and lung surgeon of Toronto, has proved himself equal to the situation in his capacity. On Oct. 22nd last he operated on Mrs. Shaw, of Castleford successfully, in removing a very large tumor from the nose, without causing much pain. Mrs. Shaw speaks in the highest terms of Dr. Washington's skillful operation, and more especially does she feel grateful because it had frequently threatened her life by bleeding. Then again on the 5th of January, during his last visit, he operated on Mrs. Piper, of Powassan, a lady who lives 250 miles from Arnprior, for the removal of a similar tumor, with equal success. Dr. Washington is building up a large practice in and around Arnprior, and in fact the whole country. All who are afflicted with any disease of the head, throat or lungs should not delay or allow such an opportunity to pass. Those the above mentioned cases, were operated by Mrs. J. C. Mitchell, of Jefferson, Texas, over three thousand miles from Arnprior, having been recommended by her brother who had been cured of cancer a number of years ago by the Dr. Dr. Washington advertises—his only aim is in letting the people know about the facts.

Sad Accident.

CHERRY, Sept. 30, 1892.

A little girl of W. Percival was badly burned at work by getting between a hot stove and a boiler.

She was left in the house with her sister, six years old, who went upstairs. While she was gone she baby, two years old, set her clothes on fire.

Her father and mother heard her screams and ran in and put her out, but her hands, arms and feet were badly burned.

The body was awfully burned. Dr's Mallory, of Delta and Cornell, of Athens dressed the burns, but had no hope of her recovering. She lingered on till last night, when she fell asleep to awake in glory, there to await the coming of her father, who a little while since died.

The funeral services will be held in Harlem church to-morrow, Oct. 1st. The stricken family have the deepest sympathy of their many friends in this great sorrow; but God alone can bind up the broken hearts. May they feel that He is with them in their hour of greatest need.

Never will the writer forget the sweet picture the little darling made in the tent (while Miss Mason and Birdsell had meetings here), as she stood on the platform with one foot on the railing, in baby imitation of the little girl who said, "her mother thought how soon she would be called home to the God who gave her."

Dr. Hovel not only enabled Dr. Washington to visit all the wards and get an insight into important cases, but gave him a line to Kenneth Morrell McKelvie who is in charge of the largest ward in the London Hospital with 180 beds and 115,000 out-door patients that get treatment per annum.

Dr. Washington.

In another column Dr. Washington, Throat and Lung Surgeon, Toronto, fully explains the symptoms of Catarrh and in three instances he gives cases of the most wonderful character.

Miss Annie McCuag, of Ottawa East, now, but formerly of Casselman, cured of Asthma, a bad case, given up to die by first class doctors, but cured in the best state of health.

Mrs. L. D. Monroe, of Moose Creek, St. Catharines, cured of the worst cough. Her soft palate was all eaten away and had been pronounced incurable by the general practitioners, as well to-day as ever she was.

He went to Europe and tried everything at home and abroad as he states without receiving a practical benefit. Cured by Dr. Washington. No hum-bugging or guess-work. They are living in c.o. success.
