For some years I was troubled with Catarrh of the head and throat, until my life became a burden. In the afternoon I always became hoarse and throat painful, and in the morning the discharge from the throat was profuse. After trying everything, I heard of Dr. Washington, got his treatment, and was as well as ever in six weeks. This is now three or four years ago, and I am at present in excellent health and have had no trouble since of Catarrh.
